Capt Morecock.

Dear Sir

I had hoped to be able to be with the Board of Visitors of Wm & Mary College at their July meeting, but circumstances will prevent my coming at this time. My wife has been quite ill and my engagements, as resident Physician at the Warm Springs have called me to the Mountain, earlier than I had expected. I write however to assure the Faculty and Board of my most sincere interest in Wm & Mary and to say that whatever plan they may suggest of aiding her in her distress and embarrassment I will cheerfully cooperate in and assist in every way in my power in promoting. I think the State with a revival of her material prosperity should extend her fostering care and protection to her and if the matter is properly presented to the Genl Assembly by the friends of the Institution her claim to State aid will be recognized in

a proper manner. I will certainly do anything
in my power to bring about this consummation
with best wishes for the success of the College.

I am very truly
yours

John W. Lawson
