# DEPARTMENT OF PHYSICAL EDUCATION SHOWS GREAT GROWTH SINCE 1921

William and Mary.

L. TUCKER JONES HEAD

Department Has Turned Out Years, Enrollment Now Seventy Five.

Continuous growth since its reorganization in 1921 has been shown by the department of physical education during the second semester when Dr. at the College of William and Mary. Douglas Southall Freeman will give Great strides have been made, not only a series of weekly lectures on World in the number of courses offered and Affairs. The first lecture will be dein the enlargement of the faculty, but livered in Phi Beta Kappa Hall at in the increase in the facilities used 11 a.m., February 12th, and the seby the department.

its present basis in 1921 when L. Tucker Jones was engaged for part time teaching and there was established for the first time the teaching requirements of the West Law. The following year Mr. Jones was engaged for full time teaching, being appointed director of the department with a staff of three instructors. Since that time, numerous additions in the course of study have been made to the department. The high quality of the work is evidenced by the success of athletic teams at the college and individuals in competitive sports and in positions received after their gradu-

All men and women of the college are required to complete two full years in gymnastics, dancing and sports. A full semester of this work is devoted to leadership of boys and girls activities. Upon completion of this work a student may continue his the best life of Lee ever written and or her study in physical education and the nation-wide demand for it has far acquire a major in physical education, exceeded the author's expectations. preparing for teaching in school or college. In addition to the depart-Wheeldon for hospital or private practice. This latter course, which is apof Dr. Wheeldon and in hospitals.

# Has Trained Staff of Instructors DR. DOUGLAS S. FREEMAN WILL LECTURE HERE WEEKLY NEXT SEMESTER

Many Graduates In Fourteen To Talk on World Affairs at 11 a.m. Every Tuesday in Phi Beta Kappa Hall.

An event of outstanding interest will take place at William and Mary ries will be continued throughout the DR. LYON G. TYLER TO The department was organized on second semester on the same day each week and at the same hour as the first lecture.

Dr. Freeman, the brilliant editor of the Richmond News Leader, is probably the best informed man in America on world affairs. His weekly editorial, commenting on world policies and social movements, is widely read.

He will devote each lecture to the discussion of the affairs of a prominent nation and will center his lecture around the present influence of the man now in power in that nation.

For instance, his lecture on Italy will naturally bring out the influence and power of Mussolini in that country and Hitler's regime in Germany will be reviewed when Germany is discussed.

Besides being an editor and lecturer of great note, Dr. Freeman has recently issued the first two volumes of a four volume biography of Robert E. Lee. This book is regarded as

#### **ALUMNI DAY** June 8th

As previously announced in these columns our exercises on Alumni Day this year will be in honor of Dr. Lyon G. Tyler, president of William and Mary from 1888 to 1919, a period of 31 years.

Dr. Tyler says, "It will be the most agreeable thing in the world to meet the boys of William and Mary who were there during my administration. It is sufficiently suggestive of the value of the work at that time that such a large percentage of our public men of today trace to those days."

Details of the exercises for the day will be printed in later editions of the Gazette.

Make your plans now to be here.

# GIVE LECTURES HERE

3 p.m., in Phi Beta Kappa Hall, Dr. Lyon G. Tyler, the beloved Presidentstart a series of ten lectures on the and of Kappa Sigma fraternity. lives of famous William and Mary the same hour until the series of ten is completed.

# BIG CHRISTMAS PARTY

LARGE ATTENDANCE

The William and Mary Alumni Club great contribution to the education of '24, president, gave a Xmas Party on the night of December 28th that turned out to be the largest gathering in the metropolitan area. The attendance was 180, a large majority of whom were W. & M. alumni and students at home for the holidays.

> The party was held in the Madvania and music was furnished by Hal Kemp. Supper was served at 10:30 p.m., after which dancing and good cheer was the order of the evening.

Mr. Quaintance writes that much '35, and Sue Stickel, '35, now students It is recommended in the preface at William and Mary and who spread

## ALUMNI AND COLLEGE ATHLETICS

Inter-collegiate football has secured a grip on a certain class Nash, Jr., '33, of Blackstone, Va., were he sought out Henry Billiups for the passing from us is a serious loss. of the American people that promises to last for a long time to married on December 22, 1934. come. From early September until Thanksgiving this great American game throws a zest and zip into the atmosphere that to a lot of people makes life more worthwhile. From Canada to the Gulf and from the Atlantic to the Pacific a sizable army of young men, the very flower of the young manhood of the country, go into action and there is color and life and heroic work on a hundred battlefields every Saturday afternoon for months. Millions of college alumni and their friends attend these games and of Bluefield, Va., and Mr. Joseph H. for 1934 were from Mr. Z. G. Durfey, Va., since her marriage. are provided thrills that no other sport can offer.

At the end of the season the young men who have provided this great pageant of American life lay aside their battlefield equipment and merge with the student bodies of their respective institutions. Although they have given the show and have gone through a gruelling training every day in the week to make such Michigan this session. perfection as modern football possible, they are not heard from again until the next fall. This silence on their part is a great

tribute to their modesty and seriousness. And then comes the aftermath of the season on the gridiron. Here and there all over the country are rumors of dissatisfaction with this or that coach and other athletic officials of the college involved. The results of the season have not been satisfactory. Alumni of the institutions affected are blamed for the discontent. And they have not been accused falsely, though in many cases of this kind the students themselves have sensed that something is wrong and needs righting.

Thus comes up the question of what part the alumni of a college should have in the athletic policies of that college. We this session, were married last spring. eral Child Labor Amendment over the believe that the college should have the last say in all matters of athletic policy. But on the other hand we believe that the alumni should be taken into consideration and that they should have representation in the athletic councils of their Alma Mater. ried January 12th in Bruton Parish The value of alumni sharing the responsibilities of making athletic Church. Lieut Alspaugh is a gradupolicies and of running the athletic department are obvious. The ate of West Point. alumni who participate in this part of college life are usually men of sound judgment and business ability. They are more likely to be in touch with public sentiment than are men who spend all FERA class in cooking and homemaktheir time in an academic atmosphere and football particularly, ing at the Matthew Whaley High rian of the Annapolis Public Library. is the college's one great contact with the alumni of the college School, and the public at large.

Furthermore, alumni of many colleges have rendered their Miss Willie Lee Rogers, '29, of of the College Women's Club of An-Alma Maters a real service when they have voiced their dissatis- Freeman, Va., was married on Jan- napolis and Anne Arundel County. faction with athletic conditions. If inefficiency exists in an ath- uary 1st to Mr. Orlaw Louis Smith letic department the alumni will detect it much quicker than the of Pierre, S. D. average college administration and will press for changes whereas the administration would rather let the matter drift than to use the pruning knife.

As long as football has the hold it now has on college students, alumni, and the general public, we believe that its guidance along sane paths should be the mutual responsibility of alumni Daily Press of Newport News, Va. and college officials.

The University of Virginia has recently cut loose from its alumni in the operation of its athletic department but until she er leaving College studied law and re- Hampton, Va., was married on Janubegins to turn out athletic teams in keeping with her prestige turned to Mathews and later moved ary 2nd to Mr. George Franklin Felas an academic institution our sympathies will be with her alumni.

# GIVE LECTURE HERE

#### (Continued from page 1)

Dr. Tyler's coming lectures will undoubtedly contribute a great deal to what already has been written about famous William and Mary alumni. His work along this line has always been thorough and most interesting.

Alumni of the College are cordially invited to attend any or all of the lectures.

**EDUCATION SHOWS GREAT** GROWTH SINCE 1921

(Continued from Page 1)

Last fall the department of physical education, through additions to its staff, was able to reorganize its Her hobby is horse back riding and intra-mural program. This program is made up of 42 activities and is somewhat novel in that there are included a number of social games and sports as well as more strenuous forms of athletics and is perhaps the only program governing both men and

Large Enrollment

Popularity of the courses in the department shows that there are 75 students enrolled in the major department. This means that 75 persons see a big enough future in the teaching of physical education and in the high standard of the department at William and Mary to take their courses here.

Eight seniors are included in the major department this year, with fifteen juniors, the remainder being sophomores and freshmen. The number is about equally divided between men and women while the same proportion exists as between Virginians and those from other states.

graduates are married and nine other old William and Mary. graduates are in business.

He has been professor of physical education at St. John's College in Brooklyn, director of the Hollywood Inn Club, director of physical education in Richmond aging to an Alumni Secretary. ical education at William and Mary qua School of Physical Education, the Bouve School of Boston and has held prominent positions in the physical education world. He is one of the country's leading fencers and coaches that sport at William and Mary. He at the college.

Miss Martha Barksdale, assistant professor of physical education, has been a member of the staff since 1922. She has studied at the Chautauqua School is an alumnus of William and Mary and a graduate of the Gymnastic People's College of Denmark. Joseph C. Chandler is track coach, assistant professor of physical education of Columbia University.

Facilities

Progress in facilities has kept step Miss Alsop is a member of the fol- ern Language Association of Virginia with the growth in enrollment and but one athletic field, one gymnasium, rell, '97; Jackson Davis, '02.

J. Wilfred Lambert, Instructor in an undersized swimming pool and three improvised tennis courts.

Today there are two gymnasiums, two swimming pools, four athletic fields and fourteen tennis courts. With the completion of the planned Activities Building, additional equipment will be added. In this new building there is planned, among other things, a large gymnasium, a swimming pool, two squash courts, a salle d'armes, a dance studio and ample dressing facilities. There is also on foot plans to provide four new tennis courts and two intra-mural fields for men.

## ALUMNUS LIKES GAZETTE

19th January, 1935

Dear Mr. Taylor:

I enjoyed so much reading the last edition of your paper. It must have been highly interesting to every friend of Wm. and Mary college. The splendid editorial "To William and Mary Alumni and Alumnae" was very interesting and I feel sure will bring many new members to the Alumni Association. I have been a member now for quite a while and I never invested any money in my life that brought me more real pleasure. If I was not already a member I should certainly join after reading this paper.

The letter from D. Gardiner Tyler should make every friend of the college feel proud of him. It was my pleasure to meet this young man the year he graduated and I decided then that some day his name would be enrolled among the list of her eminent sons. I shall always be proud that the opportunity offered itself that I Graduates of the department have might be enrolled among its students. secured excellent positions for them- No college in America offers such an selves.
