My ever dear Friend

Day after day have I de-
termined at all events to tell you and
yours how dear you all are to my Heart
But - a slavish life, bad health,
and execrable pens put it out of my
power -

M^r. Kent quarrelled with
my Agents - turned them out unlawfully
refused to let me do any thing but
sign my name - held all the bonds
and refused me any acct of them -
In fact, it became absolutely neces-
sary for my Child's Interest that I should
be appointed Guardian - That is the
case now and I am constantly employ-
ed in remedying M^r. Kent's mischief -

You^r has never had one cent
from his property and I have never
yet had any part of my Annuity -
Present me tenderly to M^{rs}.
Tucker and dear Polly - Tell the

either my boy will speak of her —

God bless you all —

My best respects await Mr Cabell

Most gratefully your
tenderly attached A. C. Ingham

Henry Morris
