## Cubic SECOR satellite surveyor makes first direct coast-to-coast measurement of U.S.

Cubic's SECOR, world's most precise satellite tracking system, recently completed the first direct "single-leap" distance measurement across the United States, from San Diego, Calif., to Herndon, Va. In only 10 seconds, the distance between these points was determined to be 3,628,300.5 meters, or 2,254.5 miles.

More important than actual distance computation was SECOR's ability to accomplish this historic feat. SECOR uses a satellite 600 miles in space to plot and measure the earth with amazing speed and surveying accuracy.

### "... a first order geodetic tool..."

After initial tests, SECOR won the highest praise of the surveying and mapping profession.

Army officials noted, "SECOR

has the full capability of a first order geodetic tool." In present operations, Cubic's all-weather SECOR system is successfully measuring distances between points of land separated by broad expanses of ocean.

### 29,000 "ranges" in six minutes...

During a typical satellite pass of six minutes duration, SECOR's four Cubic-built ground stations make approximately 29,000 measurements or "ranges" with 95% success. Within the SECOR satellite, a miniature 7-lb. Cubic transponder acts as a receiver-transmitter.

Tests prove that SECOR can extend control over distances exceeding 2000 miles with geodetic accuracy.

### SECOR's far-reaching applications...

Data gathered by Cubic's SECOR

will have lasting importance in the fields of geodesy, global navigation and satellite navigation. SECOR will have a role of major importance in space and defense programs requiring distance measurements with pinpoint accuracy. Information about the earth's shape and gravitational field is also being obtained.

SECOR is a product of Cubic Corporation, leader in the field of electronic measuring systems.

For additional information about SECOR, write to: Chief Scientist, Cubic Corporation, Department D-143, San Diego, Calif. 92123.

# William and Mary

1960  1965

*On the new campus of the College a bridge leads from nearby dormitories to the recently constructed William Small Physical Laboratory.*

*The President's Report:  
Addressed to the faculty, alumni,  
students, board of visitors,  
chancellor and friends of  
the college.*

## "A TRIBUTE TO MANY MEN"

MANY persons have suggested that a report be prepared for a longer period than that covered by the Annual Report of the President to the Board of Visitors in order to present a sequence of events and happenings at the College which might be reviewed in larger perspective. This Five-Year Report is, therefore, intended to accomplish that purpose by comparing, insofar as practicable, those facets of progress for the year 1959-60 with those culminating in 1964-65.

It is obvious to those who have worked closely with the College during these years that all of the developments cannot be incorporated in one report, and that those included must be condensed to a summary of highlights.

I wish to emphasize that many of the more promising developments were already in conception when I came to the College in my present capacity on August 16, 1960. Those subsequently achieved could not have been realized without the interest and dedicated support of so many of you to whom this report is addressed, as well as that of the Governors and members of the General Assembly during this period.

Without the assistance of the Society of the Alumni in underwriting the cost of printing this report, its distribution would not be possible. It is with deep appreciation that I acknowledge this, as well as so many

other acts of service rendered increasingly by the Society.

These five years at my Alma Mater have been exciting and thrilling. They have taught me how blessed one can be in such a position when he is surrounded by those much wiser than himself in achieving the daily tasks and long-time goals of an institution having so rich a heritage and so promising a future as William and Mary.

Thrice burned, twice submerged by tides of war in past centuries and sacrificially contributing to those of the present, this College has been blessed with rare unwavering vitality.

The contemporary scene may be gleaned, in part, from the facts and pictures of this report. That "something," however, which can never be caught and transferred through paper and ink is the imperishable Spirit of the College itself. It is this majestic thread that truly knits the generations, each to each, and recreates the immortal image of the College. Whether measured in the mute eloquence of reflection on days that were, or in eager anticipation of days to be, it binds forever the glories of the past with a promise of an illustrious future.

The key to what William and Mary becomes in the next five years lies in the personal responsibility which each of us undertakes in its behalf. The challenge is one of worthy greatness and excellence.

*President Davis Y. Paschall in a thoughtful mood as he ponders the achievements—and the challenges—that have marked the last five years.*

## *A Five Year Report*

# *Administrative Change*

*The Divisions in Norfolk and Richmond*

*come of age—two Jr. colleges emerge*

AN ACT of the General Assembly of Virginia in 1960 established the College of William and Mary as an integral part of the system then created under the title, "The Colleges of William and Mary." This system provided that the ancient College in Williamsburg, the Richmond and Norfolk Divisions, and the two newly-established junior colleges, Richard Bland at Petersburg and Christopher Newport at Newport News, be under the administration of a Chancellor and an enlarged Board of Visitors.

In 1962, the General Assembly dis-established this system. The Divisions in Richmond and Norfolk became independent colleges with their respective governing boards to be appointed by the Governor. These are now Richmond Professional Institute and Old Dominion College. This legislation placed the two junior colleges under the administrative supervision of a Chancellor or Co-ordinator with the responsibility for reporting to the Board of Visitors for these institutions, each of which has a Director. The Board of Visitors of the College of William and Mary was continued in its prior governing role as to duties and responsibilities and the President made responsible for reporting directly to it for the supervision and operation of the College as in the years prior to the inauguration of the system then disestablished.

### **College Self-Study—Basis for Administrative Reorganization**

As recognized in the Inaugural Ad-

*Dean of the College W. Melville Jones, now chief officer of the College under the President, forges new patterns of organization for a College whose responsibilities enlarge daily.*

dress of the President on October 13, 1961, institutions are, in the final analysis, the people who compose them, and the times now, more than ever before, require that institutions undergo self-examination if they are to meet their responsibilities to the individual as well as to the larger society which they serve.

This principle, when confronted with the aforementioned legislative changes in their full import on the life of the College, suggested that the time was propitious for the College to launch a self-study as a logical basis for charting of new directions, and planning its future within the

framework of clearly defined purposes and objectives.

Coincidental with this realization by the College for the need of a self-study, the Southern Association of Colleges and Schools agreed to schedule the year 1963-64 as the time for William and Mary to complete such a study, and thus comply with its recent accreditation requirement; namely, that each member institution conduct a self-study once every ten years, and the same be approved by the Association. It should be emphasized that the College had sensed the need for systematic self-examination, and the fact that the Southern Association

## A Five Year Report

"came along" at the time and provided the vehicle was coincidental, but most fortuitous.

Following procedures of the Southern Association, committees were chosen early in the session of 1962-63, and they assembled the basic data preliminary to intensive discussion and completion of the study by April of the 1963-64 session. The leadership for the study came primarily from the faculty and consisted of those possessing excellent scholarship, outstanding administrative ability, and long tenure and familiarity with William and Mary's great heritage and its present-day problems. In one way or another, the entire College became involved in this important undertaking.

The Southern Association, in accordance with its established procedures for such self-studies, appointed a Visitation Committee, composed of representatives of colleges and universities in the southern region, to visit the College in May 1964 and made an on-campus evaluation. The Report of the Visitation Committee

was received during the summer and, in many instances, including the need for reorganization, it was in agreement with the Faculty Report. On the basis of these recommendations, the President of the College recommended and the Board of Visitors approved a Plan of Reorganization essentially as shown in the accompanying chart.

### Highlights of the Reorganization

The reorganization provides stronger academic unity for the College as a whole. Under the new structure only four major officers report directly to the President—the Dean of the College, the Bursar, the Dean of Students, and the Director of Development. Under the old system some 21 deans and administrative heads, and 23 faculty committees reported to the President.

To alleviate the "strangled" position at the top of the administrative pyramid, the Board of Visitors approved a general reorganization centered around the establishment of a new Dean of the College. He became the

*The new administrative organization of the College, developed in 1964, is now in force. Its pattern is clarified in chart at right.*

second ranking administrative officer of the College and the chief academic officer. All of the areas which are primarily related to the overall educational program come under his general supervision.

The Bursar has charge of all budgeting, maintenance and capital outlay activities; the Dean of Students is responsible for the welfare, safety, and activities of the students; and the Director of Development coordinates certain public events and information, and external affairs.

In addition to the above, the plan provided for the establishment of a Dean of Graduate Studies who coordinates the College's rapidly growing advanced curriculum, and serves as Chairman of the new Graduate Council. He is assisted by a Coordinator of Research.

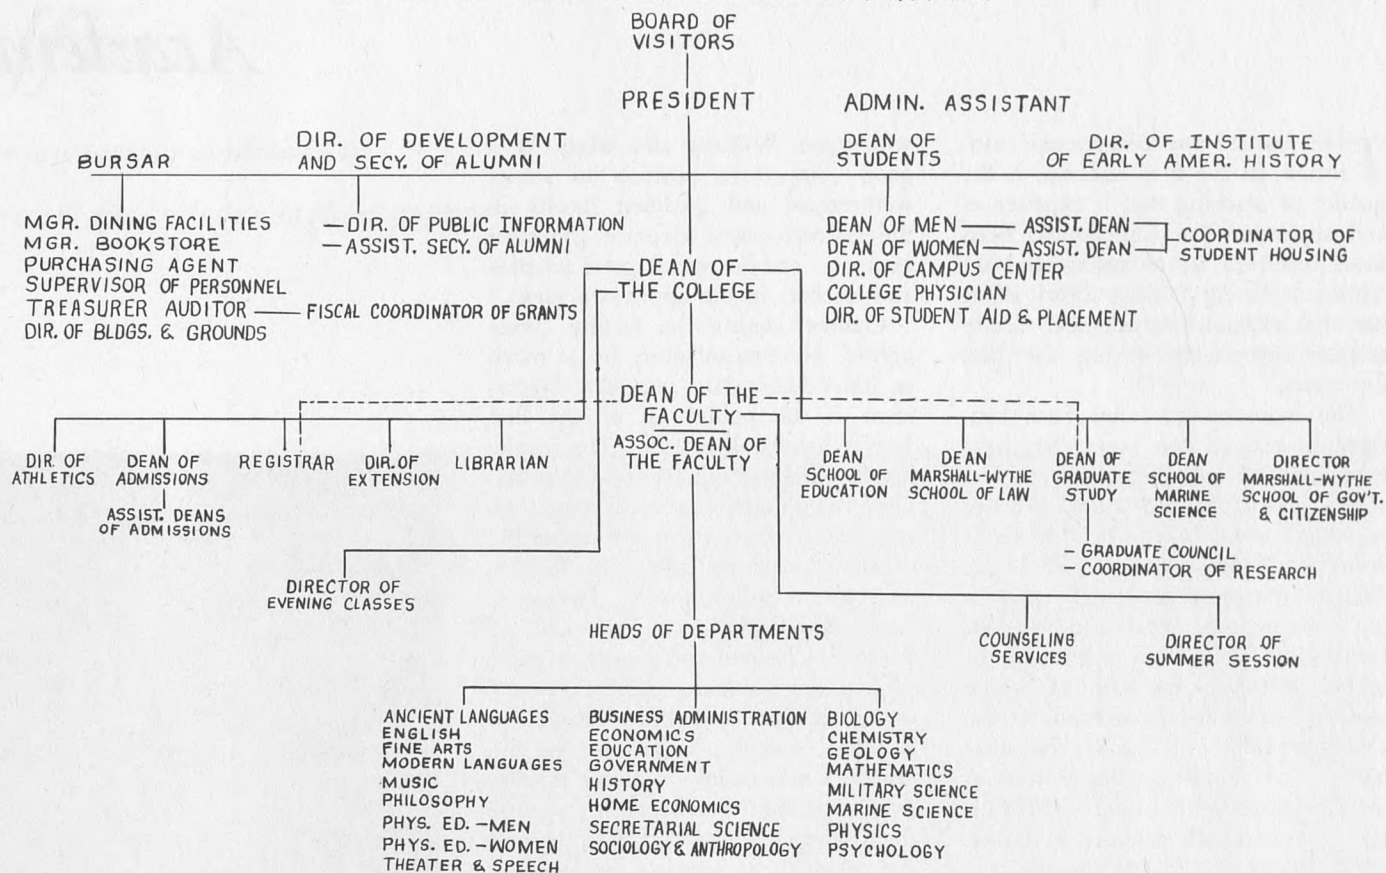

### Continuing Issues

There appears to be a generally accepted conclusion that the Self-Study achieved much for the College, and particularly for the large number who

*Members of the Board of Visitors are as follows: Left to right, top: Woodrow Wilkerson (ex-officio), Frank Cox, Thomas B. Stanley, Hudnall Ware, Walter Robertson, Ernest Goodrich, Carl Andrews, Sterling Hutcheson. Left to right, bottom: Charles Hutchins, Frank Ernst, Walter Mason, President Paschall, W. Brooks George, B. Woodard (Rector), and John Harper. Absent is Dr. Shield.*

# COLLEGE OF WILLIAM AND MARY IN VIRGINIA

participated. Many of the recommendations have been implemented in a relatively brief period. Others will require further study.

It is significant to reflect on several issues which did not originate with the Study, but which were sharpened by it. These continue perhaps more in the form of dilemmas than issues, but, whenever raised, they incite a divergence of opinion. It seems, relevant to comment on them in this Report if for no other reasons than to register an awareness of their persistence, and to express a hope for solution during the immediate years ahead, which years may become subject to another periodic report in the future.

## What Size?

Somewhere between the extreme views of those who would advocate an enrollment of 500 and those who suggest 9,000 lies the answer. If the College were currently at neither enrollment, the question would not likely arise, nor would others cited in this

list. Its current enrollment approximates 3,100 regular day students, including approximately 230 graduate students.

In preparation of the Master Plan of Development in 1961 for the new campus, it became necessary to project an ultimate enrollment figure as a basis for planning. This figure was set as 4,900 regular day students. The date of attainment of this number has not been specifically determined.

In absence of a rigidly determined number, the writer of this Report, when confronted with this question, replies as follows:

(a) The College will not, in the foreseeable future, become an institution of the size normally expected for a state university, nor will it so restrict its enrollment as to fail to serve the legitimate needs of the state that are expected of it. Because of a lack of instructional facilities, it now denies admission to more qualified students than any other State institution.

(b) The College recognizes the importance of maintaining an informal,

friendly atmosphere, characteristic of the smaller institution, in which students and faculty know each other under conditions conducive to a respect for the individual rather than permit a loss of this advantage under the impact of monstrous enrollment in future years.

To this question, the college can assure all who have this proper concern, that the College does not aspire to become a complex university, but it cannot afford, in this period of rapid explosion of knowledge and change, and amid the educational demand of its region, to remain exclusively a College of Arts and Sciences restricted to undergraduate curricula. In-between these extremes, the College purports to have several graduate programs at the doctoral level, and a large number at the master's level, which will be strongly supported by resources; distinguished by excellence and quality; and which will be designed to operate to the enhancement and enrichment, rather than hurt the undergraduate program.

## A Five Year Report

THE test of any educational institution, in the final analysis, is the quality of teaching that it experiences and supports. The College has been most fortunate in recruiting and retaining a strong faculty. Every effort has been expended to augment faculty salaries appreciably during the past five years.

The increases have not been confined to one or two ranks, but have extended the full gamut of professorial status. Initial steps for the increases were taken by Governor Albertis S. Harrison, Jr., and the General Assembly in 1964 by providing for a national average to be established for each State institution of higher learning, one-half of which would be provided from funds of the Commonwealth of Virginia, the other half to be raised by the institution through increase in tuition. The College increased tuition appreciably during the 1964-65 and 1965-66 sessions, respectively. It is hoped that, for the next biennium, 1966-68, the additional amount necessary to maintain salaries at a national average—now achieved—will be forthcoming from the general funds of the Commonwealth.

Perhaps the best index of what faculty salary increases have really meant is reflected in William and Mary's movement from an overall "D" to "C" rating in the minimum salary scale of the American Association of University Professors, and an even higher rating for some ranks. Since this reflects ability to compete with faculty of other colleges and universities, and is available to all members of the teaching profession, it represents an important step towards improving faculty quality. As Dean of the College W. Melville Jones observes in regard to the effort approved by the Board of Visitors: "This action of the Board (of Visitors) . . . is the most important step of this type that the College has taken in many years. Not only will it go far to improve general faculty morale, but in this day of rapidly rising salaries in colleges and universities, the increase

will place William and Mary in a good competitive position to attract well-trained and qualified faculty in the instructor and assistant professor rank . . . and to recruit good scholars and teachers in the upper two ranks."

Changes within the faculty "body politic" have meant every bit as much as individual salary increases. Significant is the publishing of the first faculty handbook in 1964. The faculty handbook, fulfilling a long recognized need, contains information that new faculty members need to know about the organization of the College, the faculty, and current policy benefits. The handbook also includes a statement of academic freedom and tenure, a point of major importance, and the first set of revised faculty by-laws since 1938. Principal among changes in the by-laws is a new definition of the faculty, which distinguishes between those of the College of Arts and Sciences and the faculties of separate professional schools.

Needless to say, the unprecedented expansion of the College has precipitated a rapid increase in the size of the faculty. Since the 1959-60 session the faculty has grown from 170 members to 265 members, an increase representing slightly over 50% growth. The percentage of faculty members holding doctorates has increased to 50%, which is above the national average for comparable institutions, while the faculty-student ratio has gradually been reduced to 1:13.6.

This section must be concluded with regret in reporting the following retirements and deaths since the 1959-60 academic year. Those who have retired include Grace J. Blank, Emily Eleanor Calkins, James Davis Carter, Graves Glenwood Clark, Joseph M. Cormack, Albert Pettigrew Elliott, Wayne Fulton Gibbs, Andrew C. Haigh, Althea Hunt, and Shirley Donald Southworth. Those beloved faculty members who have now passed from our ranks include Charles P. Sherman, Earl Gregg Swem, Librarian Emeritus, Donald Madison Foerester, and Reino Korpi.

## RESEARCH

While the College remains primarily a teaching institution, dedicated to the needs of undergraduates, it recognizes at once that a balanced research program directly contributes to the intellectual advancement and stimulation of the present faculty, and at the same time attracts other outstanding scholars to the College community. The faculty's own attitude on this subject may be gleaned from a statement included in the "Report of the Committee on the Faculty," written for the College's Self-Study in 1964:

*At the level of higher education, research and teaching are not in conflict but are mutually supporting. A professor who is not himself pursuing knowledge can hardly excite his students to such a pursuit, and a man urging knowledge upon his students can hardly decline to seek it himself. Moreover, the frontiers of knowledge are moving so fast that a man who discovers nothing new for himself soon has nothing to offer his students.*

Theory aside, some indication of the actual increase of scholarly activity can be gained by a comparison of the total amounts granted from outside sources

*Warren Heeman, new Coordinator of Research, presents a grant proposal for faculty research project.*

for "departmental research" during the fiscal years ending 1960 and 1965. The table indicating this development points to a growth of staggering proportions. Scholarly investigation, and the value placed upon it by public and private agencies, has more than tripled in this five-year period.

Recognizing the necessity for continuing development of an orderly and balanced research program, the office of Coordinator of Research was established in September 1964. This new office assists the faculty in meeting with private and federal agencies, in preparing grant proposals, in obtaining financial support for research and general College development, and in reviewing certain business aspects of grant agreements.

## NEW PROGRAMS

Student academic development has been a source of continual evaluation. Although the College has for many years accorded advanced placement to superior high school graduates, it has now formalized this procedure by membership in the Advanced Placement program of the College Entrance Examination Board. Exceptional students, through a combination of formal course work and independent study at the high school level, may begin advanced work in such fields as history, English, science, languages and mathematics, and may receive course credit toward graduation.

Honors programs, heretofore limited to seniors, have existed since 1957. Beginning this September the College has introduced a comprehensive four-year honors program for the superior student. Experience has shown that a sizable number of students are capable of pursuing academic work at greater depth than is required by the regular curriculum. The new honors program, coherently conceived and interdisciplinarily structured, is designed to cultivate a higher level of serious scholarship for the campus at large. The program is further designed to attract to William and Mary top students from throughout Virginia and the nation. Some forty freshmen will enroll in the honors program this September and participation is expected to increase rapidly in years to come.

The superior student is not the only subject of academic concern. The College began offering a concentration in geology in 1962 and in theatre and speech in 1963. The Department of Modern Languages now includes a language laboratory as part of its regular offering in introductory courses. Many other departments have enriched their normal offerings, and nearly all departments are placing higher value on accelerated classes and independent study, where these are feasible. The results have greatly diversified the academic program at the College.

October 1965

*New Dean of the Faculty and former Head of the History Department, Dr. Harold L. Fowler, is a firm believer in academic excellence and improved quality of curriculum.*

*Recently joining the Faculty, Dr. Carlyle Beyer talks with superior student about new four-year Honors Program, which Beyer directs.*

*Future home of the Law School is the Old Library, pictured here, and to be renovated within the next year.*

## *New Dimensions in Education*

The College of William and Mary has come increasingly to recognize its natural obligations as a state institution of the Commonwealth of Virginia. This belief is in accord with the general strengthening of public education in America today. In addition, therefore, to its own internal betterment in scholarship and academic quality, the College has sought to broaden its influence in those areas that will benefit the community at large. Society's demands have made this necessary, to the point where the role of the College now assumes far wider institutional dimensions. In each of these dimensions the primary factor has been growth.

### **The Institute of Early American History and Culture**

The Institute has continued its basic program of magazine and book publications and of individual research by the eight professional members of its staff. Through its editorial offices the Institute continues to perform an educational service, far beyond what the average university press provides, in giving constructive criticism to manuscripts submitted. With a succession of distinguished editors the *William and Mary Quarterly* has become the leading historical journal of the United States, whether judged by its articles or book reviews. Because of its reputation, the *Quarterly* gets the best articles, many of which have broken new ground for research and historical interpretation and are in demand for reprinting in collections.

The policy of the Institute has been to encourage individual research by members of the staff, each on the subject of his particular interest, and some of the fruit of this activity appears among book titles with the Institute's imprint and in articles in the *William and Mary Quarterly*. Although it has sponsored no large scale projects since the *Virginia Gazette Index* (1950), the Institute has made

plans, and projected budgets in conjunction with the College of William and Mary, for editing the papers of John Marshall over a period of seven years. Should forthcoming matching funds make it possible to launch the Marshall papers, and should other such projects be envisioned by the Institute, especially as it gets settled in the new library, the Institute will be in an even more enviable position as a society for the advancement of historical scholarship.

### **The Virginia Institute of Marine Science**

The program of the School of Marine Science was improved considerably by the addition of its doctoral program in 1964. At present the doctorate is directed chiefly toward training advanced graduate students in biological and fisheries oceanography. The scope of the degree will broaden, however, as the Institute prepares to offer doctoral-level specializations in chemical, geological, and physical oceanography.

The master's program already has developed extensively. The Institute expects approximately 20 students to enroll this fall, whereas there were only two or three students in residence per year several years ago.

Facilities have also expanded. Two research laboratories have been built; housing quarters have been purchased; docking facilities have been rebuilt; and several research launches have been added to the Institute's fleet. New items of equipment, including data processing and computational gear, refrigerated centrifuges, and oceanographic instruments have strengthened teaching techniques and research capabilities.

The potential development of the School of Marine Science is excellent. The Institute is now on the threshold, especially with its graduate programs, of becoming the major school of marine science in the region.

## *A Five Year Report*

### The Virginia Associated Research Center and The College's Scientific Program

The Virginia Associated Research Center (VARC) is an exciting new off-campus graduate complex for advancement of scientific education, located just fourteen miles from Williamsburg. Its prime facility is the thirteen million dollars NASA Space Radiation Effects Laboratory which contains a 600 MeV synchrocyclotron, a linear electron accelerator in the 10-30 MeV range, and a 3 MeV proton electron accelerator. Their primary function is to stimulate the radiological conditions of outer space and to provide internal fluxes of protons, pions, and muons for research.

VARC promotes cooperative research agreements with nearby Langley Research Center, a \$200 million facility which includes transonic, supersonic, hypersonic facilities; high temperature materials and structures research laboratories; gas dynamics facilities; instrument research laboratories; and space structures and vehicle testing devices. Complementing these facilities is the new William Small Physics Laboratory on campus which contains—in addition to lecture rooms, offices and teaching laboratories—twenty-four advanced research laboratories, and machine, electronic construction, welding, glass blowing, and woodworking shops.

The College has recently been informed by the Advanced Research Project Agency of the Department of Defense that it has been selected as a recipient of a \$100,000 grant to establish a Center of Excellence in advanced optical research. This money will be used to purchase spectographic, laser, recording, detecting, and general optical equipment. William and Mary, therefore, offers an incomparably vast spectrum of scientific facilities to advanced students in biology, chemistry, mathematics, and physics.

October 1965

*The College's role in science has been greatly expanded through its joint administration of NASA's space synchrocyclotron, located just 15 miles from Williamsburg on NASA's new 300 acre space research center. The facility has meant unique opportunities for graduate students in physics at the College.*

*The Virginia Institute of Marine Science, founded in 1940 by the College, has grown into one of two or three major centers for the study of marine science in the mid-Atlantic states. VIMS facilities are shown in the aerial view above.*

## A Five Year Report

### The Evening College

The Evening College has experienced a steady increase in enrollment since 1960. Graduate work in education has become the predominant program, accounting for 70% of total registrations in 1964 compared with 38% in 1959.

Perhaps more significant than any quantitative growth is the upgrading in quality of those students who now attend Evening College sessions. Two salient factors have assured academic performance comparable to the day session: 1) extensive employment of regular day faculty as instructors, and 2) the screening of unqualified applicants through examination of high school transcripts.

### The Summer Session

The Summer Session seeks to provide training for undergraduate students in liberal arts, special training for lawyers, professional training for public school teachers, counselors, principals, supervisors, and superintendents, and basic instruction in pre-professional programs. Beyond these immediate functions, it sponsors additional services supplementary to course instruction.

The Summer Band School, for example, has just completed its thirteenth annual session. This program attracts more than 500 outstanding students to the campus each summer for rigorous training under an expert staff; it has earned recognition as one of the most outstanding programs of its type in the eastern United States.

The College is also proud of the fact that for the past two years the American Legion's Boys' State has been convened on the campus. This selected assembly of the young men of Virginia is certainly fitting at William and Mary, and it seems appropriate that these young Virginians learn their first lesson in practicing democratic government in Williamsburg.

Heavier summer enrollments in recent years brought a different type student to the campus. Traditionally, the weak student who needed to make up courses went to summer school. Now very often the most able students attend summer school.

### The Extension Division

The Extension Division allows those Virginians who cannot attend college as resident students the opportunity to take college-level courses at a more convenient time and location. Its purpose applies to three major areas of study: 1) general education—without such courses available, many would never earn the undergraduate degree; 2) professional offerings in education, business administration and other fields; and 3) "Special Courses" requested by industry, military research centers, and other agencies for the advancement of continuing education.

### The Law School

If "growth" seems to be a reiterated theme in this report, the Law School shall notably be included. The Law School student body has tripled since 1960, compelling College authorities to seek its removal to larger facilities in the near future.

The experience of the College in

*The Law School, under the leadership of Dean Joseph Curtis, has increased its enrollment and strengthened its programs.*

its law faculty has been unique. In the 1959-60 session there were six full-time and three part-time law teachers on the staff, and four non-law trained college teachers giving instruction in certain undergraduate courses for which law degree credit was allowed. In the coming session there will be eight, three, and two, respectively, in those categories.

Upon Dean Woodbridge's retirement from the Deanship in 1962, Professor Joseph Curtis, enjoying the unanimous support of the Law School faculty was appointed Dean. The enlargement of the Law School under Curtis' leadership has necessitated further administrative assistance, and to fulfill this need Professor James P. Whyte, Jr., a member of the law faculty since 1958, was named Assistant Dean of the Law School effective this September. Dr. Woodbridge, now Dean Emeritus, still continues his teaching.

The Law School, and all interested in its future, look forward to the renovation next year of the old library which will serve as the new home for this, the oldest law school in its antecedents in America.

Much of the vitality of William and Mary graduate programs has come from Dr. Robert Siegel, professor of physics, and Dean of the Graduate Council.

GRADUATE DEGREE PROGRAMS 1965-66

| Degree                        | Departments    |
|-------------------------------|----------------|
| Master of Arts                | Biology        |
|                               | Chemistry      |
|                               | History        |
|                               | Law            |
|                               | Marine Science |
|                               | Mathematics    |
|                               | Physics        |
| Master of Education           | Psychology     |
|                               | Education      |

## Graduate Study

"Measured and careful expansion"—these are the words to describe the College's approach to graduate study.

The College has every attribute necessary for the development of quality graduate programs; namely, a strong undergraduate curricula (without which graduate programs would be difficult and unduly expensive); a geographical location where industry and population are mutually expanding; and an opportunity for classroom enrichment that unfolds from the presence of faculty members interested in scholarly research.

All of the departments in natural science, except geology, and many in the humanities and social sciences now offer master's degrees. Most of these programs are interdisciplinary in nature. Expansion to the doctorate level,

however, is taking place only in those areas where the College offers especially competent resources. Two doctorate programs have been initiated so far, both in 1964, and in fields of special competence.

The Ph.D. program in Physics is spurred by the College's participation in nuclear science research at the Virginia Associated Research Center involving the large Space Radiation Effects Laboratory fourteen miles from the campus. The doctoral program in Marine Science stems from the College's close relationship with the Virginia Institute of Marine Science at Gloucester Point, which, as noted, is one of the major oceanographic and marine biology research facilities in the region. Two other doctoral programs are planned for the future—one

in History, with emphasis on Early American History, and the other in Education. Master's programs are projected in Business Administration, Government, Ancient Languages, and Sociology-Anthropology. Again, these latter programs represent areas of unusual strength and support at the College.

The growth in graduate study necessitated a reorganization of graduate administration in 1964. A Graduate Council is now charged with supervision of the graduate curriculum, and Dr. Robert T. Siegel of the Physics Department has been appointed to fill the position of Dean of Graduate Studies. The College, through Dr. Siegel and the Graduate Council, looks forward to continued development of graduate study.

## *Student Affairs*

*Admission standards skyrocket;  
as college's popularity increases*

PERHAPS no area better reflects the dilemma of higher education generally than admissions. Certainly, this is true for William and Mary. Without the tremendous pressures now being exerted to gain admission to the College, the problem of expansion, for example, would assume a wholly new posture. So would faculty instruction, student counseling methods, opportunities for graduate study, and techniques of curriculum programming. What is experienced in admissions is a barometer to other facets of academic concern, and for that matter to the very goals which generate the institution.

Admissions at the College reveals two trends. The first is a vast quantitative growth in the number of applications. The Admissions Office is now dealing in volumes heretofore

unpredicted by experience or the natural evolution of human planning. For example, this Office had to process approximately 7500 applications for admission of 741 freshmen for September, 1965.

The preparation and ability of applicants have also risen considerably. This factor occasions a much more intensive review and assessment of each applicant's record, and a resulting selection of students on a highly judicious basis. The accompanying chart reveals, for instance, that 25% of the Freshman Class selected for September 1960 were in the top ten per cent of their high school graduating class, whereas for the group entering in September 1965 65% are from the top ten per cent of their class.

In trying to resolve the problems resulting from the combined increase

in number of applicants and better preparation and ability of those seeking admission, the College has taken steps during recent years to improve its admissions staff organization, procedures, and policies. Some of these are indicated briefly as follows:

(a) Enactment of Non-Refundable Application Fee:

Realizing the sharp increase in demand for admissions and the resulting practice of applicants to submit applications to several colleges, the General Assembly of Virginia requested the Governing Boards of State institutions of higher learning in Virginia to enact a non-refundable admissions fee as a means of helping defray the increased financial burden involved in staffing, processing applications, and providing catalogues. The Board of Visitors set such a fee of ten dollars in 1963, which amount is not believed to be too great a financial imposition on the applicant.

(b) Submissions of Preliminary Applications and dates of notification.

It was necessary and desirable two years ago, to permit applications to be received at the end of the junior year in high school rather than waiting until November of the senior year for sending the forms, and their not being returned until after the first semester grades were recorded in the applicant's senior year in high school. This change has enabled the Admissions Office to make a more careful examination of the applications but, more important, it has resulted in

*A new lounge area in Ewell Hall now accommodates the many prospective students who wish to attend William and Mary.*

*One of William and Mary's coeds, as she studies on Wren portico benches during warm fall afternoon.*

earlier notification to the applicant during his senior year.

(c) Early Decision Plan:

An Early Decision Plan was introduced last year whereby students who elect to apply under the same, are asked to submit their entire application and supporting data by November 1 of their senior year. This plan is reserved for those who select William and Mary as first choice and agree to enroll if admitted. It distributes more efficiently the application burden on the Admissions Office, and helps both student and College determine mutual commitment in November rather than wait several months unnecessarily until notification.

(d) Use of Computer Resources:

The staggering increase in volume of applications has not only necessitated changes in application procedures, but it has also required expanded staff and clerical organization. New application forms are now prepared for adaptability to computer resources as a necessity in conserving secretarial and clerical staff time. Such use, of course, does not in any way substitute for the human evaluation essential for each applicant.

(e) Reorganization of Staff:

To redistribute the responsibilities within the Admissions Office, the staff has been reorganized to include a Director of Admissions for Men and a Director of Admissions for Women in addition to the Dean of Admissions, who coordinates the total admissions operations. An Assistant to the Dean of Admissions handles much of the public relations contacts involving group interviews, publications, and special contacts with schools.

(f) Enlarged Office and Visitor Accommodations:

The crowded corridors of Marshall-

## A Five Year Report

Wythe building and the jammed interview area necessitated moving the Admissions Office to Ewell Hall in 1963, and the functional lounge area noted from the accompanying photograph affords comfort and relaxation to those who wait for interviews. A well organized tour of the campus is now conducted for parents and prospective applicants.

(g) Ratio of 60% Men to 40% Women:

Having learned many years ago that a "stag line" is highly desirable in a co-educational institution, the College adheres to the policy of a 60:40 ratio of men to women. This ratio is presently 55:45 because the most recent dormitory was constructed for women. The next housing is planned for men which will then restore the ratio.

(h) Policy of 70% Virginia to 30% Out-of-State Students:

The Board of Visitors, sensing the mounting pressures from well qualified Virginia applicants established in 1960 a policy of 70:30 ratio between in-state and out-state students. By this ratio, the College desires to serve the needs of the constituency which supports it while at the same time affording a cosmopolitan student body, in keeping with its tradition, thus assuring for all the benefits of broad educational experience and background. This cosmopolitanism is further enhanced by the fact that a large number of Virginia students admitted have actually lived in Virginia for a period less than five years. The latter is the result of the increasing influx of industry and business in the State; the transition from an agrarian society; and the rapid urbanization of many areas of Virginia.

(i) Sons and Daughters of Alumni:

The College believes that one of the finest tributes which it can enjoy is for the sons and daughters of its alumni to wish to attend, and this group is accorded every consideration within the standards of admission. It may be noted that the percentage of this group in attendance now as compared with five years ago is sharply increased.

A major problem that persists is the tendency under the impact of overwhelming demands for admission to worship unduly at the altar of the College Board Examination Scores to the exclusion of other factors that common sense dictates should be considered, chief of which is one's motivation, drive, and will to perform in pursuit of a college education.

Another increasing problem is that of interpreting, in the case of Vir-

ginia students, to high schools and laymen, the fact that the entire state, rather than a single region, is the geographical obligation in the admissions, and that under limited space accommodations it is often necessary to deny admission to some qualified students in areas from which numerous applications are received in order to try to serve the State as a whole. To a lesser extent this problem exists in selecting out-of-state students.

## Student Living

The Women's Student Cooperative Government Association, normally called WSCGA, was actually inaugurated in 1923, but many changes have evolved in subsequent years. By 1960 the enrollment of women students had grown to such a point that the increase in number of women's dormitories, coupled with the developing use of the new Campus Center, made it necessary for WSCGA to evaluate its role, its obligations, and the way it could best serve the needs of women students.

In October 1960, therefore, an evaluation committee began a careful study of the role of women's student government, which study assessed what was happening in approximately 75 colleges and universities of similar size. As a result of this study, in 1962 WSCGA became the Women's Dormitory Association (WDA). The executive and judicial councils of WSCGA were consolidated under WDA into a single council composed of dormitory presidents and sorority representatives. WDA also instituted representation by dormitories as its organizational basis and provided greater independent status for the Women's Honor Council, now a coordinate unit with the Men's Honor Council.

Improvements have also occurred in male dormitory life. Progress has been made in providing more pleasant living conditions for all and in fostering a better atmosphere for academic accomplishment. Every effort has been taken to reduce overcrowding. This fact may be observed from the attached table.

Tremendous strengthening of the residence hall program is likewise apparent. In 1959-60 each dormitory was in the charge of a residence counselor, but counselors had little responsibility. Today, counselors are competent graduate students entrusted with sincere responsibility for maintaining order within the dormitory, serving as counselor and friends to all students, and supervising the work of dormitory managers.

By 1964 each dormitory had a dormitory council, composed of a president and elected representatives, and became responsible for directing dormitory life. Dormitory councils assist

### REDUCTION OF OVER-CROWDING IN MEN'S RESIDENCE HALLS, 1960-1965

with intramural athletics, the promotion of social and cultural functions, and the encouragement of a purposeful academic atmosphere.

Dormitory councils also make it possible to identify rising young leaders of the College Community. The development of student responsibility, moreover, has resulted in fewer disciplinary cases, and has encouraged various dormitory councils to invite department heads and faculty members to discuss academic offerings and departmental expectations with students. These presentations are usually followed by informal discussions and result in greater personal contact between student and professor.

Future construction of residence halls will respect a trend away from the overly large, long-corridor type building, and endeavor to provide for individualized groupings of students in residency units that will but combine the intimacy of the small college with

the broad-stimulating scope of the larger institution.

### The Campus Center

After five years of operation, the Campus Center has convincingly justified itself as a worthwhile adjunct to student life. Its basic objectives are two-fold: to offer a wide variety of educational programs and to provide facilities for music listening, television, table tennis, shuffleboard, bridge, chess, dancing, motion pictures, and other recreational activities.

The wise inclusion of student publication officers and those of the Student Association ensured early acceptance of the Center by prominent student leaders. This acceptance, in turn, has generated wide support from students generally. Patronage of the Center reached an all-time high during the 1964-65 session, and will undoubtedly continue to grow in the future.

*Students congregate to watch TV in the Campus Center. Pro football watchers pack the TV lounge every Saturday afternoon.*

## *A Five Year Report*

### Student Activities

When student government was reorganized in 1940 under the leadership of President John Stewart Bryan, a constitution was written which remained substantially unchanged until the 1961-62 session. At that time it became apparent that extensive revisions again were necessary. These revisions were effected in the following areas: definition of duties and responsibilities of officers; elimination of the traditional senate; and change in the method of representation.

The revision in duties of the officers was directed toward greater clarity and more specific description. The effect has not been to limit the officers but to make their responsibilities better understood.

As originally organized, student government was a bicameral organization pattern somewhat after state and national legislative bodies. Since student government has few legislative responsibilities, however, this structure was not realistic. The senate, which had deteriorated over the years, was therefore abolished and an executive council, working in close harmony with the president, was established in its stead.

Finally, because of the change in the character of class loyalties, now felt only sporadically, election of the assembly was converted to a dormitory basis. Dormitory representation has since provided stronger unity of purpose and greater ease of communication with which student government may effect its goals.

Just as important as the changes in student organization are the changes in student attitudes. The changes are slow but persistent, and are a part of the gradual change in student attitudes reflected throughout the country. The Student Association has shown increasing interest, for example, in academic and instructional matters. During the

past session it instituted plans for the annual selection of an outstanding teacher. It has also shown considerable interest in undertaking to evaluate instruction, and has participated in the program of visiting lecturers and public lectures by members of the faculty.

This is not to say that traditional activities have been neglected. The Association, for example, was instrumental in securing extended library hours until the new library is available. Small kiosks, colonial style, have been erected to eliminate damage to

trees by using them for posters. A class-picture directory has been prepared to aid in the social acclimation of all incoming freshmen. Also, through the interest of Student Association, the traditional four-day Thanksgiving holiday was re-established in 1962.

On the social side, the Colonial Festival of the 1950's has been abandoned in favor of a revived Spring Finals dance held in the Sunken Garden in early May. During the spring of 1965, Peter, Paul, and Mary per-

*Dean of Students, J. W. Lambert, continues to lend his services of stability and integrity to the evolvement of a highly patterned level of student activities—a pattern based on quality.*

*One of many "service" contributions of the Student Association are these colonial kiosks. Kiosks now preserve trees against student campaign posters.*

formed at Cary Stadium, and during 1964, the Hootenanny was experienced for two nights in Adair Gymnasium, which performance was later televised nationally.

Brief comment should be made concerning two new types of organization that have come into prominence—the service organization and the undergraduate academic honor society. Circle K, under the sponsorship of the local Kiwanis Club, is now a powerful service and philanthropic organization. Alpha Chi Omega, established in 1961, has also become a responsible service organization. In 1962-63 it sponsored successful solicitations for the Campus Chest Drive.

A local chapter of the national academic honor society for freshmen women, Alpha Lambda Delta, now identifies and recognizes outstanding scholars. Its brother organization, Phi Eta Sigma, was established in 1964. Both organizations are welcome additions to the campus.

*Peter, Paul, and Mary, as they perform one of their famous folk-singing concerts this spring in Cary Stadium.*

## Publications

Pictured above is the William and Mary Royalist and Seminar, which are now combined into the semi-annual William and Mary Review.

A proud and distinctive achievement is told in this issue of The Flat Hat, which announces the winning of a Pacemaker Award. The story was also carried in the New York Times.

College publications have maintained an extraordinarily high quality in the past five years. The *Flat Hat*, for instance, received one of five national "Pacemaker" awards in 1962. These awards are given by the American Newspaper Publishers' Association and the Associated Collegiate Press to the five best college newspapers in the United States.

In 1955 the College established the *Seminar*, a publication dedicated to literary and academic writing of superior quality. At that time students were also publishing the *Royalist*, a strictly literary magazine. Since the two magazines were, in fact, com-

peting for the same talent, and since neither could enjoy adequate financial support for printing, a merger was effected two years ago resulting in the *William and Mary Review*, which now publishes two issues annually.

Of all communication services the most notable growth has occurred with radio station WCWM. Through a process of experimentation the station has arrived at a program of considerable variety and quality. Although limited by its FM reception, the growing popularity of WCWM is sure to increase by its prospective affiliation with the New York County School Board station.

## *A Five Year Report*

*"Marvelous" Marv (Levy) brings a new look to William and Mary football. The Tribe, which did well last year, is off to a running start this fall.*

*"Pappy" Gooch, now retired, here reflects on his many happy memories over the long span of years he gave to William and Mary.*

## *Athletics*

Athletics take on a new look at William and Mary today. Stabilization and optimism are the key words behind this outlook.

Varsity athletics have now expanded to include competition in wrestling and gymnastics. The College also expects to compete in soccer for the first time this fall. Participation in intramural activities has considerably increased.

Unique among the enlargement of sport activities has been the formation of the cricket team in 1961, which was largely influenced in its inauguration by British students attending the College under the exchange program. Most competition takes place with teams in the Baltimore-Washington area, and local matches are usually held on Market Square Green in Colonial Williamsburg.

As more students participate in

athletics, the College plans to add junior varsity teams to compete with junior college teams and other four-year schools that maintain similar programs. But all athletic growth has not been confined to the addition of new activities. Facilities for baseball have been improved and William and Mary's football stadium, Cary Field, has now become the first in the area to supply fiberglass seats and backrests for approximately 1500 seats. New practice fields for intramural athletics have also been developed.

Three years ago the then athletic indebtedness was resolved and the fiscal year 1964-65 showed, for the first time in "recallable" history a surplus in the budget for the Men's Athletics Association. It is generally conceded that the division of the previously combined position of Athletic Director-Head Football Coach, two

years ago, has resulted in increased efficiency in coordination of the athletic program under the leadership of Mr. H. Lester Hooker, Jr.

For the first time in many years, the Richmond-William and Mary Thanksgiving game will be played in Williamsburg in 1965. The traditional Thanksgiving game will now be alternated every other year, and will be played on the Saturday prior to Thanksgiving, thus preserving the holiday for family reunions and traditional religious services.

If the above signifies stabilization, the coming to William and Mary of Head Football Coach Marv Levy introduced a new element of optimism. Levy crossed the continent from Southern California in the winter of 1964 to become coach of a William and Mary football team whose outlook was dim. Prospects for victory in 1964 were dim, and problems were acute, but Levy turned the prospects and problems into a significant reality. Seriously limited in number, but superbly disciplined, expertly drilled in fundamentals, Levy's team won four out of seven conference games and for more than half the season were contenders for the Conference championship.

For his creditable achievement, Levy was named Coach of the Year by the Southern Conference Sports Writers'

Association. In balloting among association members, the new coach polled 24 out of 40 votes cast. It is an understatement to say that he enjoys strong support among students, faculty, alumni, and friends of the College.

Ten years ago Harry Groves came to William and Mary from Temple University and Philadelphia as Track and Cross-Country Coach. Since his arrival his hard work has earned for him and his teams the joy of success and reputation of champions. His record for the past five years include 148 victories, 47 losses, 15 state and 5 Southern Conference championships.

Bill Chambers whose basketball teams continue to play in the Southern Conference's smallest gymnasium had little to look forward to at the start of last season. He had willing young men with little experience. As expected the year started slowly but as tournament time approached the young men seemed to respond to their capable coach. Ceded sixth in the tournament, the boys from Williamsburg gave a brilliant account of themselves beating The Citadel, upsetting VPI in the semi-finals and finally yielding but by three points—in a double overtime—to the University of West Virginia for the championship of the Southern Conference. The accomplishments of this team summarized well

*Harry Groves takes a brief moment to assess track situation from stadium benches where the tireless coach prepares for season's activity.*

William and Mary basketball for the past five years—astonishing results from good men well coached.

Only now and then does a man leave permanent footsteps in the sands of collegiate time. William S. "Pappy" Gooch, Jr., is one of those men. "Pappy," dearly beloved by all, has now retired after 36 years of honorable and dedicated service to William and Mary. A great athlete, a fine teacher, administrator, and loyal and true friend, the longtime William and Mary athletic director and business manager last year received the Thomas Jefferson Award, distinguishing him for the embodiment of those ideals characteristic of the great William and Mary alumnus.

*Bill Chambers, Tribe basketball coach, is seen talking with prospective team athlete about admission to College.*

## Campus Activities

Cultural activities have kept pace with the general growth of the College. *The William and Mary Concert Series* brings world-renowned artists—soloists, chamber groups, jazz ensembles, ballet companies and choral groups—to the campus each year.

The contrast between the 1959-60 and the 1964-65 academic years is striking. The 1959-60 series consisted of four concerts representing a total budget of approximately \$4,000. The 1964-65 season presented six concerts for a total expenditure in excess of \$9,000. In 1959-60 two hundred and fifty season subscriptions were sold; in 1964-65 eight hundred and five were sold—the latter figure representing the total seating capacity of Phi Beta Kappa auditorium, which has now become a limiting factor since two hundred additional subscriptions could have been sold had more seats been available. In the 1959-60 series, moreover, about one-third of the subscriptions were sold to students; in 1964-65 student sales comprised nearly three-fourths of the total.

In addition to the *William and Mary Concert Series*, a new series of concerts, the *Collegium Musicum*, was inaugurated in 1961. Consisting of approximately six concerts per year the *Collegium Musicum* is primarily designed to supplement the studies of music majors and is open to the students, faculty members, and the public.

Interest in lectures has kept pace with other forms of cultural activity. Every year the College participates in the *University Center in Virginia, Inc.*, an organization with headquarters located in Richmond and supported by twenty-four Virginia institutions to provide member institutions with visiting scholars of outstanding merit on a cooperative basis. The College also sponsors many independently arranged lecturers each year.

Beginning in 1962 the College introduced a series of six faculty lectures on various topics related to a general theme. The theme of the first *Faculty Lecture Series* was entitled "The Good Life in America." In 1963 the theme was "The American Achievement in Perspective" and in 1964, "Science and Society." A grant from the Robert

Earll McConnell Foundation now enables each speaker to receive a small honorarium for his effort and makes it possible for the *Faculty Lecture Series* to be published annually. The series has been renamed the *Thomas*

*Jefferson Faculty Lecture Series* in order to fulfill the McConnell Foundation's interest in the kind of informal student-faculty relations similar to those between Jefferson and his great tutor, George Wythe.

## Cultural Highlights

A four-year-old tradition at the College is the annual Raft Debate, sponsored by the Philosophy Club and held in the spring each year. In these debates, four members of the faculty, one each from the humanities, social sciences, natural sciences, and a Devil's Advocate who opposes everyone, argue on behalf of their discipline for survival on a hypothetical one-man raft. An additional faculty member serves as moderator for an always enlightening and often amusing intellectual "free-for-all."

For many years the College has held an annual Charter Day observance of its founding on or about February 8, the day when the Royal Charter was granted in 1693 by King William and Queen Mary. It was felt in recent years, however, that it would be of more lasting value if appropriate academic themes were developed to commemorate the anniversary and make it a significant highlight of the year.

In 1961 Dr. W. Melville Jones, then Dean of the Faculty and now Dean of the College, set the tone with his address entitled "The President and Six Masters." In 1962 Mr. Carl H. Humelsine, President of Colonial Williamsburg, Inc., presented the community estimate of Charter Day in his paper "The Spirit of William and Mary—Old and New."

The next step came in 1963 with the inauguration of the Thomas Jefferson Award, made possible by an endowed gift from the Robert Earll McConnell Foundation. The Jefferson Award, to be presented annually to a faculty member who exemplifies in mind and heart the attributes so closely identified with the College's great

alumnus, was first awarded to Dr. Dudley W. Woodbridge, then Dean of the Law School. On that Charter Day occasion, Dr. Julian P. Boyd addressed a large audience in Blow Gymnasium on "The Enduring World of Thomas Jefferson."

A final dimension of Charter Day was developed in 1964 when a three-day conference was added to the actual anniversary convocation. This conference, which now is sponsored annually by the appropriate division of the College, marked the dedication of the new William Small Physics Laboratory with the Department of Physics' International Conference on High Energy Cyclotron development. The Charter Day speaker was Julius A. Stratton, President of the Massachusetts Institute of Technology, who spoke on "Liberal Education and the Uses of Knowledge." Dr. William G. Guy, Chairman of the Department of Chemistry, received the Thomas Jefferson Award.

In 1965 it was considered appropriate for the Marshall-Wythe School of Law to sponsor a Charter Day Conference commemorating the 750th anniversary of Magna Carta. The program was provided in conjunction with the mid-winter meeting of the Virginia State Bar Association, the conference theme being, "The Rule of Law in the Anglo-American Tradition." British Ambassador to the United States, Lord Harlech, spoke to an evening banquet of the Law School and the Bar Association, and at the Charter Day Convocation the following day the Honorable Lewis F. Powell, Jr., President of the American Bar Association, spoke on "The Right to a Fair Trial."

## Student Services

William and Mary was one of the first colleges to provide student counseling facilities for its students. The many changes which have occurred in this field, however, have not always been reflected in the operation of the counseling office, nor have the services of the office been expanded as widely as they have on other campuses. After much planning and discussion, a revitalized "Psychological Counseling Center" was created under the direction of the Department of Psychology to offer psychological services to the student body. These services extend from traditional concern with

educational-vocational planning to new areas of personal and social adjustment, and to a strong program of psychological testing.

In 1964 the Center's staff was expanded to keep pace with the rapidly increasing demand for counseling service (an increase of over 100 per cent in the past few years). It is anticipated that further additions in staff, facilities, and clerical assistance will continue to occur in the future.

The story of the Office of Student Aid and Placement can be realistically observed in the accompanying chart. It is significant to note that scholarships

from College funds have increased nearly 35% in the five-year period. Despite this progress one of the most acute needs faced by the College is for additional scholarship and fellowship assistance for deserving students.

In the six and one-half years the College has participated in the National Defense Loan program, loans have been made to a total of 992 students in the aggregate of nearly \$500,000. Not one of these loans has been written off as uncollectable, a record which all alumni and friends of the College may be proud.

The Work Study Plan, now in existence for 23 years, has helped literally thousands of William and Mary students. This program at present aids nearly 700 students employed in a part-time capacity, most of them in positions directly related to their major careers or academic course of study. These students earned a quarter of a million dollars in the 1964-65 session alone.

Since 1960 the Placement Bureau has registered a steady growth in its overall operation. In some respects the development of the program has been extraordinary. There has been no appreciable increase in the number of visiting companies representing industry, teaching, merchandising and related fields, but the number of individual visits has increased greatly. Many companies today not only interview on campus but test as well. Whereas the 1960 Placement Bureau registered 236 job placements, over 400 have been placed so far this year—an increase of 41%.

The future of placement at William and Mary is promising. Some of the most reputable businesses in the United States are now well-established on campus. Most of the credit for this should go to former students, who have performed so well in positions of responsibility in public and private enterprise.

*Dr. Norman of Psychology, and Director of the Counseling Center, confers with student in his office.*

## Student Achievement

An increasing number of William and Mary students are attending graduate school. The College is especially proud of its success in producing a large number of Woodrow Wilson Fellows. The average, slightly over three Wilson Fellows per year, is larger than all but a few schools in this region of the United States, considering the fact that geographical conditions determine the awarding of Wilson grants. Students have also received several Fulbright scholarships each year as well as awards from other leading national foundations.

The students attending graduate school—more than one-third of each recent graduating class—are studying at the finest institutions. Some are now beginning post-doctoral work, a somewhat more recent development in American education. Those who do not continue in graduate study enter a variety of professions, including teaching, engineering, business, journalism, the military, and others.

To improve student life at William and Mary, in all its manifold ramifications is to serve the individual and to preserve him from loss of identification in an evolving mass culture. The efforts to attain this goal are constant; are ever in a state of transition; and they represent, in whatever stage of development, a high purpose of the College's educational program.

### The Honor System

The effective operation of the Honor Code requires continuing efforts in the implementation of its principles. This is logically the responsibility of all members of the College Community.

Within the last few years several conspicuous efforts have been made to broaden the understanding of the Honor System. In 1962 the Honor Councils sought to codify all aspects of the workings of the system. A brochure, specifically published for this purpose, synthesized the long and unresearched history of the Honor System and defined its historical development. The brochure also drew important distinctions among areas of judgment and principles of jurisdiction. Procedures were elucidated in detail, and the

philosophy behind the Honor System was at last in written form.

The brochure was revised, edited and finally published in 1963, at which time the Councils developed, with faculty help, a statement on plagiarism, which has proved most helpful.

To further promote understanding of the Honor System, the Honor Councils initiated a "mock trial" to illustrate honor trial proceedings. Students are now better able to evaluate the

## A Five Year Report

integrity of purpose, fairness of judgment, and consistency of practice that underscore the system's philosophy. Any former sense of fear that shrouded the Honor Councils in a cloak of "secrecy" has largely vanished.

The total effort, seen in perspective, has been to demonstrate that support of the Honor Code is not the exclusive responsibility of Honor Council members, but rests instead with each individual on campus. The results have been gratifying.

## *An Office of Development*

*Alumni Society will bring  
new vitality to the cause . . .*

THE 1964 administrative reorganization plan, emanating from the College Self-Study, gives a primary impetus to the Development Office.

In implementing a strong, coordinated development program, the Board of Visitors recognized the organizational advantage of utilizing the potential of the Society of the Alumni and its Board of Directors. Programs sponsored by the Society have been of immense value, and on many occasions have constituted the College's principal effort in the field of information and fund raising. Recognizing, therefore, the strength of the Society and the willingness of alumni to become more involved in all phases of College development, the Board of Visitors took steps beginning in 1962 to have annual joint meetings with the Alumni Board, and established a basis for future cooperative effort and planning.

To expedite this program the positions of Alumni Secretary and Director of Development have been combined into one position, to be held by James S. Kelly, '51, Alumni Secretary since 1954. A Director of Public Information and an Assistant Secretary to the Society of the Alumni will assist Mr. Kelly in the development program. Combining these responsibilities into one office will strengthen both programs, and will launch the coordination, so long needed, in coordinating fund raising and public information in behalf of the College.

### **Construction and Facility Developments**

The story of the College's recent physical expansion can hardly be told in written form. The past five years have witnessed such a phenomenal

growth that only the eye can judge what has happened. The accompanying pictures and tabulations may be helpful, but only a personal visitation will suffice.

Bricks and mortar do not make a college, but the time has arrived when educational programs to meet today's needs must be housed adequately. Without them, otherwise qualitative programs are reduced to mediocrity.

Attention is invited to the possibilities represented by the new campus now being developed. This area, separate and distinct from the older campus, now projects a "center of arts and sciences" which continues the tradition of the ancient and modern campuses to the east.

The central court of the Center, to serve as the architectural and cultural axis for the new campus, is the new Earl Gregg Swem Library. The related Center consists of the existing Phi Beta Kappa Memorial Hall with its theatrical and communications arts, the new art wing for the Hall, now being constructed, facing toward the library, and on each side of this central axis, perpendicular to the axis, is the science center, a similar group of buildings intellectually and architecturally balancing the humanities center, and comprising the new William Small Physics Laboratory and the Life Science Hall to be built next year. These two axes will be conjoined by a reflecting pool that will unite all four buildings into a grand "center of arts and sciences." This center, when completed, will form the academic core of the new campus.

Such a cultural center will not only preserve the present plans for development of the area, but will cast them into a functional form that is rem-

iniscent of the academic philosophy behind it. The new buildings will logically relate to each other—with the library as the intellectual keystone—and will offer sufficiently vast opportunities for educational contact to give the title of "Center of Arts and Sciences" its most legitimate sanction.

Such a concept of advanced arts and sciences illustrates well the traditional character of William and Mary, exemplified in a guiding maxim of these five years: "Make no little plans. Small plans have no power to fire the minds of men . . ."

*James S. Kelly, Alumni Secretary for ten years, now assumes new responsibilities as Director of Development.*

*Alumni Gazette*

*Different as they are, they are nonetheless intimately related. The new College bookstore (below left), containing nearly four times the space of the present bookstore, will open shortly. Even more a landmark, however, is the new Earl Gregg Swem Memorial Library (below right), to be dedicated in mid-winter. Both facilities will lend a new tenor to academics at the College. Directing the new facilities will be long-time bookstore manager Y. O. Kent and James A. Servies, present Head Librarian. Both men are pictured above.*

## Average Faculty Salaries

### *In Conclusion*

*A brief glance  
at the present—  
then to the future*

WITHIN the next few months, the College will present its capital outlay requests for the 1966-68 biennium to the Legislature. The extent of these requests, each representing a vital need, may be seen in the table on the next page. While hoping for a sympathetic hearing from the Legislature, however, the College is not unmindful of the outstanding support rendered to William and Mary thus far by both the Governor and the General Assembly.

Indicative of this support is the increase in capital outlay expenditure that has occurred since 1960. Also, the rapid rise in average faculty salaries. Both developments have been crucial to the College's welfare, and are reflected numerically at right.

AN ATTEMPT is being made to locate all former members of the William and Mary Choir. A newsletter of Choir activities was mailed last summer, but Dr. Carl A. "Pappy" Fehr, the Choir director, asks that former Choir members who did not receive a copy write to Miss Mary Brennan, Alumni Secretary for the William and Mary Choir, c/o Dr. Carl A. Fehr, Music Department, College of William and Mary, Williamsburg.

"The Choir continues to grow in fame and recognition," notes Dr. Fehr. "We trust alumni will attend its concerts when it is convenient and we also trust former Choir members will stay in touch with the Choir which they have helped to establish."

JOHN L. MCKNIGHT, associate professor of physics who received an alumni research grant in 1964 to work on his paper "The Intellectual Development of Georg Simon Ohm," presented his paper last August at the 11th International Congress for the History of Science in Warsaw and Krakow, Poland.

A COLLECTION of 270 ethnological artifacts from West Africa has been acquired by the College through the generosity of Dr. George W. Harley of Merry Point in Lancaster County who spent 35 years in Liberia as a medical missionary. The collection, which will be used by students studying anthropology and fine arts, include masks, jewelry, textiles, ceramics and weapons—some of which are hundreds of years old.

A PAIR of spectacles which belonged to Captain Thomas Cocke, one of the founders of Phi Beta Kappa at the College, has been given to William and Mary by Mrs. James W. Wyche of Belmont Plantation, New Iberia, La., a descendant of Cocke. The spectacles will be displayed in the new College museum in the Earl Gregg Swem Library.

THE BEST of Governors and the best of men"—that's the fitting tribute given to Lord Botetourt—is back on campus. The old, worn marble statue of His Majesties Late Lieutenant Governor which stood for so long in front of the Wren Building, has been placed inside the entranceway of the new Earl Gregg Swem Library. The beloved symbol of the College was taken down November 24, 1958, for protection from the weather.

Do you remember bowing before him? And, let's see, how did that memorized tablet go. . . .

FOOTBALL coaches will tell you that starting sophomores will lose games because of their inexperience. Marv Levy, the man who came from the University of California to William and Mary last year and gained Southern Conference Coach of the Year honors for taking the Indians to a 4-6 record, predicted 14 losses before the season began.

The Indians had less than 30 able players last year; graduation, injuries, etc., have taken its toll and Levy now finds that of his squad of 49, no less than 28 sophomores have ever played in a varsity game.

The cause isn't all bleak for these sophomores rolled to five impressive victories as a freshman group a year ago, and although they may not be world beaters as sophomores, they should form the core of a stronger W&M gridiron assemblage in the next two years.

While a pair of sophomores, Mike Madden and Don Darragh, will be vying for the all-important quarterback spot, nevertheless, the upper-classmen will be the stars to watch. Co-Captains Tom Feola and Jim Dick form a solid up the middle approach. Feola will play only defense as line-backer and Dick will switch to offensive center. End George Pearce was an All-Southern Conference performer last year and is a ferocious peel-back blocker as well as a good pass receiver.

In the backfield former QB Dennis Haglan moves to halfback to better utilize his running, blocking and pass catching talents. Haglan led the Indians in rushing last year, but isn't a

strong enough passer to make it at quarterback. Junior Chuck Albertson will be at fullback, a switch from his halfback slot where he was a sensation last year.

Aside from the evident lack of experience, the Indians find gaping holes at both tackle and guard and this should be the preventive measure that will hold the Indians back from that first winning season in over a decade.

Meanwhile, over in the woods a championship team continues to work, unnoticed in their daily grind of running mile after mile. The Cross-Country team, bidding for its third straight Southern Conference Championship in as many years, has all five of last year's top finishers returning in addition to a talented crop of sophomores.

Of course, the incomparable Jimmy Johnson, individual champion for two years, heads the list, and he has strong

backing from Tom Ryan, Steve Jackson, Paul Bernstein and Joe Philpott, all of whom are seniors. The sophomores, who are sure to add depth if not placers, are Terry Donnelly, Rodger McKain, Dick Olsen, Ned Hopkins, and Dick Widell.

Coach Harry Groves has strengthened the schedule considerably, hoping that the payoff will be in the Southern Conference meet and another showing in the NCAA finals in which the Indians placed 20th last year.

Despite the fact that it is football time, Bill Chambers started his basketball team working out October 15. The Indian quintet went down in heartbreaking fashion to West Virginia in the finals of the SC tournament last year but has everyone back save Martin Morris, the team's leading scorer. Sophomores Ron Pannelton and Jim Rama will give the Tribe its best depth in years.

With the 181st Annual Episcopal Diocesan Convention coinciding with the 50th anniversary of his ordination to the ministry, a special resolution was passed honoring the Reverend Dr. Charles H. Long of Philadelphia. Dr. Long retired in 1961 after serving for 19 years as secretary to the convention, secretary to the Bishop and secretary to the Diocese.

16

Lt. Col. (Ret.) R. B. Gayle of San Francisco writes that he received his incentive for Physical Conditioning by playing football and basketball at William and

Mary; so while he is almost 72 years of age he plays paddle ball at his club four times a week and some of his opponents are Bill Killmer and Mike Lynde of the San Francisco '49'ers who play at the club in their off seasons.

Hugh Alexander Campbell of Silver Spring, Maryland retired in 1964 from the Montgovery County School System after having retired in 1957 from Federal Service. He and his wife are enjoying traveling around the country.

18

Alf J. Mapp retired from the superintendency of the Portsmouth, Virginia Pub-

lic Schools in June of this year after 47 years in the public schools of Virginia.

20

Francis A. Davis of Richmond, Virginia retired last year from the Virginia Highway Department. He advanced with the system from rodman to chief engineer and deputy commissioner.

23

Elizabeth Eades of Amherst, Massachusetts who retired in 1963 as Librarian at Phillips Academy, Andover, completed recently a two-year assignment in the Library at Amherst College. She plans to spend the coming year abroad, traveling and visiting in Greece, Italy, Switzerland, and England.

24

Helen Smith Stuart of Charlottesville, Virginia is the newly elected State President of National League of American Pen Women.

Jesse C. Phillips of Harrisburg, Pennsylvania retired this month as General Manager of the Harrisburg Branch Office of the U. S. Fidelity and Guaranty Company after 41 years' service.

25

Ron R. Vipond of Norfolk, Virginia retired in June from the Federal Service where he had been employed as the Personnel Officer for the Atlantic Division, Bureau of Yards and Docks for the Navy Department.

H. I. Willett, Superintendent of Richmond, Virginia Schools, recently had a \$1,000 scholarship named in his honor by the League of Richmond Teachers.

Lucy Ann Taylor of Los Angeles writes that her work with Moral Re-Armament has taken her out to the West Coast, the organization's publication center.

27

J. E. Zollinger of Fort Lauderdale, Florida, retired IBM executive, presented a set of the Great Books of Western Civilization to the Sigma Phi Epsilon fraternity on campus.

28

Dr. Virginia Farinholt formerly professor of Romance Languages at the University of North Carolina at Greensboro, retired this year.

29

Macon C. Sammons  
Box 206  
Shawsville, Va.

Professor Ralph B. Long taught a summer course at King College in Bristol, Tennessee. He is grammarian and professor of English at the University of Puerto Rico. Dr. Long's book: "The Sentence and Its Parts" is considered one of the basic reference tools in the study of grammar.

Daniel C. Pierce of Charleston, West Virginia represented the College at the inauguration of the new president of Morris Harvey College in that city.

Edith Shackman Clarke of Lake Wales, Florida writes that her son, Bruce, is in the service in Germany and that her husband passed away in 1964. She is active in volunteer work at the local hospital.

### 30

Louise James Conger of Atlanta, Georgia writes that her only claim to fame is that she has three beautiful grandchildren, a boy 11, a girl 3½, and a girl 9 months.

Edward Milton Trice of Drewryville, Virginia early this year was appointed Superintendent of Southampton County Schools.

Sally Copenhaver Southworth of Richmond, Virginia, has three grown children. The eldest girl is teaching in Fairfax County, the second girl a student at Westhampton College; and a boy is in high school. She herself is a teacher in the Richmond Public School system.

### 31

T. Pettus Carter of Washington, D. C. is enjoying retirement. He is active in church work and keeps busy at his home.

### 32

Henry Stanford Barrett is the artist-in-residence at the University of the South in Sewanee, Tennessee. He studied extensively (art) in this country and Europe.

John Wills Tuthill is still in Brussels as U. S. Ambassador to the European Communities—i.e. The Common Market.

Alice Miller Hart of Wading River, New York is teaching in a nearby elementary school and loves it. She has two boys, the eldest going to the University of Colorado.

### 33

Jean Ogden of Chevy Chase, Maryland is working for Woodward & Lothrop, Inc. She has been with them for ten years.

Rhoda Pratt Hanson's 18-year-old daughter, Thora of Miles City, Montana has been an "Au Pair" girl most of a year and is probably one of the first American girls to catch on to something European girls have been doing for decades. She has been living in the family of a doctor in Paris having the best possible opportunity to learn the language. Her advice to any girl who dreams of living for a year or so in Paris is to join a French family under this time-honored "Au Pair" system.

Ethel Hartman Houston and her husband Kenneth recently returned from a month's vacation in Europe. Their daughter, Judith, is studying Interior Design at RPI and their son, Craig, has recently been made an Eagle Scout. Ethel is outgoing president of the Falls Church Area Branch of the AAUW. They live in Falls Church, Virginia.

Joseph H. Jackier of Detroit, Michigan will represent the College this month at the inauguration of the new president of Wayne State University.

Robert Bruce Johnson of Richmond, Virginia spent the summer working at "The Common Glory" in Williamsburg—his 18th year. He teaches Government and Dramatics

October 1965

at Hermitage High School in the winter.

Mary Virginia Rigg Fischer of Las Vegas, Nevada writes that she and her husband, Monroe, who is on the faculty of Nevada Southern University, have bought a new home there.

### 34

Andrew J. Christensen of Roanoke, Virginia, a former captain of the baseball team, picked up his COLONIAL ECHO last spring after reading in a local paper that W&M had been shut out by Navy. He remembered then that his W&M baseball team had shut Navy out thirty-five years before and that they had been a long time in getting even. Andy's picture and a write-up appeared in several local papers.

Michael Turchik of Bridgeport, Connecticut after graduating from Illinois College of Podiatry in Chicago in 1934 settled in Bridgeport and has been practicing Podiatry since.

Elizabeth Young Clark and her husband have recently moved to Bluefield, West Virginia. She is a professor of English in Bluefield College.

### 35

Frank Barrett Horton, III, USAF, son of the F. B. Hortons in Houston, Texas, has been doing graduate work at Harvard University toward his Ph.D. degree. It is expected that Lt. Horton will teach for several years at the Air Force Academy and possibly also at West Point after he receives his degree.

Maxine Kanter Meltzer of Norfolk, Virginia completed a Spanish Institute course in 1964 at Kent State University in Ohio. At the present time she is teaching Spanish at a junior high school. Her 16-year-old daughter is a high school senior this year.

Katherine Burch Tyler of Richmond, Virginia writes that her son, Henry Magruder, III graduated from Collegiate last June and entered Princeton in September. Her daughter, Katie, is a freshman at Collegiate.

Bruce M. Kent stopped by the Alumni Office last June. He mentioned that his family had received 9 degrees from W&M—and that next year there would be another law degree in the family.

Roland B. Hall of Easton, Pennsylvania represented the College this month at the inauguration of the new president of Lehigh University.

Lula Gilmer Wilhelm of Arlington, Virginia this year was appointed to the Board of Visitors of Virginia Polytechnic Institute.

E. Alvin Gentry of Radford, Virginia has been named Plant Counsel at the Radford Army Ammunition Plant.

### 36

Addison R. Brown of Media, Pennsylvania is a practicing CPA in Philadelphia.

John Ellis Harwood writes that he was appointed Deputy Commissioner and Chief Engineer in January 1965. His wife Nathalie Hubbard, died in 1961. His oldest daughter lives in Magnolia, Arkansas. His youngest daughter is attending William and Mary as a freshman.

Clyde E. Shelton of Hamilton, Ohio represented on October 14th the College at the inauguration of the new president of Miami University.

## Now a student life policy a father can afford! Insurance: \$10,000 Premium: \$30

College is costly enough without high insurance premiums . . . yet students should be insured. Life of Virginia now offers a way to give students ten thousand dollar coverage, for only thirty dollars a year, with no medical examination. Both full-time college students up to age 27 and high-school seniors who will be in college within six months are eligible. And the insured may convert to permanent insurance at any time the Student Life Plan is in force, without evidence of insurability. For information on Student Life Plan, Call a Life of Virginia representative today.

Robert L. Simpson of Virginia Beach was recently elected President of the Association of Commonwealth's Attorneys of Virginia.

Horace E. Henderson of Washington, D. C. is the Executive Director of the World Peace Through Law Center.

Edward N. MacConomy has been promoted to Assistant Chief of the Library of Congress's General Reference and Bibliography Division.

# 39

Frances L. Grodecoeur  
810 Howard Street  
Monongahela, Pa.

Marion and Kendall Beavers, Jr. of Orlando, Florida write that their daughter, Susan, is now a student at Lees-McRae College in North Carolina.

Ruth Davis Jirkovsky of Hialeah, Florida returned this year from a 14-year stay in Colombia, S. A. She is doing substitute teaching in Spanish in the various elementary schools.

R. Bradshaw Pulley of Virginia Beach, Virginia was selected as the 1965 National Honor Agent. He was chosen over 6,750 other agents.

# 40

Mrs. Franklin D. Henderson  
(Barbara Clawson)  
Box 17, Irvington, Va.

I've been hoarding a couple of grand letters for months waiting for the next GAZETTE. Frank and I had a much appreciated card from John and Marion Milne Barba. They and their family were to be in Williamsburg in June for the Alumni Board meeting, and they also look forward to returning for Homecoming and reunion. John was asked by President Paschall to represent William and Mary at the inauguration of the President of State University of New York on May 13th, with reception afterwards at Lincoln Center by Gov. and "Happy" Rockefeller.

Marion is now Vice-President of the Essex County Kappa Alumnae group and still continues with the old Westfield club which she and I attended. In April Marion attended the Kappa Province (Beta) convention in Philadelphia and "had the time of my life and a whole new experience." While there she met Yvonne Johnson Jenkins '39 and Betty Douglas Cornwell '42x.

Also have a wonderful letter from Jack Hudson (Colonel USMC). I just can't emphasize enough how much it means to have people write me these grand, newsy letters. Jack says that after four years at the Pentagon in the office of the Assistant Secretary of Defense for Manpower, it's a complete change of scenery at the University of Virginia, where he's Commanding Officer of the NROTC Unit and Professor of Naval Science. He even has nurses in training in his "brood"!

Last year he and Miriam had a delightful vacation trip to Ireland where they enjoyed the wonderful hospitality of old friends not seen in over 20 years, then recovered with a rest at Lake Killarney.

I expect Jack is correct in assuming that he is the only one of our class to have a grandniece in attendance at William and Mary this fall. Terry is the daughter of Lane and Anne Burton Dudley—also the niece of Ben and Sarah Burton Letson, all William and Mary Alumni.

So delighted we may look forward to seeing the Hudsons at our 25th.

I recently received a short letter from Jane Brandt Wild who was spending the summer with her family at the Cape. I was delighted to hear that she and Ben plan to return for reunion.

This weekend while basking on the sand at Virginia Beach Nancy Chisholm Akers appeared out of the blue. She and Connie and their three handsome children were just down the beach from us. Nancy told me that Carney and Anne Cross Pearce and Walt and Betty Carter Zable will all be back for Homecoming.

Marion Smith Turner of Towanda, Pennsylvania writes that her son, Dave, Jr. was married last year and is now a tremendous help working for his father in their daily newspaper plant. Their two girls are busy being typical teen-agers. She and Dave had a windjammer cruise through the Bahamas early in the year.

Alfred L. Alley of Beale Air Force Base, California is now a Lt. Colonel and Base Chaplain. He was in Guam for a while, but is happy to be in northern California now.

Rosa Ellis Long of Buffalo, New York writes that her daughter, Jaquelyn enrolled at the College this year.

Louise Eppinger Nuernberger of Chambersburg, Pennsylvania writes that her daughter, Mary Ann, will be a Junior this year at the College. Her son, John, graduated from the Naval Academy in '64; a younger son, Jerry, is a student at Mercersburg Academy, and a little daughter, Laura is in the second grade.

Next week we anticipate the arrival of Jack and Ann and Johnny Garrett who will be with us for a few days before Johnny goes back to College. Today our children returned to school so the home front is a quiet one after a very pleasant summer. I have retired from teaching Nursery School so will be a lady of leisure this fall!

In June I spent a long weekend in Plainfield with my mother and later that month the four of us had a trip to Charleston, W. Va. to visit our daughter and her family, Bambi, John and little Mark Slack. Ann stayed on for a month with Bambi and it seemed strange indeed to have an only child at home.

Let's bend every effort to make our 25th an even greater one!

41

Mrs. William G. Mollenkopf  
(Margaret Mitchell)  
231 Hillcrest Avenue  
Cincinnati 15, Ohio

Let any of you have forgotten, our 25th Class Reunion will be coming up next year—October 14 and 15, 1966, to be exact. Class President, Buddy Strange, has asked Bill Land to serve as Chairman of the Reunion Committee and Bill is hard at work making plans for the very best reunion any class has ever had! Among the various inducements planned to entice each and every one of you to Williamsburg next October will be a Social Room where we can gather at any time, with an ever-full punch bowl. Sounds good to me. Plans are also being made to lodge all of us at the same place. Many other ideas are in the planning—don't want to give away all the surprises now, but you'll be hearing about them and they all add up to a big weekend for our 25th.

Bill keeps busy with his law practice plus the usual civic jobs. They have a son, Stilson, who is 13, and a daughter, Katherine, who is a junior at Mount Holyoke College.

Davy Jones writes from Beaver, Penn., bringing us up-to-date on his activities. Their older daughter, after a year at William and Mary, took a year of study and travel abroad covering almost every country in Europe, and is now home, and attending Geneva College. Their younger daughter will be entering College this fall. Twenty months old Landon, completes their family. Thanks for your letter, Davy.

Austin L. Roberts, Jr. of Beacon Hill, Maryland, in June of this year became Executive Director of the Independent Natural Gas Association of America. He served as general solicitor of the National Association of Railroad and Utilities Commissioners from 1953 until his resignation to accept his new post.

Mary S. Etter of Harrisonburg, Virginia writes that she is serving her second year as President of the Madison College Alumni Association. That is her undergraduate college where she received her B.S. degree before getting her M.A. degree from our

October 1965

Alma Mater. She still teaches at Keister School.

Lillian Douglas Andrew of Lynch Station, Virginia has a daughter entering William and Mary this fall.

Mary Prickett Roberts of Alexandria, Virginia has a daughter in the Class

of 1968 at the College and another one who graduated this year from Mary Washington College.

John A. Geddes of Darien, Connecticut for eleven years has worked for Metro-media Broadcasting.

## GROWTH

**T**EN YEARS ago, William and Mary students shopped almost exclusively within a few hundred yards of the campus. The Williamsburg Shop was one of their favorites. In 1961, experiencing growth and the challenge of serving a growing Williamsburg area, the Williamsburg Shop moved to new quarters at the Williamsburg Shopping Center. Students followed, still seeking quality sportswear, gifts, luggage and a variety of other items. Today, they continue to travel frequently to the Williamsburg Shop and the other fine stores conveniently located at the Shopping Center on Richmond Road.

WILLIAMSBURG SHOPPING CENTER

ington, D. C. was appointed Director of Graduate Program of Health, Physical Education and Recreation at the American University in 1964.

While I was in Florida at Easter time, Dot Lindquist Swan called. Sorry I didn't get to talk with her but my husband did and learned that they were in the area, looking over colleges for their son. Their daughter Karen is at Lawrence University, where she will be a sophomore this year.

42

Mrs. David R. Mackey  
(Eleanor Ely)  
1825 North Main Street  
Hutchinson, Kansas

Believe it or not, our present class secretary (Marion Pate Macon) contributed the best news of all when she wrote and asked me to do this newsletter. She is expecting a baby around August 15 and hopes to be in the hospital around deadline time. Their son graduated cum laude from the Woodberry Forest School in June and will be heading for Princeton this fall. They are living in Richmond again now at 2621 Brookwood Road.

Terry Teal (Crutchfield) and Jane Mercer (Shackelford) apparently had a rendezvous in Geneva, for a "Wish you were here" post card arrived from across the sea. Terry and her family live in a wonderful, old Chateau-type house there, which I can tell you from experience is lots of fun to visit!

Since no other news has been forwarded to us, I might add that our son, Doug, graduated with many honors in debate and theatre, and will enter the Journalism School at the University of Kansas this fall as a Summerfield Scholar. Also, we were proud to have in the graduating class our American Field Service student from Antwerp, Belgium. He gave us a very interesting and a very busy year!

Our Class Secretary, Mrs. Marion Pate (Macon), and her husband are the proud parents of an adorable baby girl—Susan Conway Macon—born August 12th. Marion writes happily that her roommate in the hospital is a W&M graduate of the Class of 1958, so they had a good time comparing notes.

Harlie H. Masters of Phoenixville, Pennsylvania recently was among those attending the Air Force Medical Service meeting in New York. He participated in a series of programs that revealed the latest advancements in medical aspects of aviation and space travel.

William L. Slater of Montebello, California is a research chemical engineer at Texaco's Research Laboratory there. He this year was granted a patent assigned to Texaco Inc. and covering improvements in recovery of oil from oil shale by underground hydrogenation.

Elizabeth D. Conwell of Swarthmore, Pennsylvania wrote that she has five children in the local schools. The oldest, James, just completed his freshman year at Nichols College at Dudley, Massachusetts. He was active in cross-country and track. Ran in the Boston Marathon—26-mile race. Finished #158 out of total of 350 entrants.

Dr. Samuel P. Bessman of Baltimore, Maryland who is Professor of Pediatric Research and Professor of Biochemistry at the University of Maryland School of Medicine, has recently been awarded a Certificate of

Meritorious Research by the University of Georgia School of Medicine.

Come on, now, let's hear from the rest of you who have graduating children and/or new babies!

43

Nancy Guptill Searle of New Canaan, Connecticut writes that her middle daughter, Sandy, is attending Colby Jr. College this fall. Her husband has just been appointed General Manager of the Bag Division for the St. Regis Paper Company.

Virgil Taylor Ford who earned a Bachelor of Music degree after he left W&M has had 43 religious anthems published. He is a Certified Methodist Minister of Music.

Milton Greenblatt of Waterbury, Connecticut recently was appointed to the Board of Trustees of Post Junior College in Waterbury.

Joseph B. Ridder of San Jose, California represented the College at the inauguration of the new president of San Jose State College.

Claire Bardwell Debo of Grand Island, Florida has five children and writes that she is working for her husband who has a general practice in Eustis. Her daughter graduated as salutatorian from high school this year.

44

*Mrs. Rolf Williams  
(Sunny Trumbo)  
904 Jamestown Crescent  
Norfolk, Virginia*

Parker Bryant Baum has joined the Department of Chemistry at Skidmore College in Saratoga Springs, New York as a new faculty member this fall. He holds a doctoral degree from the University of North Carolina.

John Paul Carter of The Plains, Virginia became the Executive Secretary of the National Association of Episcopal Schools in September. He expects to do a great deal of travelling and has offices in Warrenton, Virginia and Washington, D. C.

45

*Mrs. John F. Blom  
(Dorothy Johnson)  
325 Henry Street  
Hasbrouck Heights, N. J.*

*Mrs. T. L. Van Dum  
(Marion Lang)  
251 Division Avenue  
Hasbrouck Heights, N. J.*

Marian Owen Mine of Kilmarnock, Virginia and her husband, Edward, have recently started their own business, the Tidewater Credit Association. Her husband retired this year after 21 years military service.

Shirley Gapen Lanham is working as an administrative assistant at the American Council on Education. She is in charge of evaluation of Armed Forces Service School training in terms of academic credit at both the high school and college levels. She saw Gloria Chrestlick (Mrs. Burton Stulberg) and her husband and daughter in Washington last summer. Gloria's husband, Dr. Stulberg is a psychiatrist in Buffalo.

Jack Gulley who received his BA and BCL at the College has been promoted to Divisional Claim Superintendent in the Eastern Office in Charlottesville, Virginia of the State Farm Mutual Automobile Insurance Company.

October 1965

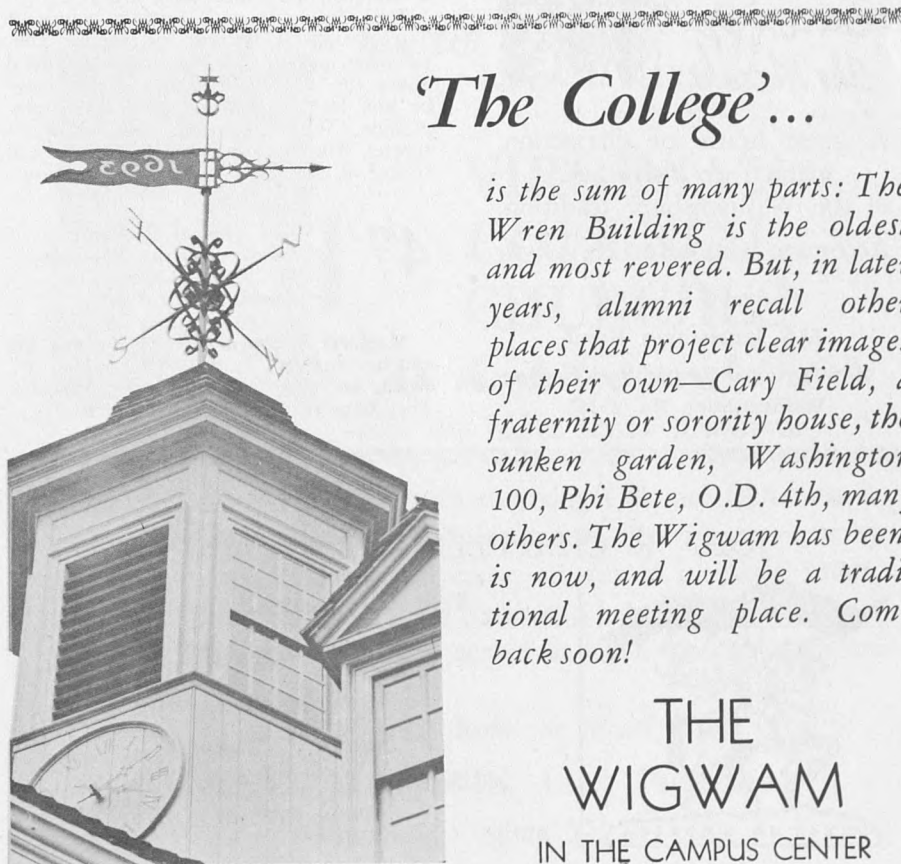

## A FULL SERVICE BANK

John R. Chappell, Jr., '20

John R. Chappell, III

Berkley P. Walters

200 N. Fourth St. Richmond, Va.

Phone 643-7361

Tom and Keith (Gamble) Duncan of Birmingham, Michigan write that they have now completed their first year in the cold country without freezing over. They would welcome any other school friends who might be in the Detroit area.

Edith Harwood Smith of Westfield, New Jersey writes that her husband had a head-on collision accident early in the year and is improving nicely. Their son spent the summer in the Poconos and their daughter is studying ballet in New York City.

Mary Baker Flynn of Winnetka, Illinois and her husband, Fahey, decided to take their two children, James II, and Kathy 9, to Europe during the summer. Their summer place near Hillsdale, Michigan was destroyed by a tornado on Palm Sunday.

Ennis Rees of the University of South Carolina was awarded this year the distinguished professorship in English.

H. Reid of Norfolk has written so far two railroad books, VIRGINIAN RAILWAY in 1960 and EXTRA SOUTH in 1965. The first one he said put him in WHO'S WHO. He is working on four more at the present time.

Julia Woodbridge Oxrieder of Bethesda, Maryland during the past year has been doing some very interesting volunteer work for the Special Assistant to President Johnson on Consumer Affairs—objective to see how difficult it was to determine "best buys."

Betty Cutshall Allman of Manchester, New Hampshire writes that her husband has recently been appointed vice president and general manager of Daven Company which manufactures electronic compounds.

Arthur Cavanaugh earned the distinction of being included in "Prize Stories 1965: The O. Henry Awards" which Doubleday & Company published early this year.

Fred Frechette until recently, editor of THE ALUMNI GAZETTE, has received considerable publicity in the eastern United States for a movie written and produced by him for the Virginia Civil War Commission. The old Yankee took a difficult subject, The War Between the States, and treated it thoughtfully and with dignity.

47

Mrs. Thomas O. Moore  
(Marian Melson Robinson)  
167 Wallace Street  
Freeport, New York

Marjorie Bowman Allen writes that she and her husband, Lt. Col. (Ret.) Paul W. Allen, are retired in Gloucester, Virginia. They have two daughters—5 and 8.

48

Mrs. Paul E. LaViolette  
(Pasco Keen)  
12905 Kendale Lane  
Bowie, Md.

Mary Cappelmann Killian and her family have moved to Cleveland, Ohio from Waltham, Mass., where her husband, Mark, has been appointed Asst. Sales Manager of Osborn Manufacturing Co. The Killians have seven children ranging in ages from 3 to 14. Their new address is 2771 Gibson Dr., Rocky River, Ohio 44116.

Robert L. Passow of State College, Pennsylvania represented the College at the inauguration of the new president of Bucknell University in May.

William H. Saunders of the Department of Chemistry of the University of Rochester, Rochester, New York has recently published a textbook, "Ionic Aliphatic Reactions"—Prentice-Hall.

Jane Cornwell Nettleton of Richmond, Virginia is working as head of cataloguing at Union Theological Seminary there. Her husband is President of Partake of Richmond, business consultants. They have three daughters, 15, 13, and 10.

49

Mrs. Lawrence E. Barron  
(Eva Kajka)  
665 Suffern Road  
Teaneck, New Jersey

Ralph G. Bailey of Richmond, Virginia, his wife and three children are living at 1310 Stoneycreek Drive. He is employed by Peoples Service Drugs, Inc. as a Student Externe in Pharmacy and attending the School of Pharmacy at the Medical College of Virginia. All their friends are invited to drop by.

Charles W. Bryant of Richmond had a vacation trip to Cherokee, Iowa early in the summer. He is Secretary-Treasurer of Pollard and Bagby, Inc.

Henry Rosowsky of Berkeley, California has joined the Harvard faculty as Professor of Economics.

Stuart Ashman, M.D. of Virginia Beach has opened an office for the private practice of Psychiatry.

David D. Henritze of Atlanta, Georgia represented the College at the inauguration of the new president of Oglethorpe College on May 15, 1965.

Joan Felix Dawson says that Joe Lonas who is on the faculty of the Institute of Fine Arts in West Berlin, has been touring the U. S. with a student exhibit sponsored by the Sherry Foundation.

Lou Bailey has become Adv. Manager of Drug News Weekly.

Ed Brown is now with Doyle, Dene, Bernbach on the Clairrol account.

Eleanor Abell Adams of Baltimore, Maryland has just graduated from The Maryland Institute with a BFA degree. It was accomplished "magna cum familia" for her three children and husband pitched in at home. She has been teaching art at Lutheran Deaconess School.

In the August 1965 issue of the REYNOLDS REVIEW there was an article on

Knox Ramsey who is Operations Superintendent of the Grottoes plastics plant. He and his wife, Betty and their three children live in Waynesboro, Virginia.

**50** Mrs. Robert R. Morrison  
(Phyllis Reardon)  
201 Oleander Avenue  
Bakersfield, Calif. 93304

My news seems to get shorter and shorter and the only way it can improve is with your help. I am hoping that somebody from the many who will be going to Homecoming will take it upon themselves to send me some information. Please everybody try and send me just a little something whether you go to Homecoming or not.

I had a nice letter from Shirley Lyons Hardwick from London. Shirley had just gotten back from a trip to Holland. She gets together with Sue Green and Ginny Teague (don't know married names sorry to say) quite often. Ginny has just recently come to London where her husband is stationed with the Navy. Shirley said they now have a Pan Hellenic Group in London and meet once or twice a year. At the rate they are going they will soon have a William & Mary Alumni group over there.

This spring Jim Macken was in Bakersfield with the Davis Cup team from Canada. I tried to get in touch with him but was unable to.

We have had a very busy summer. Both girls really went all out for swimming this summer and plus their regular classes they took part in the water ballet group and the swimming team. Bob tried not to miss a single sailing regatta so that threw in lots of extra trips, the nicest being one to Huntington Lake. We plan one lazy week at Balboa before school starts.

Waverly ("Whitey") Cole has been selected to become Director of Department of Anesthesiology at Richmond, Virginia's new Catholic Hospital, St. Mary's.

Now please don't forget to send something, the smallest post card will do . . . please don't let me down.

**51** Mrs. Beverley F. Carson  
(Anne Reese)  
406 North High Street  
Franklin, Virginia 23851

After you read this class letter, please take time to write to me! We would be lost this time if I had not had time to read the newspapers this summer. Thank gracious some of you got your name in the headlines! With the busy schedule I have coming up for the fall and winter, I may not get the chance to read a paper, so please write me a letter telling me about your busy life. The rest of the class would like to hear from you.

Betty Swecker Abbott's sister, Judy S. Riddick, lives here, and she told me that Betty is now living in Charlottesville, where her husband Bob works in one of the banks. They have three children: Bobby, five years old; Jenny, two years old; and Alice who was born on April 19, 1965.

Jack M. Gully has been promoted to divisional claim superintendent for State Farm Mutual Automobile Insurance Company's regional office in Charlottesville. He formerly supervised State Farm's claim of-

fices in Norfolk and Newport News before returning to Richmond last year as Richmond resident superintendent of claims.

On Wednesday night, April 7, 1965, on NBC TV Margaret Hall, '53, played a featured role in "The Holy Terror" with Julie Harris who played the title role of Florence Nightingale. When the drama was being rehearsed and filmed, Margaret was still acting on Broadway in "High Spirits" starring Bea Lillie and Tammy Grimes. Margaret and her mother who lives in Richmond made a trip to Europe this summer.

Paul Webb coaches basketball at Randolph-Macon College in Ashland, and this year his team won the Mason-Dixon Conference championship. This completed an area small college triple crown: the M-D championship, the first for a Virginia team, to go with first place repeats in the Little Eight and the Southern Division.

Jim Kelly was recently appointed director of development at the College of William and Mary. He will also continue

as alumni secretary. Dr. Paschall said "this combined position will afford better coordination of fund raising and other development activities involving the college as a whole, and will assure more effective association with the society of the alumni in these efforts."

Wesley Richardson and two other men in the Petersburg area have purchased an old grist mill and are converting it into a dinner theater to be known as the Swift Creek Mill Playhouse. The mill is located on U. S. Rts. 1 and 301 at the northern city limits of Colonial Heights. Wes is the business manager and will oversee the food operations.

William Blanks, '49, is the new Superintendent of Schools for our city of Franklin. Edward E. Brickell, '50, who formerly held this job resigned in June to go to live in Williamsburg where he will be an Assistant to Dr. Paschall.

Victor A. Janega of Bridgeport, Connecticut has recently been promoted to major in the USAF. He is an intelligence

(Marguerite Huff)  
6720 Deland Drive  
West Springfield, Va. 22150

I assume everyone had a good vacation, one that kept you too busy to write. Now that you're home, sit down and pen a few words of your doings and seeings.

Charlotte Lewis attended the American Bar Association meeting in Miami Beach with her husband in August, one event that your secretary just almost made, but missed.

Tom Fulcher, '53, now a physician and a surgeon, has recently opened an office in Falls Church, Virginia. He came over and brought his wife, Joann, a Pennsylvania girl whom he met as a nurse in New York. They have three sons.

Mary Maples Dunn of Philadelphia, Pennsylvania is married and has a little girl. Another child is expected in November. She teaches History (American Colonial) at Bryn Mawr College.

Peter B. Crenier has recently been promoted to the position of Hawaii District Manager in the Consumer Products Division of Scott Paper Company.

If you make it to Homecoming, let us know any news you hear.

## A Collector's Item The Williamsburg Medal

Obverse

Reverse

*Commemorating the historic city and its ancient college, the Williamsburg Medal was designed and manufactured by the most famous medallion makers in America. The size of a half-dollar, the Medal may be kept in a beautiful holder, worn as a pendant, on a bracelet or key ring, or as a charm. A very limited number of these handsome Medals has been struck in silver and bronze. The silver Medals are numbered and will be registered in your name. Own one and cherish it as a collector's item.*

Mrs. H. L. Harrell  
(Yolanda Grant)  
823 Dorian Road  
Westfield, N. J. 07090

As of this writing I'm planning to attend Homecoming. Hope to see lots of you and gather lots of information.

Anne Lunas Vincent called in August while visiting her parents in Cedar Grove, N. J. We hoped to get together, but her youngest boy caught the chicken pox and my Michael got the grip, so goodbye visit. Anne lives in Columbus, Ohio and has two sons Jimmy, 6, and Andy, 4. She, too, is planning to renew old acquaintances at Homecoming. Anne talked to Harriette Harcum Hobbs at a stopover in Washington, D. C. Harriette and family have moved into a big old house on the Maryland side of D. C. She has a kindergarten age daughter, Ann, and Holly, 18 months. Anne also saw Sara Jane Blakemore who recently married a widower with three children. They live in Arlington, Virginia. I don't have her married name. Her oldest stepson is a freshman at William and Mary. Anne says that Sonja Warner, '56, had her third boy in June. Sonja's husband works for Du Pont and they live in Wilmington, N. J.

Some of the news Anne had came from Christmas cards. Lois Raymond Camp lives in Swarthmore, Penn. Her husband works for Sun Oil and travels a great deal. They have a daughter, 4, and son, nearly 2. Harriet Collins Spann lives in Lancaster, California. Her husband is now out of the service, and they have a son, 6, and daughter, 2. Anne heard that Florence Dehart Burns was expecting her fourth baby in April, but hasn't heard any news since. Florence has two girls and a boy and lives in San Francisco. Lois Ludwig Foster, '56, had a baby girl in May.

Mary Lou Pardue wrote Anne an interesting letter in July. Mary Lou has re-

ceived a fellowship from Yale to study for her doctorate. It involves no teaching or research duties, so that she will be able to devote full time toward her studies. In April Mary Lou had the fascinating experience of working on biological experiments which NASA plans to orbit in a satellite next year.

Norman Moomjian can usually be counted on for news. He always seems to have alumni dropping in his New York restaurant, Copain's. Norm tells me he has already made his reservations and is planning on a really big time at Homecoming. Morty Lembeck, '56, is engaged to be married this fall. He's with a stock brokerage firm in New York. Tommy Martin, '54, has recently bought a new home in New Brunswick, N. J. Art Gingold, '58, and his date Luba Lisa from the Broadway musical, "I Had a Ball" recently had dinner at Copain's. Art is a marketing manager with Levitt and Son. Bruce Saxe, Bob Feldman, and Gary Joachim, '56, all doctors in New York, brought their wives for dinner one evening. Also in New York sight-seeing, and catching the plays were Joe Kinder, '54, and his wife from Providence, Rhode Island. Norm said Ralph Levine, '39, a dress manufacturer from Boston entertains at his place quite often and that Dean J. Wilfred Lambert has dropped in several times.

Bob Forrest, Violet, and their three children stayed with us in August en route to Washington, Penn. Bob is going to teach at Washington and Jefferson College there. My brother, Denys, '58, and his wife, Barbara Turner Grant, '59, and son, Bruce, also visited with us a few days this summer. They have a new baby daughter, Laurie, born in April.

Joe and Carolyn Hume are living in Ridgewood, New Jersey now. He is employed with Unit Printing Corporation in Paramus as Director of Marketing and

Sales. They have seen Eddie Watts and Howie Ballerman—both living nearby.

Pat Perkins and Donald Berryman are now living in Tokyo, Japan. He was sent there by his firm, IBM World Trade. They expect to be there for two or three years.

Bernice Magruder Sherwood of La Crescenta, California and her husband, John, are enjoying living in their home in the foothills area of Los Angeles. He is a manufacturer's representative for two Washington State companies, covering California, Arizona and Utah.

Otto Lowe, Jr. of New York City represented the College at the inauguration of the new president of the Borough of Manhattan Community College last month.

Barbara Diggs Littell of Washington, D. C. writes that her husband, Richard, is an attorney in the public utility field. She is doing part-time work at the Brookings Institution.

Charles R. Johnson of Tachikawa, Japan joined the Air Force after spending six years with IBM. He is presently flying C118 aircraft on air evacuation missions in Japan, Korea, Okinawa, Taiwan, The Philippines and Vietnam. He is married and has five children.

Without Anne and Norm there would have been no column this time, so many thanks to both of them. Don't forget to send all your news from Homecoming.

Mrs. Henry V. Collins, Jr.  
(Eloise Gideon)

will once again get in the routine of dropping me a line now and then.

A note from **Dodie Diggs Fauber** tells us that she is teaching kindergarten in Lynchburg, Va. while husband, Fred, is attending college with plans for teaching in his future. Dodie has done a little writing on the side and has had three articles accepted for use in Methodist youth publications. Congratulations, Dodie!

Our class is producing lots of little girls! **Roland and Sue Whaley Howard** had their third daughter, Elizabeth, last March. **Don and Champe Summersen Hyatt** had their third child, Sue, in March also. And **Paul and Barbara Mitchell**

**Welch** had a daughter, Kimberly, last May.

A visit with my parents in Arlington, Va. last spring fortunately coincided with a visit to the area from other members of our class. **Rod and Jean Wyckoff Mercker** got us all together for a lovely dinner and evening at their home. **Meta Fooks Rickard** and husband, Dan, were visiting from West Point and were planning to leave in June for a year at the Air Force Academy. **Randy and Mary Alice Regier Hoes** were on their way home to Wayland, Mass. after visiting with both of their families. They had their two children with them, Randy and Kathryn, who are a miniature Randy and Mary Alice (and who went immediately off to bed I best add!) **John and Pat Wells McDonnell** were also there. They live in Alexandria and have a year-old son, Joseph. We had a small reunion of our own!

**Barton H. Tayer** will complete his training in the dental specialty of orthodontics in June 1966 and will open his practice in the area of Brookline, Massachusetts.

**David and Roberta Jackman Harrison** of Sunnyvale, California write that they would love to have W&M visitors at their new home there.

**Robert and Patricia Landen** are spending a year abroad—they say thanks to the generosity of the Social Science Research Council and Dartmouth College. He is working on a project on the modernization of the Persian Gulf in the Middle East and Britain. They have three little ones.

**Margaret Camp Dennis** of West Lawn, Pennsylvania writes that she was married in 1955; has one nine-year-old daughter, a son who is seven, and another son who just turned one. Her husband and she are both active with the Jaycees.

**Ed and Belinda Watkins** are living in Williamsburg, Virginia. Ed returned from a 10-month tour in Korea in June. He is now attending Transportation School at Fort Eustis and will probably be stationed there for the next two years. They would love to have any alumnus visit them.

**Herbert W. Bistrong, M.D.** is presently a resident-in-medicine at the U. S. Naval Hospital, San Diego. He resides at 4236 Lochlmond Street with his wife, Carol, and three children.

**Harlan J. Reynolds** of Endicott, New York has recently been promoted to Manager, Engineering and Management Education at IBM in Endicott.

This September will find our oldest daughter, Marilyn, entering kindergarten and our other daughter, Carolyn, who is three, wishing she were too! (and so does mommy!) I shall be looking forward to hearing from you all again and am glad to be back reporting!

# Holiday Inn®

Williamsburg, Virginia

London, where her father was in the embassy, a year after graduation and while there met and married a naval officer, Gene Caylor, who is an Ohio State graduate. They are presently living in Minneapolis where Gene is with Control Data Corporation in the personnel department. Their pride and joy is their son, Ricky, 18 months. Jo has been active in AAUW and Panhellenic. Jo and Gene saw a lot of Libby Craig Miller and husband Mac while Mac was studying in London. Libby and Mac are now in Deerfield, Mass. with their two children, Julie and Don.

Jo goes on to say that last fall she and Gene went to Washington, D. C. to see her folks and Tommy and Nancy Beery Thomas came up from Norfolk to see them. They have two children, Mark and Kari.

Bob and Jane Brummit Rush are in Rochester, N. Y. after living a year or so in Florida. They have two children, Margaret, about 6 and David, about 4. Bob is in the printing business and Janie is very involved in PTA and other civic ventures.

Marcie Johnston Bergquist and Bob are back in Detroit area after a year for Bob in Viet Nam. They have two children, Paul and Tracy.

Jerri Bennett Squires who started at W&M but who graduated from Ohio State is living in Florida with her engineer husband and three children. Jerri has recently obtained her interior decorator's license.

Jo adds that she got an announcement that Jane Hutton Hurst and Bob have added a third baby to their family. They live in Fairfax, Md. and Bob is a partner in a law practice. Sandy Diggs Johnson and Ken are in Ft. Myers, Fla. with two children. Nina Van Bergen Schuerman and Bill are in Miami and have three children. Thanks, Jo.

Several new female additions to class members. Jeanie, second daughter of Bob and Carolyn Meachum Hawxhurst, arrived April 22. John and Mary Ripley Barry became parents of Leslie Ann on March 25. Elizabeth Anne (Betsy) arrived August 2 and is the second daughter of Gary and Sally Quarton Newtonson who have recently moved to San Francisco where Newt is with Schapp and Hatch.

Had a nice note from Harriet Rippel Doub who is living in Timonium, Md. Her husband, Dick, is a salesman for Mack Truck Co. They have two sons, Robert, 3½ and John, 2 years. She said they spend their spare time relaxing on their 32' Egg Harbor Sport Fisherman on the Chesapeake Bay. Harriet has just finished her second term as president of the Baltimore Alumni Club of Alpha Chi. She adds that Ann Shortt Barham, '56, is in Anderson, S. C. where her husband is a doctor. They have 3 girls. Willie Ann Burke Hughes, '56, is in Memphis, Tenn. with her doctor husband and two children. Thelma Ragland, '58, is doing social work in Havre de Grace, Md.

Got an unsigned card from someone saying he or she had just seen Zona Mae Fairbanks Hostetler. She and Jim live in Alexandria with their son, Randy, 2 years. Jim has recently joined the law firm of Gadsby, Hannah, Colson & Morin in Washington, D. C. and is active in the Washington area Tutorial program. Zona Mae

is still active in the legal area also as a member of her local board of the ACLU and of the Judicial Conference Committee on laws pertaining to mental disorders.

Alex Fakadej has just completed his residency at the University of Va. and he and Carolyn Scheele, '58, and two daughters will be going to the Shephard Air Force Base, Wichita Falls, Tex. in September.

John Cayward married Emogene Stoddard in April, 1964 and they are living in Manchester, Conn. John is a systems analyst with Aetna Life Ins. Co., Hartford.

Ann Evans Duke of Schenectady, New York represented the College at the inauguration of the new President of Union College this month.

Judith Welton Feinberg is living in Rochester, Minnesota with her husband Jack, who is completing his residency in internal medicine at the Mayo Clinic.

Brigitte L. Bradley has been appointed Assistant Professor in German at Barnard.

Announcements of homecoming came this week. Let's hear from those of you who get back. This fall weather in late August is very conducive to planning a football weekend.

58

Mrs. Edward J. Fox, Jr.  
(Beth Meyer)  
512 Ridgeley Lane  
Richmond, Virginia 23229

Labor Day weekend is upon us again, as is newsletter time, and I have waited until the last minute, partially because I had hoped to have more news. We were at Mac and Rusty Dietrick McDaniel's house one night this summer and saw Bob and Jane Ashburn Cross, Louise and Bill McCray and their 2½ year old son, and David and Mary Tine Peckins ('56) and their 2 boys. Bob and Bill are with IBM here where Bill is a salesman. David Peckins is an engineer with the telephone company. Bill said that Jay Lawler ('60) and Leon Long ('60) are here with IBM also. Harry Cornell has been in Richmond with Ward's TV for about a year now. Bill said Bob and Linda McCray Thomas ('59) visited recently with their 3 children. Ed Phillips has been in the tennis news lately.

Kent Watkins is with Senator Carl Hayden's office—involved with the duties of the president protem of the Senate. He married Linda Fuller of St. Paul, Virginia on May 21st. Alex ('56) and Carolyn Scheele Fakadej received orders to move to Wichita Falls, Texas in August. First Alex went to Montgomery for three weeks that month for training. Paula Phlegar Hoge dropped a note. She sounds mighty busy singing with the church choir and substituting at kindergarten. She was also elected Fairfax County Committeewoman for the Democratic Party. She and Joe are in a neighborhood couples' bridge club, and Paula also taught a bridge class of

## G. T. BROOKS AGENCY

REAL ESTATE — INSURANCE — RENTALS

The Oldest Agency in the Oldest City in the Oldest State in the United States

teenagers. She said that Frank and Betsy Stafford Elliott and 2 children are living in the greater Washington area, and that Bob and Bev Burgess Burchette were there and expecting their second baby in May. Mary Tyler Farooqi ('59) and Johnny just had a second child—a little girl this time.

Joy Rice wrote a nice letter telling us about Hook. He finished his tour in the Army and joined the FBI as a special agent. After a year in Milwaukee, Wisconsin, they were transferred to the Newark office, and presently live in Colonia, New Jersey. They have a second son, Jeffrey, born May 30, 1964.

We saw Dig and Margaret Mullins Ansty and two children here last June. They are living in New York City. Otto and Patsy Wescott Lowe moved from New York City to Manhasset, Long Island with their two sons. Big Otto was made director of his department (Floor Pro-

cedure) at the Stock Exchange after only a year.

Virginia Coomes and husband, Ronald F. Hofmeister, are completing their tour of duty in Europe with the Army and are heading for Ft. Lewis, Washington this fall. They plan to spend a month in the east visiting family and friends.

Lorraine Cox McGuire of Virginia Beach, Virginia and her husband will be in Flint, Michigan for a year. Bruce has been granted a Mott Fellowship and will serve as an intern in the Flint public schools to earn a specialist degree in Education.

Sue Davis Addington of Johnson City, Tennessee attended a Chi Omega Alumnae luncheon in Richmond in the spring. Members of the class of '58 who were present: Jane Anne Mathes Dick (living near Los Angeles), Betsy Stafford Elliott, Nicky Macy Pease, Jeanne Ventura Dickson.

Betty Joyce Nunn and her husband, John

L. McKnight, were in Warsaw and Krakow, Poland in August where he presented a paper at the 11th International Congress for the History of Science on August 18th. After the meetings they visited friends in Vienna, Paris and London returning to Williamsburg in the middle of September.

Carter C. Cowles, III, received his MA degree in Mathematics at the University of Maryland in June. He has accepted the position of Program Analyst with International Telephone and Telegraph Company at Virginia Beach. He is married to Suzanne D. Proudman, '65 who received her BA degree in Education last June also at the University.

Kent Watkins of Washington, D. C. has received a \$15,000 fellowship from the Ford Foundation to complete his Ph.D. degree at Harvard and to finish a book.

Tom Sydnor of Winston-Salem, North Carolina is the President of Ervin Homes. The purchase of land for 485 homes and engineering work has begun.

Sidney A. Mook is an instructor in Business Administration and Economics at West Virginia Institute of Technology in Montgomery, West Virginia.

John C. Kerr, Jr. of Montclair, New Jersey has been promoted to Assistant economic analyst by the Prudential Insurance Company of Newark, New Jersey.

That concludes the news. Please drop me a card or note with any news you may have. Hope to see you at Homecoming.

*Mrs. Pasqual A. Picariello  
(Jogina Diamanti)  
254 Radcliffe Street  
Bristol, Pennsylvania*

This is the last bit of news before I see all of you at Homecoming. Do plan to come to the festivities; remember that this is our Fifth Reunion, and our headquarters is the Motor House. Tom Foster and I have been corresponding concerning our reunion and from all reports it should provide a delightful time for all. Set the date aside, October 22 and 23, and join the classmates you haven't seen in five years.

As of June 1, Tom and Joy Ammon Foster located in Sewickley, Pennsylvania (a suburb of Pittsburgh) where Tom accepted a job in marketing with the H. J. Heinz Co. Their latest addition to the Foster name is 7-month-old Joseph. Best wishes to our leader and wife, Joy.

Roberta Schrom Schmidt writes from the University of Wisconsin where her husband, Ray, is working on his PhD in International Relations. Roby works mornings in the Education Department at the University, placing student teachers and son Doug, who is 3 keeps her moving.

Late this summer Larry Schalk sent a card from Los Angeles, California. Nice to hear from you, Larry. He is a sales representative with IBM in L.A. and is also a captain and company commander of an infantry company in the Reserves. Loye Bechtold vacationed with Larry in July in the "land of open convertibles and charcoal grills" to quote Larry. Sounds like all is quite jovial on the West Coast.

Tom and Susie Ragland Farrington sent greetings from Germany. They are stateside once again, settled in Bethesda, Maryland. Tom will be clerking in the Federal District Court in Washington this year. Upon graduation in 1960 Tom entered Yale Law School. In 1961 he and Susie Ragland were married. Then entry to the Infantry, and time spent in Aschaffenburg, Germany occupied Tom's life to the present. Two small Farringtons, Tad, two years old and Kyle, 4 months old have appeared on the scene. Thanks, Tom, for the background information. It was pleasant to hear what you've been doing these past five years, and may Dame Fortune smile on you as you begin your law career.

Nancy Read McNichols also writes from across the sea. She and husband John are stationed with the Polaris squadron staff in Rota, Spain. They have traveled much of Spain and Morocco. Son, John Read, was born in January. Nancy sends her best wishes for a fine Homecoming.

Sally Williams Merrick and Frank are the bursting parents of son, Robert Gleason. The baby was born this past June.

Gail Erikson was married to Ross Anderson on September 11 in Wrentham, Massachusetts. Best wishes to you both, Sally and Gail.

Judith B. Leach of Arlington, Virginia writes that after four years without using her French she finally got a chance to brush up when she visited Paris briefly in late May during a 5-week trip covering 10 cities in Spain, Italy, Austria, Germany, France, and England, plus a stay in Tripoli, Libya where her parents are stationed at the Air Force Base. She says that for anyone interested in a look at the Arab world,

Libya is a good place. It also features some interesting Roman ruins for the lover of antiquities. The local part of the desert is not very Lawrence of Arabia-ish—more grass and less sand—but it does feature lots of wandering camels.

Michael Kalman just graduated from the University of Pittsburgh Medical School and is starting his internship at Lenox Hill Hospital in New York City.

James Edward Humes, Jr. received his Master of Arts degree at the University of Delaware last June.

Deno Baltas has been promoted to supervisor in the Claim Department at the Washington, D. C. office of Aetna Casualty and Surety Company.

Richard Covert of San Francisco graduated from Stanford Law School in 1963 and is currently practicing law as a condemnation attorney with the California Division of Highways.

Dana Brenner and James Brinkley of Newport News, Virginia have moved into a new home. Jim is Vice President of the Mason and Company which has recently purchased a seat on the New York Stock Exchange and now has offices in Richmond and Williamsburg with the home office in Newport News. They are expecting their third child in October. They have two boys, Rob and Doug.

Homecoming is so near. I'll be there with pad and pen in hand. See you all in October.

*Mrs. J. Steirling Gunn  
(Margie Barnhart)  
811 Richmond Road  
Williamsburg, Va. 23185*

At this writing summer is in full swing and there should be plenty of news in the making for the next issue. So far, most of the news concerns winter and spring activities.

In March, John, '60, and Fran McLean Pforr and their son Cameron moved from Richmond to Baltimore, where John has a new job as a Secret Service agent. Fran reports that Jim, '60, and Bobbie Ukrop have a new son Edward, born in April.

Marti Todd Parks writes that she and Ted, '59, are in Davis, Calif., at the University of California, where Ted is a professor. Marti graduated from the University of Wisconsin, where Ted received his Ph.D. David Rice, '59, was a fellow graduate student with Ted in the psychology department and is now on the psychiatry staff at the University hospital in Madison. His wife, the former Joy Straka, is doing graduate work in clinical psychology. John Bell Stephenson, '59, has returned to graduate school at the University of North Carolina with his wife Jane Ellen and year-old daughter Jennifer. Marti's old roommate, E-Bette Kugler Shidler and Jon, '63, live in Williamsburg with their daughters Lieschen, five, and Gaia born last Christmas. Shid is in graduate school at the Virginia Institute of Marine Science at Gloucester Point. Marti's freshman roommate, Suzie Johnson Tulloch, and her husband Bill visited E-Bette recently from Center Square, Penn. John Wren, his wife Judy, son Christopher, and daughter Liza frequently visit the Shidlers, as did Pat and Gene Haislip, '63, before they moved to Washington, where Gene is doing advanced work in international law at Georgetown University.

From Kalamazoo, Mich., Wayne Barber writes that he and his wife, the former Janice Brown, have two sons, Jeffrey, three, and John, one. After serving in the Army at Fort Sill, Okla., Wayne is now a department manager for the J. C. Penney Co. He reports that Joe Poist is married to the former Rosalie Klunk and has two sons. Joe is a first lieutenant in the Army and stationed in Hawaii. Mike Pokorney recently married Gussie Dymchek and they live in Lansdale, Penn., where Mike is in the investment business. Jon and Ginny Vaughn Stephenson and their daughter Mistie are living in Vandalia, Ohio, where Jon is a regional sales representative for the St. Regis Paper Co.

Sue Yarnold Dilloway lives in Wilton, Conn., with her consulting engineer husband Phil and their son David Eric, two years old. Sue finished her M.A. last January and Phil is working on his Ph.D. in industrial engineering. Sue enjoys gardening and writing the *Wilton School Newsletter*. She sends along some other much appreciated news. Her former roommates Sara Linder and Jackie Dreher are enjoying their elementary school teaching in Franklin Square, Long Island. Holly Ruffner was married in July, 1964, to Capt. Robert Clark of the Marine Corps. They are living near New Orleans. Holly is studying accounting through a correspondence school. Teddy Johnson Storm and her engineer husband Paul live in Dallas. Sue heard recently from Army Capt. Paul Dinsmore, '60, and his wife Walli. They were to return to the United States in June after four and one-half years in Germany and will be stationed at Ft. Eustis. In Germany Paul saw Don and Harriet Hardy, '62, who had a baby girl in January. They also saw Jim and Karen Zimmerman Gudinas, '62, Don and Kearin Dew, and Ray Alligood and his wife. Benny Johnson, '60, is studying at the University of Virginia, Paul reports. Sue sends news of several girls who started with our class. Joy Bloemsma married Howard "Hook" Rice, '59, who received his law degree from Vanderbilt and went into the Army. They live with their two boys, Chris and Jeff, in Milwaukee, where Hook is an F.B.I. agent. Margie Hoover Rubal and Lenny, '59, live in Richmond with their daughter Debbie. Lenny is setting up a Virginia office for Resolute Credit Life Insurance.

Allan Brownfeld writes that Al Volkman and his wife are now in Indiana, where Al is in the Army, stationed at Fort Benjamin Harrison. Ron Alvarez, '62, is studying for an M.A. in English at George Washington University. Allan has recently written articles for *The Commonwealth*, *North American Review*, and *University Bookman*.

Johelen Ashton Martin and her husband Bill live in Hurt, near Altavista, where Bill is an advertising assistant for Lane Furniture Co. They have a daughter Michele. Johelen teaches English and coaches in dramatics at Altavista High School. In March she had a card from Barbara Beckman saying that she and her mother were completing a trip around the world. Barbara was planning to leave her job as United Air Lines hostess to be married March 27 to Richard Schaaf and live in California. On May 8 Johelen attended a Chi Omega luncheon in Richmond and heard several items of news. Due to a music festival, Joan Beck Willis, who

teaches music at Henrico High School, could not be there. Anne Willis also was unable to attend because she was working at her job as assistant buyer for Bloomdale's in New York City. Martha Cauley Doughtie spent the summer in Montana. Lois Farmer Gray and Mike live in Roanoke with their daughter Alison, a year old. Lois works for J. C. Wheat Stock Exchange and Mike works for a railroad. Johelen's sister Frances, '63, was graduated from Perdue and her husband Lawrence Baxter received his Master's in chemistry from Perdue. They are now living with their son James Andrew in Morton, Penn., where Lawrence is a research chemist with Smith, Kline, and French. Nancy Hutton Lowrance and her husband Richard and daughter Cathy have moved to Washington, N. C., where Richard is in the construction business. He received his Master's in business administration from the University of Richmond in June.

In the *Virginia Gazette* recently was an article stating that Roger Green received his doctorate in ecology from Cornell University in June. He was scheduled to spend this academic year doing post-doctoral marine biological research in Australia under a Fulbright grant.

Steirling and I have spent a delightful summer living in a lovely new home in Queens Lake which some friends asked us to take over while they spent the summer

in Hawaii. We have enjoyed playing with their two dogs, swimming in their pool, and entertaining. In March we chaperoned five York High Keyette delegates to their national convention at the Chamberlin, where we saw several other Keyette sponsors, Donna Cavish, Susan Griggs, Alice Hall, and Pat Thomas. Several days from this writing we shall leave for a trip to Colorado to visit relatives and then to tour Yellowstone and other interesting spots in the West.

Robert and Rosalyn Glidden Kilgore of Seattle, Washington, are attending graduate school in anthropology at the University of Washington. They say "Not to sound ethnocentric, it does seem that the weather here is the best in the whole nation. The scenery also is superb, and we heartily invite those who like travel to come out here." They are expecting a baby in the spring.

Suzanne Frensey Hood writes from Palo Alto, California that her husband, Dick, in the fall will become Assistant Professor of Speech Pathology and Audiology at Colorado State University at Fort Collins. She was working as the audiologist in the Stanford ENT clinic and Supervisor of speech and hearing therapy in the Stanford Speech and Hearing Clinic.

Wayne D. Seipel graduated from Jefferson Medical College of Philadelphia in June.

D. Marshall Barry of Evanston, Illinois has been appointed instructor in Economics on a part-time basis at Lake Forest College.

Owen A. Knopping was married in May to Margaret D. Farro of Toronto. They are living in Niagara Falls where he is stationed as a Judge Advocate. They spent their honeymoon in Bermuda.

Donald A. Weissman of Atlanta, Georgia graduated from Emory University Law School in 1964 with an LLB degree. Presently he is a candidate for Master's degree at same school. He plans to see all his classmates at the reunion in 1966.

Roberta and Bruce Hobbs of Alexandria, Virginia are expecting their first child this month. Bruce is still in the Navy. He plans to complete studies for a Master's in Business Administration in January at George Washington University.

Patricia Lee and Charles White are stationed on Okinawa until February 1967 with the 173rd Airborne Brigade which makes Charlie a paratrooper as well as a lawyer for the Army. They have a 2-year-old daughter and a 3-months-old son.

Jan and Dick Rinker of Pemberton, New Jersey went camping up in Nova Scotia with their 18-months-old daughter. Dick is a coach at Medford Lakes, New Jersey and Jan is a substitute teacher. They hope anyone in the area will look them up.

Pat Singleton and Joe Parker are living in Rochester, Minnesota where he is finishing his residency at May Clinic (in two more years). Pat has been teaching in the public schools. They love living out there.

Constance R. Bowen of Alexandria, Virginia is Assistant to man in charge of Administration for Airtronics, Inc. in Bethesda, Maryland.

Brenda Burch has spent the last three years in nurses training at the Montreal General Hospital in Canada. She graduated in June and is now teaching retarded children and a special class at a school in Montreal.

Thank you, especially Frannie, Marti, Sue, Johelen, Wayne, and Allan, for helping to make this column possible with your letters. As several of you mentioned, it is up to the individual members of our class to provide the news for our column. I'll be waiting to report the news everyone sends me about Homecoming.

Carita and I are spending September in Europe and hope very much to have the opportunity of seeing some William and Mary people while there.

Bill and Neal Leckie Bolton have moved to Neenan, Wisconsin, where Bill is in the corporate internal audit department of Kimberly-Clark Corporation. They are now three as William James Bolton II joined the family on May 16, 1965. Bill and Neal have visited Larry and Margie Berry Fuller in Columbus, Ohio. Cliff and Judy Delbridge Higginson have moved from Cincinnati to the San Francisco area, where Cliff will work on his MBA degree at the University of California. Brenda Brown received her MA in English from Columbia University Teachers

## Beauty is good business

Richmond, Virginia

College where she had an assistantship. She is teaching at Fair Lawn Senior High School, Fair Lawn, New Jersey.

Danny and Stuart Richardson Dopp are proud parents of a son, Michael Bruce, born January 27, 1965, in Mainz, Germany, where Danny is stationed. Stuart writes that Don and Harriet Hunter Hardy and son Rod were due to return to the States during the summer. Callie Dean Woodring was supposed to relinquish teaching to join the diaper set in August; Doug received a 2-year government grant to support his research in graduate school. Lynn Eads Black says that John is studying for the Texas Bar, and they plan to locate in Baronsville.

Karen Zimmerman Gudinas saw Hank Maar, '61, in Kaiserslautern, Germany. We understand that Gil Bartlett is about 30 miles from DaNang, Viet Nam and is scheduled to return in August, 1966; Polly is planning to stay in Hawaii. Stacy '61, and Elena Ruddy McMarlin and Laura moved to Hawaii in June; Stacy, who graduated from the Medical College of Virginia in June is stationed there to fulfill his military obligation. Bill and Tish Paschall Mirguet who live in Newport News recently announced the birth of a daughter. Spencer and Mary Steketee Hall have returned to the States from Cambridge, England, and will live in Providence, Rhode Island, where Spencer will work on his PhD at Brown University; he recently received a fellowship to do graduate work there.

The Reverend George D. Gravely, has been ordained and installed as pastor of St. Paul's Presbyterian Church in Tuscaloosa, Alabama. George received his bachelor of divinity degree at Union Theological Seminary in Richmond, where he and the former Gayle Dean were married in August 1964.

Martha Railey Mundy recently moved to Trumbull, Connecticut with her husband Al and 2 children; Al works for Hydro Contractors. Sharon O'Connell is a ballet dancer for the Metropolitan Opera of New York in the winter. During the summer she performs as a soloist with the Boston Ballet Company. Jenny Yoder is married (last summer in Massachusetts). Betty Lou Anderson spent last summer touring Europe.

Nancy Virginia Van Schreeven and Michael Robert Gordon of Spokane, Washington were married at Oxford, England in June. After a European honeymoon they sailed to the U. S. on the *Bremen*. Bob Bolander and Jeanne English were married in June in Richmond, Virginia; they will live in Virginia Beach. Judy Trimm and Dave Fiscella were married in June in St. Bede's Roman Catholic Church, Williamsburg; they are living in Cockeysville, Maryland. Evie Key who is living in Virginia Beach was a bridesmaid.

Paul and Carol Berghaus are living in Fairfax County, Virginia; Paul is with the administrative section of the United States Information Agency and Carol teaches third grade in Arlington. John and Judy Linton '63 Heald are also in the area; Judy teaches in Fairfax County and John works for IBM. Al and Margaret Nunnally Gates are living in Fredericksburg, Virginia; he is a physicist with the Naval Weapons Research Laboratory in Dalgren and she teaches.

Diane Snyder Montuori of West Orange, New Jersey and her husband, Francis, moved to their home last March and are expecting a baby in October.

Jim and Martha Boon Crouse are living in Lexington, Virginia where he is teaching at Washington and Lee.

Fred H. Coddling is a student at Georgetown University in Washington, D. C. and will receive an LL.B degree in June of 1966.

The Reverend David H. Poist of Westminster, Maryland graduated from Berkeley Divinity School in New Haven, Connecticut in May. Since then he has been ordained an Episcopal minister. He will be doing college work (chaplain) at Western Maryland College.

John Harvey of Palisades, New York is working as a recreation instructor for behavioral problem adolescents at a New York State Mental Hospital.

Robert D. Charbonnier of Denver, Colorado married Carol Pearl of Fairbanks, Alaska. They have a 3-months-old daughter, Wendy. He is a Lieutenant in the Air Force attending Intelligence School at Lawry Air Force Base.

Gary C. McGee of McLean, Virginia received an LL.B degree at the University of Virginia. During the next year he will be a law clerk for the Federal District Court in Alexandria, Virginia.

Larry T. Suiters of McLean, Virginia graduated from the University of Virginia Law School last June and is now practicing law with the firm of Kinney, Smith, & Barham in Arlington.

Mary Louise Fisher of Boston, Massachusetts has been working at Harvard University for the last four years and is now a Research Assistant on a Massachusetts Hospital Cost Project. She writes that Margaret L. Hines is doing research (chemical and biological) for Arthur D. Little in Cambridge, Massachusetts.

Douglas C. Fischer of White Plains, New York writes that after working two years on the floor of the New York Stock Exchange for a Specialist he went through a special training program for Merrill Lynch, Pierce, Fenner & Smith, Inc. and is now a broker at their branch office at 57th and Madison Avenue in New York City.

Diane Rickard Kelly is presently living in Minneapolis, Minnesota where Terry is an engineer with Ingersol Rand Company. They have 2 children. They are now remodeling a house recently bought.

Ellen Aldrich of Houghton, Michigan represented the College at the inauguration of the new President of Michigan Technological University in May.

Dorothy Anne Young of Rumford, Maine has begun her duties as a community development worker with the Algeria program of the American Friends Service Committee.

Richard S. Perles of New York City graduated from Fordham University Law School.

Warren Billings of DeKalb, Illinois is still working on his PhD in History he writes. He will start his second year as a graduate assistant at Northern. He sees Dr. Frisch often.

Engchow Tan of Seattle, Washington is working for a doctoral degree at the University of Washington.

C. Lacey Compton, Jr. of Manassas, Virginia entered the service (USA) in August. He is stationed at U. S. Army Natick Laboratories, Natick, Massachusetts for two years.

Homer L. Hite recently completed an eight week course in police administration at the University of Southern California. He is with the U.S.A.F.

J. Gregory Tweet graduated from the Yale Divinity School in June 1965. He is now the associate minister at The United Church on the Green at New Haven, Connecticut.

Early this year Billy George was made administrative trainee in the Policy-owners Service Division with the Life Insurance Company of Virginia.

Bonnie Lee Bauer of Denver, Colorado loves living in the beautiful state of Colorado and is working as a programmer at the First National Bank of Denver.

Janet Ruth Shapiro is teaching in an American school in High Wycombe, England.

Shiras Elliott of Richmond, Virginia is studying for a Master's degree in Statistics and working at the University Computer Center.

63

SHIRAS ELLIOTT

Mrs. John A. Cooter  
(Judy Williams)  
2272 Stephen Long Drive,  
N.E.  
Atlanta, Georgia 30305

Carolyn (Simpson) Bassett and George are living in Wilmington, Delaware, where George works for the Standard Register Company. Carolyn taught French in West Chester until last December. In April, they became the parents of a daughter, Lydia Lang Bassett. Carolyn wrote that she and George visited with Chuck and Pat (McLeod) Rice last winter in Williamsburg. The Rices have a little boy and expect another child in September. Diane (Rucker) Shepherd and Paul were in Princeton, N. J., when Carolyn wrote to me, where Paul is working on his Master's and Diane is teaching nearby in Lambertville.

Judy (Murdock) and Don Snook were at Camp Perry, Ohio, this summer. Don was on temporary duty there as Dispensary Officer during the National Rifle Matches which are held at Camp Perry annually. They returned to Ft. Knox in early September and will be there for the remaining 10 months which Don has to serve in the Army. Judy said that when he gets out he will probably work in a hospital on the East coast. Judy and Don report that Owen Knopping, '6?, who is still stationed in Niagara Falls with the Air Force, was married last May.

Pete Sturm wrote at the end of March that he is in the Navy, stationed on the newest aircraft carrier, the *USS AMERICA*. Pete received his commission in February 1964 and is in the Supply Corps in charge of an IBM installation. His ship is scheduled to go to the Mediterranean and northern Europe this fall. Pete married Cheryl Gonzales of Williamsburg and they have a son, Robert William, who is almost a year old. Cheryl and Robert live in Williamsburg and Pete commutes from there to Norfolk when he is in port.

In connection with her job with the Health, Education and Welfare Depart-

ment, Mary Frances Bonner was in Montgomery, Alabama early this summer. While there she spent a weekend at Ft. Benning, Ga., with Janet (Bowers) Bowman and Al. Mary Frances writes that she was even able to babysit for their baby son, Christopher. Jackie Murphy spent three weeks in Hawaii this summer and Sharon Hall attended summer school in Berkeley, California. Mary Frances saw Carolyn (Soresi) Mecket and Terry in Chicago this summer. Terry is working with Stauffers and he and Carolyn have two beautiful little girls.

Diane (Stuart) and George Perry are the proud parents of a son, George Everett, IV, who was born in August. George is in Viet Nam and will be over there until next summer; meanwhile, Diane and the baby are living in Annandale. Pat (Farrell) Franklin and Jay had a little boy last spring and named him Dennis Maury. Pat will be teaching this fall in Annandale.

Susie and Tom Palmer write from Williamsburg that Tom has been gaining law experience this summer by working at the Allen, Allen & Allen Law Firm in Richmond. Susie has been working as Physics Department Librarian and organizing the High Energy Library also. They describe their daughter, Dayle, as "a fine, healthy, but leggy 3½ year old." Tom will graduate this coming June from the Marshall-Wythe School of Law.

Tommy and Pam Lytle have visited with John and I several times this summer. Tommy finished helicopter school at Ft. Rucker, Alabama, in August and will be leaving shortly for a year tour of duty in Viet Nam. While he is away, Pam will live in the Washington area and work and go to school.

William G. Kron and his wife Gail are living in Southbury, Connecticut where he is Headmaster of The Forum School there.

Marshall R. Williams is Material Facilities Officer at Laredo AFB in Texas.

Judy Linton and John Heald of Alexandria, Virginia went to Jamaica for a vacation this past summer. Judy is teaching fourth grade in Fairfax County and John is a systems engineer for IBM.

M. Withers Carr and Kathy Deeds are going to teach in Roanoke, Virginia.

Rebecca W. Hanmer is employed as Operation Analyst for the Department of Health, Education and Welfare in Washington.

Robert John Stewart of Philadelphia is working for Doctor of Education degree at Temple University in the field of School Psychology. He is Head Resident of the Men's Dormitory starting.

James T. Delaney of Bergenfield, New Jersey is a 1st lieutenant in the Army stationed at the Missile Master in Arlington Heights, Illinois. He expects to get out this month.

Diane Stuart was married to George E. Perry last year. He was a West Pointer and is overseas. She is at home in Falls Church awaiting the arrival of their new baby.

Joan Lee is the editor of THE FUNNEL, a magazine published by the Commission for Educational Exchange between the United States and the Federal Republic of Germany. Joan is living in Bonn, Germany.

David B. T. Adams has completed work on an M.A. Degree in Political Science at the University of Chicago and this fall has

a fellowship to begin work toward a PhD.

Jane E. Pierpoint of Hamilton, Virginia is working as a research assistant at the Center for Naval Analyses, a research organization in Arlington.

Carol Boardman is living in New York City and is employed by the Cultural Services of the French Embassy as an Administrative Assistant.

Gayle Oakey Hancock of Roanoke, Virginia just returned from Japan with her husband, Tony, who is an Army lieutenant stationed in Korea. Tony will return to the states in January 1966.

David Greenfield of Union, New Jersey is currently holding a position as Assistant Scientist in the Department of Toxicology of the Warner-Lambert Pharmaceutical Company Research Institute in Morris Plains, New Jersey. He is also completing his work for a Master's Degree in Biology by taking evening courses.

Babs Beaumont Anderson and her husband have just built a home in Simsbury, Connecticut. They traveled in Spain, France, Switzerland, Germany and England during the summer. They often see Jean Gard, '63 who lives nearby them and works for the Children's Museum in Hartford.

John and I have had a very busy summer going to the lake every weekend to water ski and having lots of company. John changed jobs in September and is now working for Vulcan Materials Company. Please continue to write! See you at Homecoming!

Ginnie Peirce  
Seminary Towers East  
4701 Kenmore Avenue, #804  
Alexandria, Virginia

As usual, the summer held a multitude of marriages for the Class of 1964. Joanne Arnett married Paul S. Murphy of Washington and Lee University on June 26. Joanne has retired from teaching and is now working for the National Academy of Sciences, while husband, Paul, is a Financial Analyst for the Security's and Exchange Commission in Washington. They now reside in Georgetown, but plan to return to Williamsburg in February for a short stay while Paul is stationed at Fort Eustis.

On August 21, Alice Hall married Andy Horne of Alexandria. Andy is a salesman for the Curtis Mathieson Company, while Alice is still pursuing a teaching career in English at Marshall High School in Fairfax County. After a summer of touring Europe, Joy Walker and Tom Brown were married on September 4 in Williamsburg, where they will live for the coming year.

In June, Trisha Davis '65 was married to Bill Cleveland in Alexandria. June 25 saw the marriage of Gene Birdsong and Max Tongier in Williamsburg; they are living in Richmond this year where Gene is teaching in elementary school and Max is attending the Medical College of Virginia. Also in June, Bucky Reigelman and Sandy Dale were married in Arlington; while last spring the wedding of Marianne Venner and Herm Schmidt took place.

## Vital Statistics

### Births

- To Claire Pauline Bardwell (Debo), '43, a son, Thomas Anthony, May 28, 1964.
- To Betty Jane Cutshall (Allman), '46, by adoption, a son, Steven Cutshall, born May 21, arrived July 9, First child.
- To Jeanne Estee Mackay (Anderson), '47, a daughter, Dana Estee, July 19.
- To William Hundley Saunders, Jr., '48, a daughter, Anne Michele, December 25, 1961. First child. A son, Claude William, April 24. Second child, first son.
- To Martha Anne Williamson (Hall), '49, and Waverly Dean Hall, '49, by adoption, a son, Richard Loren, born May 4, arrived May 8. Third child, first son.
- To Betty Ann Swecker (Abbott), '51, a daughter, Alice, April 19. Third child, second daughter.
- To Dorothy Lee Bailey (Sazio), '53, and Gerald Joseph Sazio, '55, a son, Gerald Joseph, Jr., July 13. Third child, first son.
- To June Lee Garrenton (Fitzgerald), '53, and Alan Long Fitzgerald, '51, a daughter, Elizabeth Ellen, March 3. Second child, first daughter.
- To Margaret Maxwell Braddock (Bowman), '51, a son, Kenneth Wayne, May 8. Third child, first son.
- To Madge Charlton Cushing (Francis), '54, and Ralph Erickson Francis, '52, a son, Steven Erickson, April 12. Second child, second son.
- To Charlotte Louise Henderson (Lewis), '54, a daughter, Louise Shelton, March 15. Third child, third daughter.
- To Paul Kevin Hickey, '54, a son, Scott Kevin, June 18.
- To Shelly Jane Bailey (Cox), '55, and Earl Linwood Cox, '55, a daughter, Lynette Louise, May 17. Third child, second daughter.
- To Barbara Ann Diggs (Littell), '55, a son, John Gregory, January 30. First child.
- To Herbert Roy Goldberg, '55, a daughter, Debra Lynn, August 9.
- To Jo Ann Stephenson (Miners), '55, a son, James Landrey, February 10. Second child, first son.
- To Julie Ann Bleick (Moat), '56, a son, Elliott Andrew, January 23. Second child, first son.
- To Carol Ann Decker (Babcock), '56, and Dwight Houghton Babcock, '53, a daughter, Susan Leslie, July 18, 1964. Third child, second daughter.
- To Roberta Emily Jackman (Harrison), '56, and David Tredwell Harrison, Jr., '51, a son, Matthew David, March 5. Third child, first son.
- To Patricia Kizzia (Landen), '56, and Robert Geran Landen, '52, a daughter,

Jill Arnett, June 9, 1964. Third child, first daughter.

To Allison Mary Mercer (Todhunter), '56, and Harold Jameson Todhunter, Jr., '55, a son, Andrew Mercer, June 6.

To Barbara Marie Mitchell (Welch), '56, a daughter, Kimberly Ann, May 25. First child.

To Lester Anne Sykes (Bromleigh), '56, and Gray Lewis Bromleigh, '56, a daughter, Virginia Carrington, July 20, 1963. Second child, second daughter.

To Henrietta Erma Brooks (Sydnor), '57, and Thomas Eddy Sydnor, '58, a daughter, Lynda Wray, March 19.

To Shirley Page Richardson (Fitzgerald), '57, and Aubrey Fitzgerald, '56, a daughter, Lynn Page, August 4, 1964. Second child, first daughter.

To Elizabeth Bray Campbell (Harris), '58, and Roland Henson Harris, Jr., '58, a son, Massie Campbell, April 23. Second child, first son.

To Virginia Erna Neeld (Scozzari), '58, and John Paul Scozzari, '57, a son, John Richard, May 6.

To Jeanne Audrey Murtland (Richardson), '59, and Derick Naylor Richardson, '58, a son, Charles Barton, January 1.

To Sarah Frances Delk (Perkins), '60, a son, Stephen Thomas, October 1, 1964. First child.

To Annette Gayle Massey (Kearney), '60, a son, Thomas Myer, April 23. Second child, second son.

To Joseph Dennis Murphy, '60, a daughter, Karen Lee, June 14. Second child, first daughter.

To Nancy Ann Read (McNichols), '60, a son, John Read, January 28. First child.

To Sally Williams (Merrick), '60, a son, Robert Gleason, June 14. First child.

To Elizabeth S. Massey (Pendleton), '61, a son, Edmund Stuart, November 22, 1964. First child.

To Dorothy Rems Sapoch (Clayton), '61, and William Ellis Clayton, '61, a daughter, Amy Elizabeth, April 21.

To Sarah Catherine Lerch (Lundstedt), '62, a son, Michael Allen, December 28, 1964. Second child, second son.

To Virginia S. Richardson (Dopp), '62, and Daniel Langley Dopp, '62, a son, Michael Bruce, January 27. First child.

To Wanda Marie Smith (Alvis), '62, a son, James Gregory, February 5. Second child, first son.

To Eliza Jo Gray (Wright), '63, and Richard Graham Wright, '63, a daughter, Lisa Robyn, January 4. First child.

To Elizabeth Wynn Paschall (Mirguet), '64, and William Francis Mirguet, '62, a daughter, Alice Wynn, July 30. First child.

To Patricia Anne Ruddy (Sullivan), '64, a son, Kevin Patrick, June 3. Second child, second son.

### Marriages

John Hamilton Fay, '56, and Pamela Jean Koch, June 19.

Denis Kent Watkins, '58, and Linda Margaret Fuller, May 21.

Suzanne Frensey, '61, and Richard B. Hood, June 19, 1964.

Owen Alan Knopping, '61, and Margaret Doris Farro, May 31.

Marie Cecilia Palombo, '61, and G. H. Wynne, Jr., June 1963.

Donald Alan Weissman, '61, and Rothema Viener, August 22, 1964.

Carol Anne Duke, '62, and Dale Patrick Lisi, February 20.

Robert Tyler English, III, '62, and Karen Hedgpeeth, in March.

Nancy Louise Kent, '62, and William Henry Young, '62, June 8, 1962.

Linda Carol Lester, '62, and James F. Hagen, January 30.

Jane Ashley Noble, '62, and Richard Mason Lundy, June 18.

Judy Joan Trimm, '62, and David Carl Fiscella, '61, June 18.

Nancy Virginia Van Schreeven, '62, and Michael Robert Gordon, in June.

Virginia Ann Yoder, '62, and Jeffrey Howard Antevil, June 1964.

Emily Cary Delk, '63, and Dennis A. Cross, January 30.

Olinda Louise Elliott, '63, and John Mayer Simon, '64, June 3.

Judith Weymouth Giles, '63, and Charles Lacey Compton, Jr., '62, July 10.

Judith Macgill Hall, '63, and Paul John Halesky, '59, June 26.

Hamilton Allison Strang, Jr., '63, and Molly Warner Milner, December 27, 1964.

Helen Bruce Swayne, '63, and John William Mertz, '63, August 22, 1964.

Polly Sue Bean, '64, and William Franklin Long, Jr., July 3.

Gene Famous Birdsong, '64, and Max Tongier, Jr., '63, June 25.

Karen Martha Blake, '64, and David C. Wible, May 29, 1964.

Barbara Ellen Bridges, '64, and Ronald L. Jackson, July 11, 1964.

Jerome Castle Duggan, '64, and Jane Ann Breuer, '66, July 17.

Patricia Anne Hudson, '64, and Charlie Monroe Tribble, Jr., August 14.

Vivian Elizabeth Jones, '64, and Guy R. Davis, Jr., June 12.

Susan Jane Judkins, '64, and P. Merle Black, July 17.

Sharon Zerbe Morris, '64, and Winfield M. Doepe, '64, June 6, 1964.

Martha Ann Smith, '64, and Lynwood Watkins Slayton, June 20.

Philip Neal VanKirk, '64, and Mary Elizabeth Van Lear, '67, August 14.

Mary Ann Venner, '64, and Herman Albert Schmidt, Jr., '61, April 10, 1964.

Carol Louise Wieland, '64, and James Arthur Roy, '64, April 10.

Rosemary Dean Wilbur, '64, and Wayne Chadwick Coddling, '64, June 12.

Victoria Anne Williams, '64, and Hans J. Giraud, April 10.

Eleanor Sue Blair, '65, and Thomas Edward Murphy, '63, June 12.

Sharon Kathleen Brewer, '65, and Leonard Albert Jones, Jr., '65, August 14.

Susan Katharine Bunch, '65, and Jeffrey Miner Allen, '63, August 28.

Martha Oaks Burnett, '65, and Donald Kendall, '59, June 25.

Peggy Wayne Coddington, '65, and James Nicholas Barker, Jr., June 19.

Patricia Ellen Davis, '65, and William Verner Cleveland, Jr., '64, June 19.

## Enjoy a Colonial Adventure in Williamsburg

There will be 14 *Colonial Weekends* during the Leisure Season in Williamsburg, Virginia's eighteenth-century capital. Beginning in December, *Colonial Weekends* will focus on *Holiday Decorations*, December 3-5; *Music of Williamsburg*, December 10-12; *Holiday Season*, December 17-19 and 19-21; and *Colonial Life*, ten consecutive weekends, January 7-9 through March 11-13. *Come and see.*

Each registration includes accommodations at Williamsburg Inn, Colonial Houses, Williamsburg Lodge, or The Motor House; fine dining, and a program of activities that will help you gain new understanding of how Virginians lived, worked, and enjoyed themselves two centuries ago. Golf on the famous Golden Horseshoe and Spotswood courses of Williamsburg Inn and admission to the historic buildings

of Colonial Williamsburg are included. Offered at a special rate, these festive events will provide a welcome opportunity to re-visit the College.

For Free Brochure, call (703) 229-1700 or write Mary Thompson, care Williamsburg Restoration, Inc., P. O. Box B, Williamsburg, Virginia 23185. Free direct telephone service from New York, Newark, Philadelphia, Baltimore, and Washington.
