

Philadelphia December 10th 1845

J. Smith & Co

Dear Sirs I have this day shipped the Ballance of your Names & send you a distinct bill of both shipments which completes the order with the Exception of one Dozen Hook Names short which was not discovered till at the wharf which of course the bill will explain as there is one Dozen less changed than the order called for you will discover by the way till we attend it - I have also lowered the wagon names all I could in proportion with the hook names
