

Richmond July 31st 1795.

My very dear Sir

I am quite at a loss (as usual) for materials to compose a Letter, however cannot omit acknowledging your very pleasing favor. The Age and its tormenting companion, have allow'd me a trifling respite, but I feel almost too much debilitated to wield a pen. it is really ungrateful tho' to repine after having been blest with such a series of perfect health, as I have enjoy'd for nearly three years.

Since my last, I have received a Letter from my Brother of Monticello replete with warmest professions of friendship - he is now gone to the Sweet Springs, therefore you need not be at the trouble of writing to him.

My love to Mrs. Tucker, Aunt Betty, Fanny, Cassie, and the Children. That you may experience uninterrupted health and

St. George Tucker Esq^r
