Dear Sir I had the pleasure to write to you at large on the 19th Inst by the American Ship Susan & Polly bound to Lisbon; with that letter I transmitted the originals of the dispatches herewith inclosed. — Since that date nothing has arisen here worth your attention. I find that I had been misinformed as to the departure of Mr. D'Andonaga — who has not yet left London but will probably go in the course of a few days. I am Dear Sir

Very respectfully & faithfully
Your obliged & obed^t Serv^t
