

Saturday -

Dear Sir -

A call is about to be made for information respecting the extra: compensation which has been made, occasionally in the course of the government to the Attorney General or to District Attorneys, for extra: services rendered by them to the government. I has occurred to me, that your advices may have been made from your Dep^{t.}, & that the acc^{t.} of the contingent fund will show it. The information is more important as to the Attorney General, but it may be useful to furnish it

as to the D. Attorneys also. I
will thank you to have the
inquiry made & to communicate
to me the result to
day if in your power -
