my very dear Sir

In an elegant letter, dictated by sense and feeling, my amiable young Friend Carter Harrison announced to me that he had followed Judy to the Grave yard at Tuckahoe - I trust in God she is Happy - and that your dear Saint may be protected in a life of comfort - Free from every strong emotion - When my good Husband and sweet babe were enjoying sleep last night I sat two hours at the Fire in deep thought -

We have intensely cold weather accompanied by snow -

God Grant my Father's family may unite in brotherly Love and Friendship William wrote me that Judy separated from him and his Sons because he defended me. Much tender sympathy did I feel for her from the time she lost her House - until some weeks after she left this - But, I trust in God she is Happy - Carter's feeling description of the scene at Tuckahoe deeply touched my Heart -

Adieu my beloved Friend - Truly Yours
