

Edinburgh Sept 10th
1828.

My dear Sir

I have just now upon my
reaching this, had the pleasure to
receive your letter of the 4th inst
which contains your proposal
of agreement on the general terms
of which I most properly agree
and trust that in minor details
no difficulties will occur in
settling the future prosecution
of the work.

I have therefore by this
post, requested my Brother to
take means to get the Dictum
of the Messrs Ford Counsel
