Corner Court and Eleventh Streets,

Lynchburg, Va., Aug 15 1886

My dear Mr. Morecock,

I wrote you some days ago giving the amount of my bill (#3²⁵) and asking for the names of any applicants you may have on file for the Presidency or the position as Training Teacher. As I have received no reply from you, I presume my letter must have miscarried, or that you have overlooked it in the mass of your correspondence.

Hoping you are well and flourishing, I am

Yours truly,
E. L. Gleason,
