

FERRYING DIVISION, AIR TRANSPORT COMMAND
PALM SPRINGS, CALIFORNIA

3-15-45

Dear Mother,

Received your letters. Am back here in Calif again. That sure was some trip I had.

Mother I found out today that we are moving to a new camp that's closer to our work at San Francisco. The place is called Stockton, its north of Frisco. I will send you the new address as soon as we get there. Until then you can use the one I have now. We expect to move sometime before the 31st. Its a base of operations so don't tell anyone about it.

Glad you are hearing from Joe and John. So far I haven't heard from them. I don't know how John got into Germany I thought he was someplace else from his number. Wish I could be there and see that place.

also, I received that birthday card from Aunt Elizabeth. I will write to her and thank her. I always enjoy her letters. She never writes anything but about her cooking and her home and so forth. She is a swell person.

You would have had a good laugh watching me washing this morning. Being flying personal we can't get our laundry in on time so I do it myself. Guess I looked like Mr Boyle hanging out the wash. A guy sure does a lot a things in this army.

Well guess that's all for now now. If I don't write to often you know its because I'm so darn busy.

Take good care of yourself.

Your loving son,
Francis.
