Dearest Jo:

I suppose you didn't get any mail from me today. I wrote yesterday and I will continue doing so.

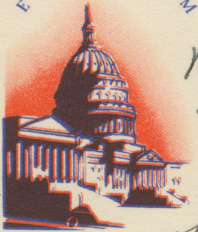

Today was another one of those days. It rained most of the day & was terrible hot. I received your letter today and was very glad to hear from you. It's just like old times again. How I love to hear from the girl I love. I hated to leave you Sunday. But in a few more weeks I'll be home again for a short time. That's something for me & you to look forward to. It may be for as much as a month. Wouldn't that be swell. I hope you think so because I do. Leahy's Dave has gone out again tonight and I'm here with the

four walls again. I hope you made
out bowling tonight. I wish you had
a good score. Maybe if you can take
bowling we could go out horse back
riding when I get home on my next
leave. It would be swell going horse
back riding with you. The leaves will
be all dried & beautifully colored and it
would be swell.

Nanting I kinda (what English) wish
I would be home for Christmas but
I don't think I will be. Dave isn't
here so I couldn't ask him what Jones
room no. he was.

By the way. I made that train by
just about two minutes. Boy was I
lucky. We got into N.Y.C. at 9:00 o'clock.
I wish I could take a train out

New York City and get into
Buffalo at 9:00 o'clock Saturday
night. I will be home
Saturday so I hope you wait
up for me.

Darling I always thought that I
would never fall in love. But I
have. More than I ever thought I could.
Did I ever tell you I loved you? Well
I want to take time out and tell you.

Darling I love you more than any
thing in the world. If I ever thought
that I would lose you I would want
to cease living. That's why I'm going
to marry you in the near future.
So I can have you all my own for
ever and ever. Good night darling and
God watch over you. Forever yours
Woods
