

Notice

The Board of William and
Mary College, an authority to
appoint in your Convocation No 661
on Grad Studies in the City of Richmond
on Tuesday the 26th day of this
month (November) for the purpose
of appointing a Professor of Moral and
Intellectual Philosophy ~~and~~, and for other
purposes

By order of James Spots Pector
W H E Morcocke ^{Secretary}

To W H E Morcocke Esq

My dear Sir

Fear that you will think me
very stupid in delaying so long to ack-
nowledge your kindness in sending me
a transcript of the proceedings of the Board
at their last meeting, I had no intention to
put you to so much trouble, as sending only
a summary; but I am very much obliged
to you, and ought to have said so much sooner
but the weather was very warm when I came
home and for some time after I was quite sick,
and since that time I have been very much
engaged by Election which I am happy to say
has terminated, to the honor of the District in the
Election of Genl Johnston - Please to send
me a copy of the notice which you will find at

The head of this, unless Merriam's Ewd
stays to it. If he does please forward his
objection to me and ~~forward~~ await my reply
If I have described the D note properly to be
filled by a wrong title, please to correct
it

With high respect

Yours truly
James Spang
Director
