Du milegnorth of Minelies This being my first opportunity to will gon a letter since my tip throng take advantage of it our temporares Camp lat Buther Hice, and moved to This beautiful place where has kapped) we will stay some times of sign to clothe place, and feed out by the dign army for this army has at least one third of the shoes for the said for the shoes to saw mis cause all to pieces before & golfort and, I did not put the on willed got to the There and the tolunter first bet our movement dores harist The men were all so week, they would how of aleen work on theen, If sen de chariot even out of mor andone

nout are rough Enough to ent thos leather much less foot sole! of Ketch of the battle of Getterburg, went how I will endeavour to give you a few prelimenary remarks, of what & cain of July, we were put in motion about daylight, and sent uplo Eithisturg where A Wills of Corps was, and had been fig ling the every the day before, strongly fortified on a mountain, with a force much superior to ours, that day Ewell and Hell on the left, Jought Useno with ruscess, much of A being artillery duelling. The morning of the 2 nd Vongstreet of the yanker lives, medaws, and ploods Sickety who constituted the received ou our right work to on on the flank office mein morning tout out skinnicher, & Reschaus of the makers, of whom our Country

composed a part, were sent forvorvard? and found the Energy Strongly fortified at The foot of the mountains, their & Kurnisher met as in a large open fictor, andwefought Mero Souice lines, during wheele time, Some of our boys got wounded, we drove the youke Trimeliers to the fort of the mountain, and there Kept them, fighting all the while, that day about two Delock & think I madelle marrowest escape & Everdid for my hopo, the commander of the Kimmetin when we commenced forcery them back where our cross a road, and followthere, in a few minutes all the company had crossed) over but in the meanwhile the Remuchers if mary all their men Killer and our Brig, has got mary all their men Killer and our they were conspected to back away believed the original line we being ignorant, in the mean while the youlk preductive left, and got entirel on our the youlk preductive left, and got entirel on our flack, the road while was a perfectly straight one was filled with yanks, and consequents was completely Engladed, of we daid whenten were they would concern behind as and of we rehealed, they would cut us flown, as we recrosed the road, The Officer often quick reflection your the order to retreat, for muchly forther greaten part of our corejuly, there was a

protected comewhat, when they stroped, but there were two orther of us butto Eight of the company were right on the opposite hill in hearder views, as I crossed over they fired avolly into me and if there was our there was fifty balls in lear tech of ma, some about food oping feet, but as good lucker in natich, none often touched me, five men out of the company such from the 2 wheeps likewise exhoused, we copped at the finde and the road, and soulined fighting while thereme advanced that evening in the meanwhile science exposed to our often most awfue ishelings that commen governough, I had the diet knocked no my face several lines. there were fefteen or went yanker heles. playing our at our , several ofour boys were disabled, so that May had to leave thebild What day about 30 clock Hood on the Eight charged the every who had left the mountains with one of the most trumplant fells I Even mart, about that live Kershaws, Lewing Div advanced, The Fixing hen advand andsoon the roar of Caucion and musking Communed, andruck another send never withersed in alenny Cife, mentione talled and coounded by and, and Divaduffered awfully

The awful confint continues wantel and cloudover the scene, and what are awful same, the dead lay on heaps the wounded were begging for heep and ? water, luc Rept possession of the battle filed and slept on it all night Au poor fellow as I hussed by him de heard him doly toleast a sad fale mine is I had a notion to ston out they were trying to get us in sime of bottle for the night, and I had to go our The next morning They commenced figured tracke, imposition 130, Ewill 140, The Energy had about 230 and they commend, that magine that may here, of article, going at once the niver iver Kirown before in america on in miles, The Every ever driven fromthe mountain, and the securities, would by andhew here commenced changes his base, he commenced retreating about jours must deep and sticky, my show were bad and The rocks sharp, we went across the mondano and and carrell Hazerstown where we donnerd alice of battle, butterestworks ly in Clean theidays, without authory at

we we consequent, like the have mushed to death, I neverweaso hungay in all my left, low were sent out thismiting had some fighting, nobod, hust, that night Lee communed retreating across the river and left us on the out posts, Wout two & clock we had order to follow, and what a how, wheel) we marched milier daylight light to that catch upwith the Right kinder steder my feet were meany rimed meddy white my hips, we my short enclier about ten belook and crossed the Even, such that tuno havegot along tolerably well, lucan now in a very mee couch, Enjoying ourselves, not fas from the due la cauce lost James after the fight but to ning grun delight he sauce up after a few days he lost the wayon have Javene of the toys last their boys but they come in death, but williams, got woulded) andmany others that I could men how, but you are not agreements

now on home matters, & havenon had a leave in Tuck along lime that I have almost forgettin what a is going on at & loo of Horm what a can judge Dand mip Ramicare quishing along finely, Iwould likely heat home a while this summer I think Tone of had better pilch in mil Helen the match wouldout right well mix Lucien you The give itte much against my will 2 double why you did not make these objection When I fink come wed my such all took the Cale Itold about the Devedenchabung girl, to heart Why Doyon believe every thing I say I put in the letter enough to lede you to was to - I amsom to hear that my profamis was troubling you to, James one low you that Discovere a little sometime, and now you have thought about it to much you have the our very profine

which is altogethine malan you sholle of disting & besieg very much putout, aboutney willing all the Cetters to Sister R - it is al mistable, 2 seud sisten le-hapiro and write hummore letters their t receive, from hen, sellhir north de dishear aread) she fiels aslarger That in my heart-and inter 10 does Dry paper has given out & will will with perhaps have an opportunity of conting a gain soon, well try and get The Sutters commerce coming about Journest excuselly for face sell a will be any ion to hear from me Rease worth soon dearmothers and remember mie asysum my love to see lele licen to write to me, your withe darberer

Mear Tay wrote Ma a lettery while at Kingsville J. C. Then eve were pather doubtful about was soon tolar when we got to Bruichville and the conte hime off for Augusta, who to the time wil got to Allance my health had been very good excepting after Ealing very frequently Pruffered From Jomething 2 Thought be very Jevere What burn this weat In about Here weeks and it and an heaving Jouralion & Suffered with for two or three hours after Earing mules it way not complain of until 2 Vaken to Teverely with Vier heaving and heart

bunning Tensalion, ogether with a hear ache and feven I made no complaint, holing it would wear off 2 carries on and by the titue 2 gotto mariella The jostling of the Cards annibyed my theat of on our Jurgeon who were for and examiner me said ? had a hot fever, I said if there was a hospital at the place he chould put me in to but the carodis not Thop long Enough so I had to come on when got to Dallon Zally way walking Join and came aleron Cousin Gol It roughe, he came to me and seeing my condition insister that I should

go to his house I sent of and got me a pain from Jane & Dan Staying at Couring at suffering from wheat I have found tout to be Dyspepere I cannot Eat any heavy diet willout making mie Sick or vomiding, and Suffer all the him from heard a che and fever I am very much reduced in strugth but not as yet in fleih) from the friquent action of my bowels to day Phlive la fever and heted a alie, my bowel, make me have to the bushing our Often, I car very light diet Murifore dont suffer from my Olycherson po bart

I much not forget to mention the attention of Course Eds family from the matter up, Edurandine has shown all allention Dominiet Ed, I get along as well as possible willion medical treatment, 2 havis lounge by a good fire cupt you mint exercise the hasti marcier in orticeli thus to correlect for I am cuffinger will a new ache was very sich last night my Coule all Course Ed Liver, and Children all perto Come Ting well the last true of sun hum your mort affection

Dallow Gia, Seft 28th 863. My Dear Caroline I got here have. last night by the date of This letter fore. will see I was four days on the road me stead of being only two caused by failing to mofer the Comection at Augusta Salur Eley morning, where I had to lie over the 6,6, ch, be the evening. At which line I left, and that night at 9, act the train was our off to reflect & two men Relled & one wounded Senously - Here. we stail the 9.6 Ac Sunda, money of car, The Train was a very long one to fortundly for me I wa, me theback end of the hinamast Cantreed on. Ly avery stight shock - I never witness such as come although it was nothing confe - orece with other of the same kind. He sport thewhole night where the a cridat occured round fires of the cold can -Here at 9,6 ch Sunday morning Imet young Harley of the 3d Obegit, and liamed

some particular, of thour! por! Tolly doch - The fight took place in the wood, and over men for the behind tree, to Seem, That the true he stood be-- him way hardly large mough to protect his lody, or that are shorting, at the every The protrusion of his lody, for ever fit to & short, of posed fin enough to be shot how Tiffithe chest, from which, dies olivest instantly: - bol Nance as I learn from a note here, at Edead Brugle; witness It his fall, At This same sportwhere we uori cire ched, I wa, informer by another one The fight having taken sich at Allasta and left here by direction of the Col. We got to Allaula after dark Sunday night to forme it in possible to pass the Throng of Soldier, who were foring on to Bragg, Next moning, Monday, The same Thing tothe place to 2 dies not get of the 110 . Che. and then have to so one the Hought from - In he the dest, will all the attendant delay, holice net get here till 8,= lado

night - Here I fine Harry Scire enough Infame, who come down two days ago without note from Cel Namer to Edward, in reply to one asking stint his burnol to .- The rule pre, the particulars - Jane, helper teling hum. ler Carlisle Superintendedit & preached the funeral. - Capt Williams and a fine, Vancibi, Compagan Buri by the rice of here, near a house where it will as any be easing to find the sport. John William, Enthing the Capit, harbee. on after The body to went & understand with The intention to preparation of bring all Three trong but when & huming of the body of his brither form & The Condition such as lighte aduce of friend, he was dissuaded from attemption, to bring it limite cold weether - + with I knew a fat to do -. I have promised to take him back, & if any plane can be derised to effect t I am deteries to resort to it. Hong co agood week better than whenhe Canchera

but stee has two much disturbance of the bounce, for outdoor duty - His sickness is derar genet of the stomache, & bruses, Coused no doubt, by 21 cess of & in printer ce in ration while in theway and here He thinks so hemself to from the des creptroube gires how he die I have no doubt he is correct. He say, the Surfen Cally it a spile of byspefision. Last night was the first night I have had any steep such last Midnesoca, night to with files & Constipation trace, you may freeds I am in porplight for business. - I will unite a faire some hwould like before 2 tobe any stopes to return home with the body to hear the feeling about home ni relation to it. Derect your between the place put if it does not find me here Sout will to the forward it tome at how Muflace . I Course mitting more of Harry Care many point oflien autil I make enquery to See Those in Command Loose no time in unting mey taffectionery you
