President John Stewart Bryan Delivers Inspiring Address at Convocation in Phi Beta Kappa Hall.

The 243rd session at William and Mary is now well under way and students are settling down to study with a feeling that this will be a very happy and profitable year for them and for the College.

Registration for the semester is about 1150 with 500 of these freshmen and transfers. The registration of these students occupied nearly a full week but was one of the smoothest in years. The spacious administration quarters in Marhsall-Wythe Hall were a great help in this respect.

The freshman class, which is one of the best in the history of the College, reflects the great care that the administration used in selecting it.

As the freshmen registered each one was assigned to a faculty advisor; each one was greeted personally by President Bryan; and Professor Lambert, Dean of Freshmen, directed the orientation process. By groups they were given lectures on the Honor System at William and Mary and on the use of the library. Also by groups they attended picnics in Matoaka Park, and a dance and reception was given to the whole class by the College. Through the management of the R.K.O. Theatre each freshman was given a free admission pass to see "China Seas."

President Bryan spoke to the class in Phi Beta Kappa Hall at which Mr. Bryan. time he welcomed them to William and Mary, explained the spirit of this old institution, and gave them some valuable advice.

The new session was formally ushered in on September 26th with a Convocation in Phi Beta Kappa Hall which was preceded by an academic

Honorary Degree Conferred on John Lloyd Newcomb, '00, President of U. of Virginia.

September 21st was a day that will be long remembered at William and Mary not only for the blistering sun that made football almost impossible and poured its merciless rays down on the 6500 people who went out to see the football game in the new stadium, but for the good will and cheer that attended the visit of the University of Virginia football team and its backers to this campus for the first time in history. And heading that delegation was a loyal and distinguished son of William and Mary, John Lloyd Newcomb, '00, who had come back for a well deserved honor from his Alma Mater, the honorary degree of Doctor of Laws, conferred for the first time by the College upon another distinguished alumnus, Thomas Jefferson.

The exercises conferring the honorary degree on Dr. Newcomb and the dedication of the new stadium were attended by many distinguished citizens of this State and of Maryland. Included in the group were the Board of Visitors of both Virginia and William and Mary, the governor of Maryland and his party, and Dr. Douglas S. Freeman, editor and author. President John Stewart Bryan entertained them at a buffet luncheon at the president's house, the home of every president of William and Mary from the Rev. James Blair to

### DR. SWEM, LIBRARIAN, RETURNS TO DUTIES AFTER 4 YEARS ABSENCE

Has Completed and Published Virginia Historical Index Containing Over One Million Page References.

Dr. Earl Gregg Swem, librarian of the College since 1920, returned here in September after a four years leave of absence to resume his duties as head of the library. During his four years absence, Dr. Swem has completed a monumental work in compiling and publishing the Virginia Historical Index. This work is in two volumes, large quarto, and contains 2200 pages. There are 1,300,000 page references in the two volumes. Nine pages are devoted to references in various publications to the College of William and Mary.

Indians Have Won Two Out of The Last Three Games But Expect Hard Battle.

#### LARGE CROWD EXPECTED

Alumni Will Present Henry Billups With Watch, Chain and Bell Through Col. John W. Wright, '95.

The program for Homecoming Day, November 2nd, is practically completed and a large crowd of alumni are expected for this annual event.

The game with V.M.I. is, of course, the central attraction of this occasion but there will be other events on the program that will appeal to those who come back here for that day. The game should be a thrilling one in every respect. It will be the first time V.M.I. has ever played on the Indians' home grounds and both teams should be in mid-season form. William and Mary will be thinking of the defeat at Norfolk last year and V.M.I. will be trying to repeat. That feeling will insure plenty of thrills for the supporters of both teams.

The first football game between William and Mary and V.M.I. was played in 1905 when Dr. George Hankins, now living in Newport News, was captain of the W. & M. team. There have been fourteen games with V.M.I. altogether and they have twelve victories to W. & M.'s two. But since the two teams renewed relations in 1932, after a lapse of thirteen years, William and Mary has won two of the three games. A win Swem also edited the William and on November 2nd will give William and Mary complete ascendency in the new series. The outcome of the games between 1905 and 1919 can be forgotten now that V.M.I. and William and Mary are battling each other on more even terms.

Before the game, which is scheduled for 2 p.m., the College will serve luncheon for all alumni. It is hoped now that this event will take place in Matoaka Park along the waters of Lake Matoaka. #### HOMECOMING DAY

William and Mary is again expecting her sons and daughters to pay her another visit within the present year. The occasion this time is Homecoming Day which falls on Saturday, Novem-

The last general gathering of the alumni at this ancient institution was June 8th, Alumni Day, when forty-seven classes were represented in the largest group of alumni ever to visit the College at any one time.

November 2nd may see this great and outstanding record broken. Those who were here a year ago this fall were thrilled with the fine spirit of that Homecoming Day and will hardly miss this next one. It only remains, therefore, for those who could not get here last year to be here this time to make this Homecoming Day the most successful of all.

For the first time in history the V.M.I. football team will play on Cary Field and this will be a drawing card for many alumni. It should be one of the best games in the State this

A program has been arranged for the day that will bring the alumni together on several occasions when they may mingle in good fellowship.

The two days set aside each session for the return of the alumni en masse to William and Mary are eagerly awaited by the students, the faculty and the administration. A hearty welcome awaits you and we are happy at the opportunity to demonstrate that welcome.

Come back and let's make November 2nd another great day in the alumni history of the College.

This building and furnishings have been made possible through a PWA loan and grant of \$174,000. The build ing, which is strictly fireproof, is constructed of flemish bond brick and is in complete harmony with the other college buildings. The interior woodwork is American walnut and the walls are tinted colonial delft blue. The flooring on the first floor and corridors is black and white marbleized rubber tile. All radiators on the first floor are concealed. Torazzo flooring is used on the second and third floors and corridors. The building is equipped with all modern conveniences, including an ice water cooling system and drinking fountains, electric clocks, venetian blinds and a PBX telephone switchboard. The offices contain built-in book cases, stain the Treasurer's and Registrar's offices, and large storerooms. The counter in the Treasurer's office is surrounded by a bronze grill.

The second and third floors will be used for classrooms.

In the same mail came letters recently from W. W. Woodbridge, '02, Seattle, Washington, and F. J. Bowden, '08, Hanford, California, stating that they would be here for Homecoming Day, November 2nd.

They do not know each other and each will be ignorant of the other's intention to be here on November 2nd until they see this issue of the Alumni Gazette. Though they are 3000 tionary cabinets, counters and vaults miles, or more, from William and Mary it is significant that the thoughts of both were upon their Alma Mater at the same time and in. the same connection.

#### BALTIMORE MEETING

The Baltimore alumni of William and Mary, carrying out an annual custom of getting together before the William and Mary-Navy football game, met in Baltimore on the night of September 27th.

The meeting was well attended and a very enthusiastic one. Dr. William A. Sinton, '21, who is president of the organization, presided and kept things going by his cheerful and witty comments as he introduced those who spoke during the evening.

A. Ray Simmons, '27, efficient secretary of the club, did some fine preliminary work in getting the alumni to the meeting.

Among the speakers on this occasion were Charles J. Duke, '23, Bursar of the College; John Tyler, '07, professor of Math at the Naval Academy; H. G. Chandler, '18, of Richmond, Va.; Lt. Alvin Chandler, '19, of the U. S. Navy; Col. John W. Wright, '95, Headquarters Third Corp Area, U. S. Army; Dr. Amos R. Koontz, '19, former president of the general alumni association; Mrs. Robert Tomlinson, formerly Miss Mab Stubbs of Williamsburg, and whose husband is an alumnus of William and Mary, class of 1916, and Chas. A. Taylor, Jr., '09, Alumni Secretary.

Mr. Duke made a splendid talk on William and Mary and Col. John W. Wright amused the gathering with many anecdotes of the 90's, in some of which, Henry Billups, janitor of the College for 45 years, had a prominent part. Others on the list of speakers voiced their loyalty to William and Mary and helped to make the meeting one of the most successful of the Baltimore gatherings of recent years.

#### FRATERNITY SCHOLARSHIP

Scholarship records for the last semester of last session have been released by the Registrar's office and show the standing of each fraternity and sorority on the campus. The figures show further that the sororities had a higher average than the fraternities and that non-fraternity men led fraternity men in scholarship. On the other hand the sorority women led the non-sorority women by nearly three

#### VARSITY FOOTBALL W. & M. 0-Virginia 0

The football game here on September 21st between William and Mary and Virginia was a gruelling experience for both teams and the result 0 to 0. Terrific midsummer heat and a few weeks of practice made good football impossible. However, the Indians broke the stadium dedication jinx by not losing the game. But the jinx which has kept William and Mary from crossing Virginia's goal line or scoring a single point on them in seven games remains unbroken. The excessive heat was almost as hard on the spectators as it was on the players, a number of whom lost from 10 to 20 pounds during the afternoon. Cold drinks dispensed at the stadium, sold so fast that the supply was exhausted before the game was over and ice water was vended during the last minutes of the game.

The game demonstrated that Virginia has a team far above the average for the past few years and that William and Mary has a squad from which a mighty good team should be

Fumbling and poor punting on both sides marred the game. Blaker, quarterback for William and Mary, dropped four Virginia punts, one of which put Virginia dangerously close to William and Mary's goal and one of which he recovered and rank back 26 yards.

William and Mary had the best opportunity to score but lost it when Ames dropped a forward pass while standing on Virginia's goal line.

/ Virginia made 8 first downs to William and Mary's 2, but all through the game the Indian defense was too strong for them to score even when they got as close as the 10 yard line.

Szumigala, the fleet 195 pound sophomore fullback for William and Mary, who is expected to develop into an outstanding player, played a splendid defensive game and electrified the crowd with a 50 yard return of one of Virginia's punts. Otis Bunch, another sophomore, also showed class and should be a star here in the fu-

Male and Martin, Virginia backs, were outstanding. Capt. Leys, end, also played a star game.

The Indians have lots of strength this year and should show some rea! football by the time they strike V.P.1. in Richmond on October 12th.

#### W. & M. 0-Navy 30

Three powerful Navy teams, one about as good as the other, were too much for the limited reserve strength of the Indians on September 28th at Annapolis and the score stood at the end of four gruelling quarters, Navy 30-W. & M. O.

It was a colorful contest with 12,000 | cerning it. looking on and the Middies cheering their teams and hoping that this largest score ever made on a William and Mary team in eleven games might be an indication of what Navy will do to Army on November 30th in Philadelphia.

Navy was stunned three years ago when William and Mary took the game that year 6 to 0 and it seems that they are trying to make up for that blank defeat.

But the best of feeling prevails between the two schools and all representatives of both and the contest is one that William and Mary looks forward to each year with pleasure.

The one-sided score of this year doesn't show some of the flashy and thrilling play of the Indians. Many times the brilliant running and passing of Captain "Stumpy" Bryant and Otis Bunch had the Navy worried Bryant passed once to Trueheart for 45 yards. The Indians continue to fumble which has marred the first will hold that stride for the remainder of the season.

#### W. & M. 0-Army 14

In one of the fiercest defensive games ever put up by a William and Mary team, the United States Military Academy with a powerful squad, was forced to the very limit to hang a 14 to 0 defeat on the Indians on October 5th at West Point.

Tommy Dowler was generous with his praise of the whole squad, every one of whom saw action in this game.

Some idea of the W. & M. defense can be gained when it is remembered that the team held Army twice on the 2 yard line and took the ball on downs. It took all Army had to make the second touchdown five minutes before the game ended. The ball was on W. & M.'s 10 yard line and Army had to make three line plays and a pass to score.

In the first quarter Army used long passes to their 6 ft. 3 in. end, Captain Shuler, to gain and even at that it was late in the second quarter before the first score was made. The last score was promoted by Craig, star Army back, who made several long

William and Mary unleashed a passing attack in the second and third quarters. Otis Bunch was passing to Zabel, Coiner and Trueheart. Coiner had an open field on one of these passes but could not hold the ball.

Ames and Bunch were outstanding in the backfield, Captain Bryant playing only a few minutes on account of a previous injury and Szumigala went out in the third on account of injuries.

and once ran 38 yards around Captain Shuler's end.

In the line McGowan, Marino, Le-Grande, Davies and Hadtke played splendidly.

The fierceness of William and Mary's play was demonstrated conclusively by Ned LeGrande, star tackle. On an Army play LeGrande found himself tackling King, Army halfback. When they separated Le-Grande was in possession of that part of King's sweater bearing his number 41. LeGrande nonchalantly stuffed it in his trousers and brought it back to William and Mary as a relic of a real football game.

Quarterback Hern, a red head, ran the team well, carried the ball himself successfully and did some of the prettiest punting anyone would want to see. He can place his punts with considerable skill.

These freshmen should win some more games this fall and send some mighty good men up to the varsity next year.

#### BAR EXAMINATIONS

The Virginia Bar examination for only 98 out of 298 passed it. The casualties for the whole group were 66 2|3 per cent but the William and Bunch did some beautiful punting | Mary group came through with flying colors. Out of twelve William and Mary men taking the examination, nine, or 75 per cent, were successful. Nine of the twelve studied law here and of this nine seven passed the test. Eight of the nine hold academic degrees from the College.

The William and Mary men who passed the examination are:

Alvin Gentry, '35; Ernest W. Goodrich, '35; John Penello, '34; Mark Woodward, '34; Eldon James, '34; Cecil Harper, '34; Robert T. Armistead, '35; Henry DeJarnette, '28; and Robert Bauserman, '28.

#### MONK LITTLE PRAISED

Seldom has an athlete at William "Mark Hopkins sat on one end of a and Mary or elsewhere received more praise and newspaper publicity and borne it more modestly than Henry Moncure (Monk) Little, who graduated here in June. We quote herewith an editorial from the Richmond-Times-Dispatch on his performances at William and Mary and take this opportunity to wish "Monk" the success that he deserves in life.

Phi Beta Kappa Athlete

"A note of appreciation: HENRY MONCURE (MONK) LITTLE of Phi Beta Kappa. He is in all probability the greatest athlete the State has ever turned out. At least, he has gained more national recognition than any other. He shines in the broad jump, the javelin throw, the 100- and 200-yard dashes wherever collegiate athletes meet.

"MONK" LITTLE, besides being a good athlete, is a good student, and his Phi Beta Kappa Key was earned by his work in an engineering course. His chosen sport of track and field is the most amateur in America, perhaps. Colleges in these parts do but little of subsidization, and the glory that accrues to the ordinary plugger isn't worth much. So LITTLE has attained some deserved share of national fame the hard way.

Track in Virginia hasn't captured the imagination of the public. Watching it involves a certain tedium, and then, too, it is generally run at that time of the year when baseball, tennis and golf are at their best. It suffers from lack of adequate gym-Others of promise are: Jack Young, nasiums in which to build up a follow-

Drewry Jones, a brother of W. G. Jones, '76, now living in Richmond, and an uncle of A. Drewry Jones, '10, of Williamsburg. We submit Mr. Salle's letter as further evidence of the spirit that permeates the alumni body of this College:

Hallsboro, Va. Sept. 23, 1935

Dear Mr. Taylor:

I have the last edition of the Alumni Gazette and it is truly an interesting number. I was not only attracted Are peacock feathers to deck a daw to the notes on current events, but especially instructed by the the fine and illuminating address in honor of Dr. Tyler. When in July, 1881, I left William and Mary it was fast You may boast of your age and your sinking into decay, and I think but for the inspiration and exertions of Dr. Tyler it would have been extinguished as a vital institution, and exist only as a memory glorified by a great past. I am sorry not to have been with you on Alumni Day, when so many classes were represented. Would like to have seen Magruder Powell, whom I knew and liked. There could not have been a vestige of recognition after fifty-four years had traced and altered our features. My most intimate of the students were Carter Harrison and my classmate, Drewry Jones. Jones was a versatile scholar, alike proficient in the classics and mathematics, but his early death frustrated the promise of an eminent career. You will see it without noting, but I know the most appreciated item is my enclosed check for alumni dues.

With sentiments of high esteem, I

Yours truly, (signed) J. A. SALLE

"To your clear eyes there is yet no broad and hazy zone between right and wrong where the vast body of possible choice lies in a twilight grey I tell you this because the will and the power to do alike are your possessions, and above all because within your breasts you still bear, undimmed, the true light that lighteth every man that cometh into the world. The exercises conferring the degree on Dr. Newcomb were held out of has accepted a position with the Gray doors in the Wren Building Quadrangle. They were preceded by a colorful academic procession. In presenting Dr. Newcomb to Dr. James H. Dillard, Rector of the Board of Visitors of William and Mary, for the degree, President Bryan read the following citation: "Mr Rector:

"I present to you for the degree of doctor of laws, John Lloyd Newcomb, A.B., William and Mary, 1900; C.E. University of Virginia, 1903; president of the University of Virginia,

"Endowed with energy, guided by wisdom, his career has been marked by steady progress in learning, in teaching and in administration.

"Close associate and trusted counselor of Dr. Alderman, President Newcomb has seen the institution deepen its scholarship, increase its enrollment and widen its borders.

"Far-seeing and patient administrator, unvexed by detail and unsubmerged by trivialities, the inheritor but not the slave of tradition.

"The exemplar of the spirit not the narrow minister of the letter.

"Teacher of engineering and engineer of progress, never unmindful of the individual scholar, but always conscious of the corporate soul.

"He has built in his own life the character that gives most certain assurance for the present directions and the future growth of the University of Virginia, his second Alma Mater."

Dr. Douglas S. Freeman of Richmond, distinguished editor and author was the principal speaker at the degree and stadium dedication exercises. He spoke on William and Mary and the University and Jefferson's influence on each.

Before the game started at 3:15 p.m., President John Stewart Bryan's voice was heard over the loud speaker and the crowd forgot the terrific heat for a few moments and laughed at his opening remark that "the site of the new stadium was once the playgrounds of Indians who scalped the original Cavaliers of Virginia." He then introduced Dr. Newcomb who expressed the University's congratulations to William and Mary on her new stadium with the concluding remarks, "We are endeavoring to repay a century old debt, for a William and Mary alumnus was the father and founder of the University of Virginia and now a great alumnus of the Uni-President Bryan made an inspiring versity is the present guiding genius nus of both schools, all I can say on the occasion of this great football contest is, may the better team win."

> And then observing the amenities of the occasion the two teams fought to a scoreless tie.

The whole day was a most pleasant one and while no one can be blamed for the blistering heat, congratulation should go to Chas. J. Duke, Jr., Bursar of the College and Assistant to President Bryan, and to Billy Gooch, Athletic Director, for the smoothness and good will with which this outstanding event was begun and concluded.

### STORY OF W. & M. APPEAR IN GEOGRAPHIC

William and Mary and Williamsburg will be shown and described in a future issue of the National Geographic Magazine. About fifteen pages of the magazine will be devoted to pictures and reading matter on this subject. Many students, to be dressed in colonial costumes, have been chosen to take part in the scenes that will be photographed.
