"DEEDS, SACRIFICES  
AND SERVICE"

July 22, 1918.

Dear Mother:

We have had a glorious day today. Got up about 8:30 and it was nearly 10 before we finished breakfast. I went to the store for Mary and at the same time bought a Post. I see the submarines were near us. They are probably making for Boston Harbor. This morning when Mary and Annie went in bathing, I put on a bathing suit and just put my feet in the water, washed my

face and hands and then  
sat on the beach for a  
while. Have some good  
color now along with  
three million more fuckles.  
I sure would like to have  
Es here with me.

7:10 P.M.

We have just finished  
supper. Poor Annie, she is  
the most abused person who  
ever lived. Everything Mary  
says or does is all wrong  
and she tells it all to me.

That was certainly a  
great surprise you gave us  
yesterday and I hope you  
will come again before the  
week is over.

"DEEDS, SACRIFICES  
AND SERVICE"

I was so sleepy this afternoon, I had to come up stairs and get into bed. I stayed on the piazza in the hammock as long as I could, but the children next door were over and talking and running around so I could not sleep there. I could not keep my eyes open. I have a good appetite and enjoy my meals. We had a lovely roast lamb dinner today and I had a fine meal, Lamb, Green Peas, Boiled Potatoes, Beets, Hot biscuits and Tapioca

pudding. How is that?  
Every one here who knew  
Richard is asking for him.  
I must write to him tomorrow.

Give my love to Dad and Ex  
aunt Emily and Uncle Ed.

Love to yourself from  
Mary.

Mary will probably go up  
to Boston some day this week  
but I do not know when.

Mary and Annie send love to  
all.

Mary
