

Union Office July 27th 1848

My Dear Sir,

I am satisfied that your interests will be advanced by associating yourself in the publication of the Union with some person who will take a greater interest and devote more of his time to the Union than I do. There is no doubt but I can dispose of my interest in the Union, but I will not sell to any one who is not perfectly acceptable to you.

If that cannot be done I must withdraw and leave the responsibility entirely upon your hands. I have seriously considered this matter and have come to the determination to sell or withdraw.

The accompanying letter is from Geo. C. Fall one of the editors and proprietors of the Mississippiian published at Jackson Miss. It is very probable I could dispose of my interest to him if he would be acceptable to you.

The Mississippi delegation and Mr. Walker could give you every information in reference to him. If you desire to associate your son or any friend with you I will make the terms both easy & acceptable.

~~Asst. Secy~~ Yours Truly Wm. P. Reid
