My ever dear Friend

Jan 7 17. 22

Constant occupation and short days have combined to delay my assurance that you, your good wife, and lovely Polly are never absent from my heart and memory. God grant the new year may have found you in good health - I have remedied much of the evil done by M^r Hamilton and M^r Kent there is still much to do - The whole business of Executor and Guardian rest on my fatigued mind and frame - Those who love my child, and have a full view of affairs, charge me to be careful of my health for Son's ruin in property would follow my Death - He is a most dutiful good boy and deserves every exertion I can make -

Present my best love to M^{rs} Tucker and believe in the gratefull affection of your attached A M
