Tuesday Nite
Aboard Ship

Dearest Sweetheart.

How is the nicest girl in the whole place getting along tonight? Are you having any fun? I hope you are. I'm not doing any thing but work as hard as can be!

You say you have been experimenting with my favorite concoction. You had better not be. You remember what I told you ~~at~~ my favorite was don't you? Its a whole lot of you and you only. And I havent been to Wildwood since the night I met you and as long as I can come to see you I'll stay away from there.

If nothing happens I'll be up to see you this weekend. I leave the weekend from Sat. noon until Monday at 8:00 A.M.

I'll call you as soon as I get in Phila. It will be pretty late in the afternoon as I'll probably have to come up on the train. You can look for me cause I'm coming.

Have some of your fudge made and I'll see how good you can make it. I'll bet you are a whiz at making it cause any one as nice as you can't be any thing but the best of cooks.

Untill I see you I'll have to sign off. So long and

Lots of Love
Dallas.

P.S. Have a picture of yourself for me when I get there.

P.P.S. No I didn't get any gold braid yet.

This may look silly to you
I mean all these postscripts
and such but just before I
went to mail this I got
your letter telling me not
to come up. I'd like to know
where you are going but I
wouldn't ask you for anything
in the world. You might get
the idea that I'm jealous.
as a matter of fact, I am, but I
don't want you to know it.

If you want to send me
some of your fudge, I'll be in
Sat.

So long and
I'll call you tonight.

Lots of Love
Dallas
