Dear Ned Jo:

And still no letter. You
make me sooo mad. But I love
that girl. How is you this lovely day.
Boy is it raining here. I guess it rained
all night. I probably get soaked down
going to school again today. Boy was
I wet yesterday.

I'll be home again Saturday and
if it is before twelve when I get home I'll
be down to see you. I hope that will be
alright

I wrote a letter to my brother Tom
& one to my Polack brother Walter. So
you can see I'm doing quite a bit of
writing since I got some stationery

I thought it was lonesome on a

ship. But this has it beat by miles.
all I do here is go to show by my
loneliness & that gets awful monotonous

Nothing I wish I would hear from
you. You have me worried. I hope &
pray that you are all right & well darling
I haven't much more to say except
God bless you & wait for me

Yours
Tom
