

Washington July 20 1825

Dear Sir

Having had copies made of the several documents which I sent to the Chairman, in support of the observations I sent him, I now enclose those copies to you, in the hope that they will facilitate the enquiry in which the Committee is engaged.

I send to you also a copy, or rather the original draft, of my observations, which were presented to the accounting Dept. in 1810. with my account. I believe it to be correct, tho' it is possible, that some changes might have been made, in the document presented, from this draft. That however may be easily ascertained by a comparison. I am inclined to think that the publication of this, with the exception of the parts, within brackets, may be useful in a general view. very sincerely

Yours

James Monroe

July 20 1825  
Mr. Monroe  
to the Chairman

London, Aug 20 1853

Dear Sir

I have had some doubts of the value of  
 your offer, but I have been assured in  
 your favour, and I have no objection  
 to your taking the property, but I  
 should like to see you in person, and  
 to talk the matter over with you  
 myself. I have no objection to your  
 taking it, but I should like to see  
 you in person, and to talk the matter  
 over with you myself. I have no  
 objection to your taking the property,  
 but I should like to see you in  
 person, and to talk the matter over  
 with you myself. I have no objection  
 to your taking the property, but I  
 should like to see you in person, and  
 to talk the matter over with you  
 myself.

Yours faithfully  
 J. M. Smith
