Rollins Fencers Killed
Richmond, March 16—(AP)—A skidding automobile yesterday brought instant death to two members of the Rollins College fencing team on the sleet-covered Petersburg Pike, and serious injuries to three others. The dead: Don Cheney, 20, Orlando, Fla., and Malcolm Corlies, 19, East Orange, N. J.

The three seriously injured are: William Honey, 43, coach; Jack Hagenbuch, 18, Newark, N. J.; and Gene Townsend, 21, Orlando. Three others were less seriously injured.

Spinning out of control as it passed another vehicle the machine with its cargo of eight collegians, bound for a fencing meet with Navy at Annapolis, swerved from the road into a pole and caught on fire from high tension wires broken in the crash. Other motorists pulled the youths from the wreckage.

The team, victors over William and Mary in the state, was to have met Army, Lafayette, New York University, Princeton and Pennsylvania, in addition to Navy on their trip.

Sit Downers Stick

Detroit, Mich., March 16—(AP)—Five thousand sit-down strikers, confronted by Gov. Frank Murphy's statement that "the Courts must be respected" gave no indication today of obeying an injunction ordering them to evacuate eight Chrysler automotive plants here. The Governor's statement was issued in Lansing at the end of a conference with a group of prosecutors and state officials. "We did not put the men in the plants," Homer Martin, president of the United Automobile Workers of America said, "and we are not going to take them out. We are not going to vote on that question."

Congressmen Popular

Washington, March 16—(AP)—Congressmen have replaced movie stars as the postman's best customers in the 39 days since President Roosevelt submitted his Court reorganization program. Gray-haired Senators are getting mail at a Shirley Temple tempo. Round Representatives are getting mail at a Robert Taylor rate.

Directs Neutrality Patrol

London, March 16—(AP)—Chosen for a unique job, much like that of a railroad dispatcher, J. S. C. Oliver, a retired Admiral of the Dutch navy, came to London today to direct a four power naval patrol to cut off military aid for Spain's embattled legions. Oliver's job really will be to shift the 650 agents of the Neutrality Committee from one control port to another.

Hopes to Curb Insanity

Rochester, N. Y., March 16—(AP)—Into the weird world of hopes and fears which form dementia praecox, cause of half of the nation's insanity, two Rochester physicians have gone exploring with an ordinary "saccharimeter." This is an instrument long used by sugar refiners to grade their product. The medical men are using it to study the new "sugar shock" treatment for dementia praecox. They are trying to identify the various kinds of sugar that occur in the insane person's body fluid during the remarkable, and not yet understood recoveries due to the "sugar shock" treatment.

Queen Marie Improves

Bucharest, Roumania, March 16—(AP)—Queen Marie of Roumania, seriously ill of a gastric hemorrhage at Zetozeni Castle, was reported slightly improved today. Relatives remained in close touch with the sick room to which she has been confined since she was stricken with influenza while at the opera last Thursday night. Her son, King Carol II, was at the Queen's bedside for two hours last night. Many messages came from friends in the United States, it was reported.

Working on Message

Warm Springs, Ga., Mar. 16—(AP)—President Roosevelt hoped to complete today a message he will deliver tomorrow night to the Charitable Irish Society of Boston and then, weather permitting, drive out to some adjacent Federal projects.

Scene from Eighteenth Century Play

FIRST PRIZE IN CONTEST WON BY FORMER STUDENT

Miss Lee, '24, Wins \$1000 Annuity for Life; Is Charter Member of Kappa Alpha Theta.

Miss Petecolas Lee, a native of Williamsburg and an alumna of the College of William and Mary, was informed Sunday that she had won the first prize in the Camay 1936 Annuity Contest sponsored by the Proctor and Gamble Company. Miss Lee's twenty five words which extolled the virtues of Camay soap were chosen from those of thousands of contestants who were entered in the nation-wide competition.

Miss Lee attended William and Mary in 1921-24 and was one of the founders of the local chapter of Kappa Alpha Theta. She is one of the original staff members of Colonial Williamsburg, having been associated in many capacities with the Restoration, almost from the beginning. She is now a hostess at the Raleigh Tavern.

Miss Lee chose the \$1,000 annuity rather than the lump sum of \$12,000. She expects to spend part of her first \$1,000 by taking a few trips, but will continue in her position as a hostess for the Restoration.

Two radio programs were broadcast from the historic Raleigh Tavern, one at 10:30 A. M. and another at 3 P. M. on Monday, in which Miss Lee told radio listeners over nationwide N. B. C. hook-ups how it feels to be a contest winner.

A luncheon was given Monday in honor of Miss Lee at the Williamsburg Inn by Mr. Kenneth Chorley, president of Colonial Williamsburg. Local residents and representatives of the sponsors of the contest were present.

"A TRIP TO SCARBOROUGH" TO BE GIVEN BY W-M PLAYERS THIS WEEK

Play Typifies Life of Eighteenth Century Fop Portrayed by Carl Buffington.

TICKETS ON SALE NOW

Students of the college will get an insight into the life of a typical eighteenth century fop this Thursday and Friday nights, when the William and Mary Players present "A Trip to Scarborough" in Phi Beta Kappa Hall. This noble lord, surrounded by his unfortunate younger brother and his artificial friends, moves languidly through a series of intrigues, duels, and courtships which are far from languid.

A great effort is being made to make this, the third annual eighteenth century play presented here, as nearly authentic as possible. There will be a number of extra-play features designed to contribute to the atmosphere. At intermission songs of the period will be furnished by Mrs. B. D. Peachy and a stringed trio, following which "comfit-vendors" will sell candied fruits in the foyer—an 18th century custom.

The orchestra will be dressed in costume, and the orchestra pit will be appropriately decorated. Music will be furnished by Elizabeth Jones, Barbara Sweet, and Seymore Waxman, who will play before the curtain and during intermission. The programs will represent eighteenth century hand-bills, and will be furnished by Dietz, in Richmond.

Four members of the cast presented a few scenes from the play over station WPHR yesterday afternoon. They were Margileth Meyer, May Fielder,

Freshies Visit City Sanctuaries For Final Baptism Into Tradition

Those tired, but determined individuals whom you saw trudging down the Duke of Gloucester Street the first of last week were our freshmen, no doubt exploring the sanctuaries of ye olde Williamsburg. . . . In these they received their final baptism into the tradition that so permeates the local atmosphere.

The usual method of procedure was to begin with the jail and work up, of course, there were some who insisted on beginning at the Palace and working down. This, however, depended entirely on the psychological ideas of the individual—which discussion we definitely shall not go into.

The majority of these collegiate sight-seers heeded the "bird" instinct and stuck together, but now and then one of those strong individualists wandered off to explore for himself, somewhat to the dismay of the guides. We even saw one of our better-known freshman co-eds sweeping majestically down the Palace stairway as if she were surrounded by yards of billowing hooped skirts and numerous, gallant swains. What imagination co-eds!

(Ed. note: We don't know whether this refers to skirts, swains or "gallant").

The tickets caused a field day for the amateur photographer who got the chance of his college life time. . . . what with crocus, daffodils, sunshine (!) and such, and he took advantage of them by snapping everything from the Palace Garden to the Gaol stocks! This trip through the Restoration Buildings accounts for that superior expression of the freshman's physiognomy when tourists ask him questions about our fair city. After all, they've been there. (Ed. note, No. 2: That Freshman better not be so smug. He'll forget it all before he's a junior. I always did say that seniors are the ones who need those tickets.)

CRANE LECTURE SLATED MARCH 22

Hans Helfritz will give the annual Crane Lecture here in Phi Beta Kappa Memorial Hall, Monday March 22nd, 8 o'clock, speaking on his adventures and discoveries in Southern Arabia. The program will be featured with pictures taken by the explorer, among them being scenes of the skyscrapers in the Arabian Deserts which have never been shown previously.

Helfritz, a German, accomplished what Arabic explorers have been attempting for centuries,—to reach and take pictures of Shabwa, the old Hamaraye capital of Bilkis, the Queen of Sheba. These pictures he is exhibiting on a lecture tour, and he will come to Williamsburg directly from Washington, where on Friday of this week he will address the National Geographic Society.

The lectures are sponsored here annually by Charles R. Crane, each year presenting some nationally known lecturer or public figure.

The lecturer is the author of "Land Without Shade", one of the important new adventure and travel books of this decade.

Boomerang

Austin, Texas, March 16—(ACP)—What University of Texas students thought was going to be a "pipe" examination turned out to be a viciously circling boomerang.

"Fellows", announced the instructor "I'm just as tired of these darn exams as you are so I've decided to give you an easy one today. Just one question, in fact."

Everybody in the class did a series of simple mathematical calculations and arrived at the sum of 100 for the answer.

"Just a minute," said the instructor, "I forgot something. Recall the number of times you were absent from this class, multiply that by two and subtract it from the answer on the problem."

SUMMER SESSION TO RUN FOR NINE WEEKS; OPEN JUNE 14, CLOSE AUGUST 14

Innovations in Method of Instruction Will Mark 26th Annual Session. Hoke Announces.

Innovations in the method of instruction, as well as courses to be offered, will mark the 26th annual session of the College of William and Mary's Summer School, which begins here June 14, Dr. K. J. Hoke, director, saia today.

Instead of the previous six week sessions, of which two were held during the Summer, this year will see one regular session of nine weeks duration, with a convocation for the awarding of degrees ending the term on August 14. Credits will be given on the basis of forty-five lectures, instead of the shortened number given in previous years, making it possible for students during the nine week session to secure the same number of credits as during a regular term.

In order to provide instruction in French for students who wish to acquaint themselves with French conversation, customs and literature, the College is planning a Maison Française during the first six weeks of the summer session. Special living accommodations will be arranged in one of the women's dormitories, which will be under the direction of Madame Antoinette Noel Hoffherr, a native of France, who has been conducting this type of work in this country during recent years. Madame Hoffherr will have competent assistance in the direction of this work, with special equipment in the form of books, magazines, pictures, language and music records, being provided. Students who enroll in the Institute on the Teaching of Foreign Languages will be able to take this work at no additional expense.

The Institute on the Teaching of Foreign Languages will be given during the first three weeks of the session, June 14 to July 3, and aims to promote the teaching of foreign languages in the secondary schools to insure sound principles of instruction. The work offered will introduce teachers to the new methods of instruction as well as the latest theories of curriculum construction and administration. The Institute will be headed by Professor A. P. Wagener, head of the Department of Ancient Languages, and Professor J. R. Fisher, head of the Department of Modern Languages at the college. Opportunities for observation in correct methods will be provided by demonstration classes in

the Matthew Whaley high school. A series of round-table conferences, and of archaeological and literary lectures of interest to the entire group will occupy certain evenings.

An educational conference, to be given during the opening weeks of the term, and to be devoted to a discussion of secondary education and conducted by men nationally known in this field, will be another special feature of the session.

The largest number of summer courses yet to be offered by the Marshall Wythe School of Government and Citizenship, embracing work in Economics, Government, History and Sociology, are listed in the catalogue.

Although most of the courses offered occupy the entire nine weeks, some courses offered end in six weeks, depending upon the work needed. The nine and six week courses are regular, while the three week sessions are for special courses.

'ROUND THE TOWN

You Need a Sweater

For these long spring afternoons, spent roller skating, strolling around town, or just sipping "cokes", what you need is a bright sweater. The Sister Shoppe has some that are tricky—tiny puffed sleeves and flattering collars—in the season's freshest shades—peach shell pink, rose, Kelly green (Shades of old Ireland!) and white (\$1.95). If you prefer the classic neck, there are others in a new wide-ribbed pattern at only \$2.95—guaranteed to make you look your cutest.

Rumor Has It

Word is out that this is to be a blue Spring—the color, blue—not the way you feel. Anyway Casey's have some of the smartest shoes and bags, that are guaranteed to make one feel anything but depressed. Navy gabardine and patent leather for opera pumps with a new flair and for the more conservative a neat tie in the same combination (\$3.95 for both styles). The patent leather keynote is carried out in huge envelope purses—all slick and shiny (\$1.98). Navy silk pouch purses with teensy embroidered flowers all over them (\$1.95) will be a delightful complement to your afternoon frocks.

Just one thing more—cobweb hose are back—in the correct shades for your Easter ensemble (\$1.35).

Dreams Do Come True

And if Mr. R. M. Usry, manager of Rose's 5 and 10c store, can win \$500 just handling a Procter and Gamble cake of Camay, isn't it logical to visualize miracles if one should be so smart as to use such a product. Picture the real loveliness, the softness, the glistening lights your hair would acquire, if, for instance, you were to use Drene as a shampoo. Need we use further persuasion to draw you to Rose's for your bottle. Use Drene, we say, and then maybe your dreams will come true.

Puddle Jumpers

We have at last figured out why the soles of the men's shoes are so thick. It's to ford the campus puddles! Frasier-Callis have some of the best-looking oxfords in creamy and light tan buck with perfectly huge cushiony soles. The campus smoothies are all wearing them. Why not be up to date and have a pair too.

Sniffle, Sniffle

Of course it's a lucky break to have your professors laid up with the flu, but why spoil your own fun with a cold. At the sound of the first sniffle, run down to the Rexall and partake of their special cold remedies. They carry standard brands and are equipped to fill your favorite prescriptions.

Seeing Is Believing

To visualize SEEING, we think of eyes to see with, a task to perform and sufficient light with which to see it.

Nature gave us our eyes as they are; our work is usually set out for us by someone else or by circumstances; but we can control the quantity and quality of our light.

KAPPAS ANNEX SORORITY TITLE, PLACE TWO ON ALL-STAR TEAM

New Cage Champs Win Seven Out Of Eight Games

Louise Taylor and Sally Bell Shoot Victors to Triumphs Over Girl Opponents.

TAYLOR IS HIGH-SCORER

Kappa Kappa Gamma, by virtue of its two victories last week, is now undisputed ruler of intersorority basketball.

The Kappas scored once each over the Alpha Chis and the Chi O's last Tuesday and Wednesday nights to clinch the championship. Gamma Phi Beta took runner-up honors.

Winners were determined on a point basis, two points being given for a game won, no points for a game lost, and one point for tie games. The Kappas, beaten only once, won seven out of eight games for a total of 14 points.

Team summaries follow:

Sorority	Points	Total Points
Kappas	14	198
Gamma Phis	12	128
Tri Deltas	10	124
Thetas	10	120
Alpha Chi O	10	86
Chi O	6	130
Phi Mu	6	89
Pi Phis	2	80
Kappa Delta	2	72

Gamma Phi Beta, runners-up to the champions, won six out of their eight games, but even had they scored two victories last week, they still wouldn't have tied the Kappas for first-place honors.

Rules governing the games say that in case of ties in games won and lost, the team which scores the most points shall take preference over the other team.

Results of games played last week were:

- Tuesday Night
- Kappas (24): Taylor 22, Bell 2.
 - Alpha Chi (8): Weigand 8.
 - Thetas (17): Land 10, Clarahan 7.
 - Pi Phis (9): Matthew 5, Flannery 4.
 - Tri Deltas (14): McCarty 8, Dobie 6.
 - Chi O (7): Dale 5, Ralph 2.
 - Gamma Phis (12): Bloxton 12.
 - Kappa Delta (4): Griffin 3, Evans 1.

 - Tri Deltas (14): McCarty 12, Dobie 2.
 - Pi Phis (6): Gouldman 4, Matthew 2.

Spring Football Practice Ends With Scrimmage

Drills Will Continue, However, For Those Who Wish To Carry on Work.

Spring football at William and Mary officially ended last Friday with a brisk scrimmage, but Coach Branch Bocoek will continue to hold workouts daily with any members of the squad who wish to continue practice.

Fundamentals dominated the drills of the spring gridders during the past two weeks, and plenty of work was spent on the tackling and blocking dummies. More than 40 candidates took part in the practices.

Two scrimmage sessions were held, one last Tuesday and one last Friday, but because of the short period of practice, it was almost impossible to use the scrimmages as a criterion of what next fall's team will look like.

At least two new candidates, however, gave promise of developing into capable varsity material. Charlie Hall, of Ashland, Ky., handled himself well in the backfield, and Robert Douglas, brother of freshman coach Otis Douglas, gave evidence of developing into a fine tackle.

Two linemen on last year's freshman eleven—Cary Berry and Joe Kennedy—also looked good in scrimmage. Most encouraging of all, however, was the work of Lloyd Phillips, 180-pound full-back.

Phillips' hard driving and shifty running was one of the features of both scrimmages. On the last play of last Friday's scrimmage, Phillips returned Joe Lawler's kick 35 yards for a touchdown as he reversed his field and outran would-be tacklers.

Several members of last year's squad took no part in the drills. Johnny Coiner, who with Ted McGowan will co-captain the 1937 eleven, is recovering from a recent appendix operation. Other men who were not out for various reasons include Wayne Harper, Stan Kamen, Frank Koss, Herb Krueger, Joe Zanghi, and George Bunche.

Physical Ed. Show Held in Blow Gym

Volleyball, gymnastics, tumbling, badminton, and ping-pong all were illustrated in the first of a series of physical education shows last Thursday night in Blow gymnasium.

Two picked teams of husky youths first gave a demonstration of volleyball in a well-played game which was closely contested throughout.

Joe Flickinger and coaches Otis Douglas and Scrap Chandler then gave an exhibition on the parallel bars. Later, badminton and ping-tong games were played, and a tumbling class went through an elementary demonstration of tumbling.

Flickinger, with Otis Douglas as thrower, did a few acrobatic stunts, mainly front and back somersaults. The show was interesting throughout, and coach Douglas plans more of them in the future.

Douglas also announced that fraternity and interdormitory volleyball tournaments will be held immediately after Easter holidays. Balls and nets are always available for practice use in Blow gym, he said.

Indian Nine Gets Down to Serious Work for Opener

Practice Officially Starts As Spring Football Drills End; Diamond in Shape.

Baseball practice will get underway in full force this week and, with only two weeks remaining before the opening game, it is expected that the squad will continue work on through the Easter holidays.

The diamond only recently has been put in shape and so far there has been no opportunity for infield work. Many holdovers from last year's team, however, have been working out for the past two weeks, throwing, catching and hitting.

Several candidates will join the baseball squad, who have previously been drilling with the spring football men. Baseball practice was not officially open until the close of spring football.

William and Mary will open a 21-game schedule here March 30 against Washington and Lee. Eight lettermen, headed by captain Dan Edmonson, will be available for the coming season, and there also are several sophomore stars to pick from.

Coach Bill Scott, blessed with a quartet of starting pitchers and a fairly formidable infield, will find his chief work in outfield replacements. Bud Metheny is the only veteran outfielder returning, as both Dixie Moore and Jimmy Savage were lost through graduation. Charlie Baltimore played a little in the outfield last season, but has still to prove that he can hit.

Red Hern, Frank Koss, and Frank Yeager all played infield with the freshmen last year, and it may be that the fleet-footed Walt Zable, varsity shortstop, will be shifted to center-field in a move to strengthen the outer garden.

Such a move would then leave Hern, Koss, and Yeager, to fight it out for positions at shortstop and second base. The second base position was left vacant through the loss of Aubrey Marable, who is not in school this year.

The pitching and catching departments appear set. Adams, Oliver, Daly, and Waugh will handle all mound work this year with Cat Harper and Al Tirelis doing the catching.

Issues Volleyball Challenge

A newly organized volleyball team, led by Ted McGowan and Sam Walker, has issued a challenge to meet any similar organization on the campus. A game may be arranged by seeing either McGowan or Walker.

Four Sororities Represented On Mythical Sextet

Official All-Tournament Team Is Selected By Flat Hat Sports Department.

TWO NAMED UNANIMOUSLY

At the risk of life and limb and showing brazen disregard for a woman's scorn, the sports department of The Flat Hat presents for your edification and displeasure the official 1937 All-Sorority basketball team.

Prominent among those who took no part in a thorough poll to evaluate the ability of members of sorority teams were Miss Martha Barksdale, Tucker Jones, Miss Dixie Sterling, Billy Gooch, and Shirley Temple.

Several of the first team selections were close—so close, in fact, that judges and officials of the poll were forced to pitch pennies to decide which sorority scrap-book should be thickened by their choice.

It was generally agreed that many of the candidates for all-sorority honors displayed good form, but, as is nearly always the case, it was also agreed that there were some who showed tip-top form. To these went top honors.

To all players who were named to either the first or second teams, the sports department of this paper will give telephone rings, night watches, or any other little forms or charms which the would-be recipients might desire.

But to break away from the aesthetic and get down to the material, two of the first team choices were just about as unanimous as complete unanimity (redundancy already noted, thank you), can be.

The two unanimous selections were Louise Taylor, of the championship Kappas, and Wild Daisy McMenamin of the also-ran Tri Deltas. The only night that Taylor didn't score at least 15 points was one night last week when no games were played.

Good-natured Daisy McMenamin, although playing much of the time from a horizontal position on the floor, was conceded to be the class of the guards. Offensively and defensively, Daisy stood as firm and as threatening as the Rock of Gibraltar.

Other convincing first team selections were Jean Clarahan, Theta, at forward; Maria Savage, Alpha Chi, at one center; Roberta Rosendale, Theta, at the other center; and Anne Sherman, Kappa, at one guard.

Just as a matter of record, there actually is little to choose between the first and second teams. There is always, however, a first and second all-star team, and since everybody can't be on the same team, there must be a second team.

Our full selections, standing as they are for future posterity at William and Mary, can be found in a not too secluded spot at the top of this page.

Incidentally, if you think you can pick a better all-sorority basketball team, go ahead and pick one. But unless it concurs with our all-star team, don't think for a minute that we're going to print it. Not much.

W. & M. Girls Will Enter Telegraphic Swimming Meet

National Intercollegiate Tank Contest Draws Entries From 37 Other Colleges.

24 TRYING FOR BERTHS

More than a score of William and Mary girls are working out daily in Jefferson and Blow pools, preparatory to entrance in the National Intercollegiate Telegraphic Swimming Meet which will be staged the first week in April.

Thirty-seven colleges, schools, and universities are entered in the meet. William and Mary, however, is the only school in Virginia which will take part in the somewhat novel competition.

The local girls expect to run their events off immediately after their return to school from spring vacation. Times will be clocked in Blow pool and will then be sent to central headquarters for comparison with times made by other entries.

William and Mary has had no organized girl's swimming team before, and the local beauties will be severely handicapped in the meet by lack of practice and experience.

Last year's intersorority swimming tournament produced some likely talent which included Jane Hutcheson, Claudia Torrence, Jean Vosburgh, Doris Campbell, and Lois Sheppard. These girls all are trying for places on the college team this week.

Among those who are practicing for the coming meet are: Claudia Torrence, Jean Vosburgh, Jane Hutcheson, Nannie Smoot, Lisa Bloede, Rosa Evans, Mary Cox, Betty Hoddick, Lois Sheppard, Doris Campbell, Lillian Styler, Betty Steele, Anne Layton.

Also Helen Carl, Kay Ewing, Helen Strange, Helen Gudbrue, Margaret Woodland, Betty Rumsey, Jean George, Peggy French, Mary Caldwell, E. M. Alderson, Marjorie Beggs, and Lois Griffin.

Fencers Win Three, Lose One, Tie One On Northern Trip

The William and Mary fencing team concluded a successful northern tour last week with a record of 3 wins, one loss and one tie.

Opening against the University of Maryland, the Indians were surprised by a strong terror attack and the best that they could do was to come off with a 8½-8½ tie. The swordsmen got revenge against Delaware, however, when they finished at the top of a 15-2 score.

The Rutgers match proved to be a close contest but the W. & M. team once more scored, 9½-7½. Against a very strong Haverford squad, the tide was turned and the Indians were beaten 8-9. The final match was a 10-7 victory over Stevens Tech, of New Jersey.

The epee and foil divisions led the attack. Stangarone, Kibel and Ware were the foil men, while Kibel and Woodward worked in the epee. The sabre men managed to break about even in their matches.

After this successful trip, the team is ready for the Southern Conference meet which is slated to be held here, on March 19 and 20. Their record so far this season is evidence that the Jonesmen will be strong contenders to cop the conference title.

V.I.P.A.—Alive And Kicking

The Richmond Collegian, "in its position as a subscribing member of the (Virginia Intercollegiate Press) association", editorially takes to task "the president, Mr. Thomas, of William and Mary, and the executive secretary, Mr. Hudgins, of Blackstone," for the laxity of control which has been exercised in the handling of the affairs of the V. I. P. A. this year.

Quoting the Collegian: "The convention (awarded William and Mary last year) was postponed, according to a letter sent to members, from November to February in order that a new dormitory at the college might be finished to accommodate the delegates." This statement, of course, is not based on fact, since there is no dormitory under construction at William and Mary nor has there been since the spring of 1935. We do not know where the illustrious editor of the Collegian picked up this fact—either it is a hallucination resulting from his constant worry over the fate of the V. I. P. A. or it is an outright misstatement intended to lend force to his editorial masterpiece.

The truth of the matter is that the October meeting was postponed because William and Mary's record enrollment left no accommodation for the 200 odd delegates expected. Mr. Hudgins, who founded the association eleven years ago upon his graduation from Hampden-Sydney College and whose sincere interest in the body led to his election as permanent executive secretary, took time off from his work in Blackstone to contact Washington and Lee and F. S. T. C. in an attempt to arrange for the convention to be held there. Unable to hold the meeting at either Lexington or Fredericksburg, he has been able to work out plans for a limited number of delegates to meet in Richmond on April 16-17. It is readily seen that the officers of the V. I. P. A. have done the best they can in view of the circumstances. Yet, the Collegian pans these officers for their "lax control."

Says the Collegian: "Several times have the members written to the president and the executive secretary asking for details; not even a semblance of a reply has been forthcoming!" To the best knowledge of the president, two publications, the Randolph-Macon Yellow Jacket and the V. P. I. Bugle, have made inquiries as to the delay and both were answered promptly.

Again quoting: "It is our wish to continue the association and the benefits which have been derived from it, but we can not hope to do so with the utter lack of cooperation on the part of the leaders." "Why has William and Mary failed to go through with its obligations and promises?" What kind of cooperation is Richmond College showing when the V. I. P. A. has grown so rapidly that there is difficulty in housing so many delegates at one college? This type of cooperation is not the kind which has kept alive the V. I. P. A. where every other collegiate press association has failed.

Our advice to the Richmond Collegian is that its editorial writers have the facts before them when they make the accusations contained in their printed editorials. On second thought, maybe the writer needed something to fill up the column and blindly turned to a topic about which he was so obviously in the dark that he had to manufacture his "facts."

Table manners are a part of the basketball curriculum at Marquette University. On trips and in private dining rooms, Coach Bill Chandler allows his huskies to take turns in doing something wrong at the dinner table so that the others may tune up their etiquette.

A campus bank at Rutgers makes small loans to students at about one-third the legal rate of interest. It is run by undergraduates in the money and banking course for practical experience.

Campus Hall of Fame

His name is Freddie Eidness. Take a good look at him. Would you believe that he spent a summer building coffins? That, at the age of 13, he pinned a button on President Coolidge? That he peddled Melba Toast in Brooklyn? That he has been on the Dean's List ever since his sophomore year? Well, it's all true!

Other significant facts came to light upon investigation of his history. Anybody who knows anything at all knows that Freddie is a singer. But few people know that he is a frustrated baritone. For three years he's been singing in operettas hoping that some day he might get a baritone part. First there was "Iolanthe", then "Patience". In these he sang tenor. Then, at last, came "The Gondoliers" . . . and still he was a tenor.

The baritone in him, however, will out, as his brother S. A. E.'s can tell you. His wit too will out, it seems. They call him "Cokie" . . . "because he is so crazy."

Our investigation unearthed a pile of miscellany. Here's a little: O. D. K.; 7 Society; Chi Beta Phi, president; Phi Sigma; Interfraternity Council; Men's Glee Club, president; Men's Student Body, vice-president; Varsity Swimming, captain; Historian, Senior Class; Sports Editor,

Indian Handbook; Monogram Club. Freddie received his B. S. last June, majoring in biology. He's working on his master's degree now and hopes to go to Harvard next year for his doctor's degree. Eventually he may teach. How anti-climatic!

Freddie Eidness, a student at William and Mary, is featured in the Campus Hall of Fame. He is a singer and has a diverse background of experiences, including building coffins and peddling Melba Toast. He is currently working on his master's degree and plans to attend Harvard for his doctorate.

When a buxom blonde at the Medical College of Virginia swing-hipped into the X-ray department, she impressed the attendant as "sort of Mae Westish." A second later he was almost convinced. "Okay," the ex-mayor answered. "Make a statement," the rookie reporters suggested, while the Walkers stood and wondered. Jimmy was willing, however.

"On what?" he asked. "Make a statement about Brown," suggested the freshman. "Oh, you can say anything you want about Brown," smiled James J. and departed.

Student Opinion

Editor
The Flat Hat
Dear Sir:

On March 4 and 5 William and Mary students presented "The Gondoliers". On March 9 this production was reviewed in The Flat Hat by Edith Harris. There is widespread dissatisfaction among the students at Miss Harris' classification of this operetta as "fair and amusing" entertainment. Any campus production is a manifestation of student interest in extra-curricula activity. A critic more discerning than Miss Harris would not have looked for the "prerequisites of a perfect production" to be developed by other than a professional company. Surely we should not disparage actors with limited experience, tedious and perhaps not wholly adequate training, and restricted facilities, if they do not reach "the correct degree of mad frivolity." We are not in any sense competitors of the D'Oyly Carte Company. It appears to be an error in both judgment and taste that Miss Harris even contemplated a comparison between the two methods of presentation.

In consideration of the fact that members of the Fine Arts Department and Miss Nelke inspired and developed the details of costuming and staging there is no valid reason for the cry of "amatuerism" in production.

I appreciate the fact that Miss Harris' criticism was not entirely unfavorable. It is, however, deplorable that on this or any other campus,

students should bewail a lack of professionalism in student activities.
Very truly yours,
Virginia Lewis.

To the Editor:
We have witnessed lately too much of the intolerant attitude taken by the student body as regards the review of the Gilbert and Sullivan operetta. It becomes increasingly difficult for us to understand why frank criticism can not be voiced in the College paper.

Is this an institution with an adult point of view, or must the flaws of amateur productions be minimized by an overabundance of flowery praise in order to secure popular approval?
We compliment the editors of The Flat Hat for their courage in printing a sincere review, and hope that they will continue this policy.
From several Co-eds.

Dear Editor:
In reference to the article that appeared in last week's Flat Hat pertaining to the Gilbert and Sullivan Operetta, I should like to say that I think the article did not give an altogether fair treatment of it. I think the singing was anything but strained. The operetta showed a great deal of hard work. I think Mr. Small and all the actors and actresses should be congratulated on the most delightful and splendid performance of the year.
Yours truly,
Cynthia Hamm.

SKINNY ENNIS, featured ballad singer and rhythm soloist with Hal Kemp's Orchestra, heard over CBS every Friday night, was born at Salisbury, N. C., a few miles from Kemp's home in Charleston. His real name is Edgar C. Ennis, Jr. At the age of 12 he studied the piano—changed to the trumpet, also drums. He roomed with Hal Kemp at the University of North Carolina. Skinny played trumpet and drums in Kemp's first college six-piece band. He did no singing until several years after the band was organized. Kemp heard him singing offstage; persuaded him to try it on the dance floor. He sang often and continued to play the drums as well. Skinny has an amazing memory for lyrics. Stored in his mind are the words of approximately 400 songs. Commits a new song to memory in 10 minutes. And Skinny Ennis is a man of paradox. He's pretty serious minded, likes to read the classics—and his favorite author is Harriet Beecher Stowe. The Ennis family has been prominent for four generations in North Carolina. His grandfather was a general in the Civil War. Ennis puts through two phone calls a week to the old homestead in Salisbury, N. C. Has been an excellent golfer since the age of 16. His hobby is photography. He got his nickname as a youngster—and has put on a number of pounds since then. VITAL STATISTICS: Five foot ten, blond hair, blue eyes—and unmarried.

Origin of Animated Film Cartoon Is Shown In Sunday Movie Series

The second program in the series of Memorable American Films presented at the EKO Williamsburg Theatre on Sunday afternoon, March 14, gave examples of the earliest comedies. The word "comedy" in the cinema world has always alluded to clowning, slapstick affairs, and vaudeville, and thus retains a distinct difference in meaning from comedy as referred to on the legitimate stage.

George Melies, a French pioneer in the art of motion picture production, combined his genius and imagination to create extreme situations. "The Doctor's Secret", one of his contrivances, presents a free and unrefined spirit of impossible acts.

"Gertie the Dinosaur," created and drawn by Winsor McCay, is one of the earliest animated film cartoons. Felix the Cat and other anthropomorphic creatures must all be regarded as the brain children of this famous newspaper cartoonist.

The ever popular Mack Sennett, to whom nothing was sacred, gave his audience a melodramatic satire of the "Western" film in "His Bitter Pill". Edgar Kennedy, who is well-known for his performances in comedies even today, appears in this short subject as the villain.

"The Freshman" starred Harold Lloyd, who has made a loving corner for himself in the hearts of the American people. In the Lloyd films, comedy is achieved through situations too complex for the hero to which he attempts to adapt himself; nevertheless he is always successful in the end. Jobyna Ralston, who co-stars with Lloyd in this production, will be recalled as the wife of Richard Arlen, film actor.

"The Sex Life of the Polyp", a mock lecture by Robert Benchley, was one of the first talking pictures to be recorded. It presented the intimately humorous and dramatic possibilities of screen dialogue.

"The Skeleton Dance" was one of the first cartoons by Walt Disney, whose name has become nationally known. Even in this, the first Silly Symphony, those excellent qualities by which success has come to Disney

were evident. Their originality and freshness have made Silly Symphonies and Mickey Mouse the delight of the whole world.

The Parrot

It couldn't happen here, could it? The University of Michigan excuses all students who attend school dances from all classes from 8 p. m. the afternoon preceding, and until 12 the morning following said affairs.

There seems to be a deflationary movement on foot. Peggy Bracia, ex-follies girl, issued this statement to a staff writer at Roanoke College. "College boys are all lovely babies."

In Honor of Health Week: Before I heard the doctors tell The dangers of a kiss, I had considered kissing you The nearest thing to bliss But now I know Biology I sit and sigh and moan Six million mad bacteria— And I thought we were alone. —Virginia Intermont Cauldron.

Here are some nice definitions we culled from the Fordham team. The wag who thought these up, must have gone to college.

Campus—A green lawn studded with buildings and littered with students. Idea—A once dangerous phenomena—now almost extinct. Can still be found in the backwoods but has been almost completely exterminated by educational centers.

Final Examinations—A Twentieth Century descendant of the Spanish Inquisition. If you aren't orthodox, you don't get by.

Columnist—(Attention!) "Storyteller" of the campus. A term used in abnormal psychology to indicate the owner of a frustrated ego.

Verse of the Week:

You made hay While the sun was bright; I sowed wild oats By the moon at night. Your hay is stacked in bundles neat. But the lingering taste of oats is sweet.

—Jinkwell.

This Collegiate World

(By Associated Collegiate Press)

The "wrong number" telephone gag that fraternity boys sometimes pull, didn't stop a Birmingham Southern College coed for long. She had to speak to her enamored one and that was all there was to it.

When the frat phone rang, the fellows gathered around. The answerer recognized the female voice and said:

"This is the shoe shop, madam."

"I'm sorry. Wrong number," she apologized and tried again. When the bell rang the second time, a cheery voice answered:

"Your pressing shop speaking. What can we do for you?"

"Wrong number," she muttered and dialed doggedly again.

"This is John's Funeral Home, who is?"

"Well then," snapped the coed, "let me speak to a corpse named E—"

"Yes, madam," and the student behind the voice came to life.

The Z-man at the University of Minnesota got more than he expected when he ran this ad in The Minnesota Daily:

Wanted—Girl for fraternity party Saturday. Blonde, 5 feet 5 inches, good-looking, good dancer. GI 2133, "Z".

Reporters phoned Gladstone 2133 time and again in an attempt to get the lowdown on the Z-man, but the line was busy.

"He was sort of nice looking," was all the girl who took the ad could supply.

And the Z-man got his girl. "They kept the line pretty hot," he admitted, and complimented The Daily for getting out and reaching the public.

"I've found out that girls in Minnesota are more skeptical than girls in Montana. I had a hard time convincing some of them it wasn't a gag. They just called up to shoot the bull a while. I'm always willing to do that, of course, but I was really sincere about getting a date for the party. Everything's fixed up now, though," he said.

"Hope you have a nice time," put in the reporter.

"Yeah, I think I will—she's got a car."

Awarding prizes for male ugliness on the college campus is by no means a new stunt. Each year it breaks out in a slightly different form.

The University of Chattanooga probably started the ugly-mug contests by launching an annual search for the most campus-disregarding map and conferring upon its owner the coveted degree of Bachelor of Ugliness.

Last fall Texas Christian University sponsored a similar contest. Eligibles were voted upon by student ballots, and the winner, Joe Frederick, was awarded an all-expenses-paid trip to the T. C. U.-Rice Institute game.

Now Hardin-Simmons university has added the latest grimace to the completion of the anti-handsome contest. Even if opposites don't attract in this case arrangements are being made for the ugliest boy on the campus to have a subsidized date with the campus' most beautiful coed.

Coeds at the University of California are sure now that Stanford girls can't take it.

During the recent cold snap many Stanford students abandoned their silk lingerie for furry red flannel underwear. Palo Alto merchants completely sold out and claimed that Stanford women had been the heaviest buyers.

But did the University of California females go in for the "scarlet scratches"? Not on your life. When proprietors of Berkeley stores were asked if they sold the brilliantly-hued underwear, they were taken aback.

"Red flannels?" cried one proprietress, arching her eyebrows. "I didn't even know they were on the market anymore in California."

Another admitted that she had just one steady customer for "woolies," but "she is a lady well over 70 years old."
