

"QUALITY STREET" TO BE PRESENTED THURSDAY EVENING

Presentation by Play Production Class of James M. Barrie's Well-Known Play Opens Dramatic Program of Season.

FIRST LONG BARRIE PLAY

Kathrine Williams and Robert Fifield Lead Cast; Tickets On Sale Wednesday and Thursday.

On Thursday evening at 8:15 o'clock in Phi Beta Kappa Hall, the William and Mary Players will open the dramatic program of the season when the Play Production class will present Sir James M. Barrie's "Quality Street."

"Quality Street" is the first long Barrie play to be attempted by the William and Mary Players. The period is one which has not been depicted heretofore, the action taking place from 1805 to 1815, during this period of the Napoleon Wars.

A quaint English village serves as an admirable background for the theme, characters, plot and action of Barrie's play. The atmosphere is created by the author's ability to combine whimsicality, gentle satire, and kindly humor in his characterization of the inhabitants of "Quality Street." There is a primness of manner which is in direct contrast to modern convention, yet there is also the portrayal of village curiosity and the sparkle of youth which is universal.

The costumes for the play are unusually quaint and unique. Three attractive interior sets, authentic in the portrayal of early nineteenth century trends, have been prepared by Nannie Mae Squires and Bruce Johnson, who head the art staff.

The cast, a particularly large one, includes twenty characters. The leading feminine role is played by Kathrine Williams, while Robert Fifield plays opposite her as the leading man. Other members of the cast are: Elizabeth Ware, as Miss Susan; Ann Pharr, Miss Mary Willoughby; Alice Cahill, Miss Henrietta; Ruth Cobbett, Miss Fanny Willoughby; Ann Chalkley Pennington, Patty; Stuart Hall, the Recruiting Sergeant; Walter Appleton, Ensign Blades; Jane Lewis, Charlotte Parrott; William Fitch, Lieut. Spicer; Louise Sampson, Harriet; Warne Robinson, Arthur; Mary Louise Hollowell, Isabella; Hiram Davis, William Smith; and Harwood Whitehead, George; Sally Dobbs, Francis Cosby; Dora Terrell, and Ruth West will act as children in the Misses Throssel's School.

The producing staff is made up of members of the Play Production Class: Anne Chalkley Pennington, Alice Cahill, Elizabeth Ware, Ann Pharr, Bob Fifield, Mary Louise Hollowell, Louise Sampson, and Ruth Cobbett. For the players the following staff members are: Stage Manager, Bruce Johnson; Art Director, (Continued on page 8.)

DR. J. E. PATE ADDRESSES POLITICAL ASSOCIATION

Speaks on State, County Financial Relations as Problem in Re-organizing Southern Governments.

Dr. James E. Pate addressed the Sixth Annual meeting of the Southern Political Science Association in Atlanta, Georgia, on Friday, October 27. His subject was State County Financial Relations as a Problem in Re-organizing Southern Governments, and was presented in response to an invitation extended him by that body.

Professor Pate criticized present methods of handling public funds and suggested a remedy. He pointed out that local governments have lost millions of dollars and are approaching a financial crisis because of inadequate planning, lack of proper safeguards of funds, and the indiscriminate (Continued on page 2)

Many Features Are Scheduled For Homecoming

Charles Taylor, Jr., Alumni Secretary, Announces Program for Homecoming Day, November 18; Includes Many Attractive Events.

Charles Taylor, Jr., Secretary of the Alumni Association of William and Mary has announced the program for the November Homecoming.

Saturday morning, November 18, will be devoted to the Annual Tree-Planting custom and for those who wish to see the restored buildings and other points of interest in Williamsburg may do so with volunteer students as guides.

Just before noon, the students and College Band will congregate on the front campus to give a mass welcome to the Alumni. Immediately afterward there will be a parade of decorated automobiles and floats representing the various fraternities, sororities, student organizations, and other invited participants, which include: The Restoration, Botany Club, King's Daughters, Williamsburg Civic League, Red Cross, Matthew Whaley High School, Business and Professional Association, Garden Club, Association for the Preservation of Virginia Antiquities, Virginia Gazette, and the City of Williamsburg.

The Drum and Bugle Corps of the Braxton Perkins, hosts to the American Legion are also expected to participate in the parade. This organization is outstanding in its field and is the winner of many awards.

Captain Russell Crenshaw, of the Marine Base in Yorktown is expected to send a color guard and a detachment of Marines. The Matthew Whaley Band will also be invited to join the parade.

An outstanding feature of the day will be the out-door dinner at one o'clock p. m., on the rear campus. There will be plenty of Brunswick stew, sandwiches, coffee, roasted and raw oysters for everyone. The College Band and other features of entertainment are also scheduled for this gathering.

At 2:30 p. m., the William and Mary football team will go into action against Davidson. Just before the game there will be an aerial exhibition held under the auspices of the Flight Club.

Following the game the Sophomores and Freshmen will take over the field for their "Annual Rush."

Fraternities Begin Season In Basketball

Fraternities Divided into Two Leagues; Varsity and Freshman Letter Holders Ineligible; Silver Cup to be Awarded Winner.

The Interfraternity basketball schedule was decided upon at a meeting of the Council held Wednesday, October 25. A definite set of rules were organized to govern the games. These rules were provided, first, for the division of fraternities into two leagues as follows:

- League A: Kappa Alpha, Phi Alpha, Sigma Pi, Theta Delta Chi, Kappa Sigma, Sigma Nu, Pi Lambda Phi
- League B: Sigma Phi Epsilon, Pi Kappa Alpha, Alpha Phi Delta, Sigma Alpha Epsilon, Lambda Chi Alpha, Phi Kappa Tau

The general rules concerning the playing of the games are:

- Those ineligible to play are: varsity letter men, freshmen letter men, and freshmen pledges.
- Games shall be divided into four quarters of eight minutes each. Two games shall be scheduled for each day, and they shall be played in the following order: first, the first half of the first game; then, the first half of the second game; following the second half of the first game, and last: the second half of the second game.

3. The first game, as scheduled, shall start promptly at 4:15 P. M. Fraternities not having teams on the floor at scheduled time shall be considered as having defaulted the game.

4. There shall be no post-season games as a result of postponed games. All games must be played according to schedule.

5. Teams must abide by the decision of the referees. Any refusal to do so will be considered a default.

6. In the case of protest, any team wishing to do so must have a written statement, including the reason therefor, in the hands of the President of the Interfraternity Council not later than 24 hours after the end of the game to be protested. He shall then call a special meeting of the Council to consider and decide upon the protest.

7. Each player must have standard gym equipment before being allowed on the floor.

8. It is requested that teams procure uniforms. In case of any team not being able to do so, it must (Continued on page 2)

First Issue of Literary Magazine Maintains Standard Previously Set

The first issue of the William and Mary Literary Magazine is fresh off the press and in the hands of its readers. It is a good first issue and maintains the high standard of literary content and artistic execution that has typified it in past years. The motif on the cover is traditionally the same but has in addition this time a pen-and-ink sketch of the Christopher Wren Building. The other sketches scattered through the magazine constitute an attractive feature of the number and add to the interest of the articles.

Of the stories in this issue, there are two pertaining to the domestic relations of a man and wife, one to a small boy; and a short story. It is curious that there should be two stories in which the woman in each is in

a certain way presented with the same problems—one having a Babbitt and the other a saint. And yet there exists an affinity between the two, albeit their respective status and locale are sharply contrasting. Through the words of the "Young Wife" thousands of American wives protest against stereotype husbands. "The Chosen of God" gives the sound of shackles that bind a husband and wife to the limitations of an ignorant world. "The Barbary Fence" while not falling under the head of the "earthy" stories, presents a delightful picture of two humble lives charmingly woven with the presence of a small boy. "The Job is Yours" gives an O. Henry surprise ending and completes the balance of the (Continued on page 2)

BAIN FIELD SCENE OF V. M. I.-INDIAN GAME ON SATURDAY

Cadets Out to Avenge 20-7 Defeat of Last Year; Return of Shade, Palese, Stewart Improves Indians' Chances.

NEITHER SQUAD FAVORED

Will be One of Outstanding Games of Season in State; Both Teams Victorious Last Week.

Fresh from consecutive victories over Guilford and Georgetown, William and Mary's Indians will attempt to extend their winning streak to three straight against the Cadets of Virginia Military Institute this Saturday at Bain Field, Norfolk.

In all probability the Indians will enter the game on even terms with the Flying Squadron as a result of both teams' showings last week. V. M. I. staged a last period attack which netted them a hard-fought 13-12 victory over the University of Virginia while Junie Smith snatched up a bouncing Georgetown lateral and raced 90 yards for a score to give William and Mary a 12-6 win over the Hoyas last Saturday in Washington.

What had appeared at the start of the season to be just another ball game has suddenly become one of the state's outstanding clashes of the season. V. M. I. will be out to avenge a 20-7 defeat administered by the Kellisonmen last fall and the score will probably be much closer as a result of the great improvement shown by the Cadet team recently.

In seven games so far this season, the Indians have conquered Roanoke, Randolph-Macon, Guilford, and Georgetown while they have come out on the short end of the score against Navy, 12-0, Virginia Tech, 13-7, and the surprisingly powerful Generals of Washington and Lee, 7-0.

V. M. I. has defeated Maryland 19-13, Virginia 13-12 and has lost to Emory and Henry 20-0, Duke 37-6, Army 32-0, and Davidson, 6-0. It will be noted that the Cadets have been successful in their last two games after a poor start, having lost four games straight.

The return of Billy Palese and Charlie Shade, ace backs who were injured in the Navy game, and Waddy Stewart, all-state tackle, to the lineup has greatly improved the chances of the Indians for rounding out a successful season.

The probable lineup: W. and M. I. V. M. I.

- Henderson L. E. Hancock

- Troyano R. E. Minor
- Shade Q. B. Smith
- Palese H. B. Urick

TRYOUTS FOR "REVELLERS" CAST BEGIN THIS WEEK

Rehearsals to Begin Immediately for the Musical Presentation to be Held Early in December.

Tryout for the "King's Revelers," the men's glee club production for this year, will begin this week, with the actual presentation coming early in December. The entire cast will be selected the first part of the week, with the rehearsals starting immediately. It is necessary, therefore, that all those desiring parts in the production try out at once.

The musical will be much more elaborate this year than it has been in the past. The program is to be divided into two parts, the first to be a formal court scene with a variety of musical and dancing numbers. By gazing into the magic crystal, the king is to view Romeo and Juliet as presented at William and Mary. This scene will be a burlesque of the play itself. The finale will be a short court scene in which the whole cast will take part. The men's glee club will be featured in all the choruses.

The continuity for the Revelers was written by Tom McCaskey. It is under the supervision of Professor Small, who will be assisted by Howard Scammon, the stage director, and Bob Griffey, director of the men's (Continued on page 8)

CARL MITSON ELECTED FRESHMAN PRESIDENT

Defeats James O'Flaherty and John Trueheart for Presidency of Class of '37; Is Resident of Newark, N. Jersey.

RENNOLDS IS VICE-PRES.

Mary Shackleton Chosen for Office of Secretary-Treasurer; Mary Hoffman Elected Permanent Historian of Class.

Carl Mitson of Arlington, New Jersey, was elected President of the Freshman class at a meeting held in Phi Beta Kappa auditorium last Tuesday night. He defeated James O'Flaherty and John Trueheart for the office, although a second vote was necessary between Mitson and Trueheart. Mitson is a graduate of Kearney High School, where he was prominent in student activities and in sports.

Frank C. Rennolds of Richmond was elected vice-president, the opposing candidates being Betty Carrington, "Jimmy" Ellis, and Fletcher Weathers. A second vote was taken between Miss Carrington and Rennolds. Rennolds is a graduate of the McGuire Preparatory School in Richmond.

Mary Shackleton of Victoria, Virginia, received the office of Secretary-Treasurer by defeating Jane Thornburg, George Beach, "Pete" Duncan, and "Dickie" Long. A second vote was also necessary in this election, Miss Shackleton being opposed this time by George Beach. She attended Victoria High School, where she held the positions of vice-president of the Freshman class and secretary-treasurer of the Sophomore. She is pledged to Kappa Delta sorority.

Mary Hoffman of Norfolk was elected Historian of the Class of '37. She defeated "Bus" Folcher and Margaret Vass for the office, which she will hold throughout the next four years. Miss Hoffman is a graduate of Maury High School in Norfolk and is pledged to Kappa Alpha Theta sorority.

HISTORIAN SPEAKS TO PHOENIX GROUP

Dr. O. M. Voorhees, Historian of Phi Beta Kappa, Discusses Origin and Growth of Literary Societies.

Dr. O. M. Voorhees spoke before the Phoenix Literary at its regular meeting, October 26, 1933. Dr. Voorhees, former secretary of the United States chapters of Phi Beta Kappa, and editor of "Phi Beta Kappa Key," discussed the origin and growth of literary societies. Following the address, he was made an honorary member of Phoenix by unanimous vote of the society. He is historian for Phi Beta Kappa, and is on this campus collecting material for his book on the history of the fraternity.

In the introductory remarks of his address, Dr. Voorhees mentioned a celebration of the Phoenix Literary Society held on February 22, 1860. A facsimile of the program was shown to the society. According to this program, R. C. Atkinson, of Smithfield, Virginia, was president, and T. Russell Bodin of Williamsburg was principal orator. According to Dr. Voorhees, an attempt will be made to obtain either a facsimile of the original program, or the program itself for the society. So far as is known, this is the earliest date on record of any Phoenix Literary Society activity.

Dr. Voorhees said that the idea of a literary society was no new thing. Almost immediately after the founding of colleges, literary societies were organized in them. The earliest record of an American literary society that Dr. Voorhees could find was one founded at Harvard in 1721. This was followed in 1750 by the organization of two at Yale. It is interesting to note that everyone was required to belong to one or the other of the societies at Yale. Around 1800 a method of allotting one man to each society was employed. It is said that J. C. Calhoun, who was then at Yale, was assigned to the society which had a larger number of "Yankees" than the other; therefore, he promptly refused to become a member of that society and joined the (Continued on page 7)

W&M LITERARY MAGAZINE TAKES SECOND PLACE IN V. I. P. A PRIZE CONTEST

Barrett Roberts and Joseph Cardillo, Jr. Initiated As Honorary Members Into Richmond Chapter of Pi Delta Epsilon Fraternity.

DISCUSSION GROUPS HELD

V. P. I. and Women's State Teachers College of East Radford will be Hosts Next Year.

At the seventh annual convention of the Virginia Intercollegiate Press Association, which was held at the University of Richmond on Friday and Saturday of last week, the William and Mary Literary Magazine was awarded a certificate as second place trophy in the competition for class-A literary magazines. The "Brambler," of Sweet Briar College, won first place in this competition.

As a part of the convention program, Pi Delta Epsilon initiated a number of outstanding journalists from different colleges where there is no chapter of that honorary collegiate journalistic fraternity. Barrett Roberts, Editor of the Colonial Echo, and Joseph Cardillo, Jr., Editor of the Flat Hat, were among those to receive the honor of initiation. Among the others who received this honor, were William S. Lacy, Jr., City Editor of the Charlottesville "Daily Progress;" Mr. A. A. Lubersky, vice-president of the S. K. Smith Company, of Chicago; L. Q. Yowell, of Hampden-Sydney College; and A. Pursell, of Bridgewater College.

The award for first prize in the class-A newspaper division went to the Ring-tum Phi of Washington and Lee. The Richmond Collegian took honorable mention. The 1933 "Bugle," annual publication, and "The Skipper," humorous magazine, both of Virginia Polytechnic Institute, won in their respective classes.

Blacksburg was chosen for the 1934 convention by the executive committee of the Association, as Charles Gilbert Burr, a V. P. I. junior of that town, was elected president for next year. The Women's State Teachers College at East Radford, (Continued on page 8)

GEORGE MASON ELECTED HONOR COUNCIL MEMBER

Sophomores Fill Vacant Class Offices; John Diamant Elected to Senior-Junior Sophomore Tribunal.

A meeting of the Sophomore class was held Friday evening, October 27, for the purpose of electing men to the class offices left vacant by the non-return of the officers chosen last year. Wes Warnock, president of the class presided over the meeting which was not very well attended.

George Mason of Colonial Beach, Virginia, was elected Honor Council Representative to fill the vacancy left by William Wilhelm. Mason attended Colonial Beach High School and St. Christopher's Preparatory School in Richmond. He is a member of Kappa Alpha Order.

John Diamant of Bridgeton, New Jersey, was chosen to fill the vacancy left on the Senior-Junior-Sophomore Tribunal by Tommy Dowd. Mr. Diamant attended Bridgetown High School.

The officers of the Sophomore class are Wes Warnock, President; Virginia Evans, Vice-President; Nancy Peebles, Secretary-Treasurer; Lucille Palmer, Historian; Jeanne Wilson, Poet.

Group pictures of student organizations for the Colonial Echo are being taken this week. A schedule will be found posted in the College Shop.

NORMAN E. BILLOW DIES AT HIS HOME

Funeral Services Tomorrow Morning; Burial Will Be in Washington Thursday; Well Liked By Students.

Norman E. Billow, 44, died suddenly at 7 yesterday morning at his home on Richmond Road from a heart attack. He apparently had been in good health and his death was a shock to his friends.

Coming here from Washington in 1930, he became manager of the college laundry when it was established. He had been in the laundry business in Washington for 19 years. During his residence in Williamsburg he had made a host of friends and had become popular in this city. Until recently, he was a member of the Williamsburg Rotary Club, taking an active part in its affairs. He was also a member of Lafayette Lodge, No. 19, A. F. and A. M., in Washington.

Funeral services will be held at the home at 9:15 Wednesday morning with the Rev. L. W. Irwin officiating.

The body will be taken to Washington for burial. Interment will be in Rock Creek Cemetery in Washington, Thursday morning.

He is survived by his wife, Mrs. Edith T. Billow of this city and his father, F. P. Billow of Carlyle, Pa.

DEBATE COUNCIL HEARS FRESHMEN

The Women's Debate Council met Wednesday, October 25 at 5:00 in 300 Washington. At this time Ann Price and Grace Korb debated on the negative side of the question: Resolved: that the United States should adopt the British Radio System. Dorothy Ford and Virginia Russell upheld the affirmative side of the question. This is the subject to be used in the annual Freshman debate which will take place on November 27.

EXAM SCHEDULED BY MORTARBOARD

At a call meeting of Mortarboard held in Phi Beta Kappa Hall, Monday, October 23, the members decided to take the annual examination on November 1.

Because of illness, Mrs. Harold Richards of Tallahassee, Fla., National Editor of the Mortarboard Quarterly, had to postpone her visit scheduled for November 4. Mrs. Richards was to come this year in place of the District Inspector.

He claimed that there is a tendency in this direction but that not enough progress has been made to provide effective control.

Dr. Pate is thoroughly conversant with this subject, as he conducted an extended personal survey of state governments in the south during this past summer. His itinerary included all of the southern states capitols, where he studied the financial organization of the various governmental bodies.

Dr. Pate's address was received with much favorable comment.

LITERARY GROUPS HEAR DISCUSSION

The two groups of the J. Leslie Hall Literary society met Friday evening at 8:15. The poetry group met in the "Y" room of Barrett Hall. The following officers were elected within the group: Cornelia Land, Secretary and Eleanor Martin, Sergeant at Arms. Dot Hand made a talk on Modern Poetry; Jane Gilmer discussed the words of Edna St. Vincent Millay, and Mary Ann Burns read several of the poems and sonnets of Edna St. Vincent Millay.

In the Novel group of J. Leslie Hall, which met in the Philomathean Hall in the Wren Building, it was decided to incorporate essays and biographies into the programs. At the meeting Friday night there were four talks given on modern novelists. Florence Grover spoke on Sinclair Lewis, Pauline Stanley on Edith Wharton, Marguerite Fuller on Dorothy Canfield, and Sarah Lacy on Theodore Dreiser.

Both groups will meet together on Friday night, Nov. 3, at 8:15, in Phi Beta Kappa Auditorium at which time Dr. Landrum will speak on Contemporary Poetry.

magazine. The poetry, while not so abundant in this issue as in past numbers, treats appropriately of the fall and reflects thoughts that are born of cold days and colored leaves. "Ghosts of Five," while slightly recondite, conjures up visions and interpretations that are satisfying and thought provoking.

"Collegiate Socialism"—treatise in the issue—is a fine piece of constructive thinking and might find fertile ground if read subjectively.

It is a good number, this November one, full of interest but could be slightly more diversified. More poetry might be added. The magazine serves as a repository for the literary efforts of the college and it is to be hoped that more who have the talent for writing will contribute, keeping a standard set, and furthering even better issues in the future.

WILLIAM AND MARY DEFEATS GEORGETOWN AT WASHINGTON

HILLTOPPERS LOSE TO INDIAN ELEVEN BY SCORE OF 12-6

Long Gains of Smith and Palese Feature; Henderson Brilliant Defensively; Aerial Attack Offensive Weapon of Both Clubs.

FOURTH TRI-COLOR WIN

The William and Mary Indians won their fourth game of the season when they defeated Georgetown 12-6 last Saturday at Washington.

Junie Smith accounted for the decisive score when he intercepted a triple lateral pass in the fourth period, and ran ninety yards across the Hoyas goal line.

This interception broke a 64-yard march by the Hilltoppers, and put the game on ice for the Williamsburg eleven.

Georgetown scored in the first quarter via the aerial route, when Costello passed to Parcels from the 32-yard line. The receiver jogged through a hole for the touchdown.

The Tri-Color evened the count in the second period when Charlie Shade tossed a pass to Murray who was in the end zone with nobody covering him.

Palese, who was the most consistent gainer on the field, gathered in a kick-off toward the end of the half and sprinted down. At this point the Indians fumbled and on the next play the half ended. Palese got loose again in the third period, and after shaking off most of the Georgetown players for 54-yards, was finally brought down on the 14-yard line.

The game ended with the ball on the Indian 10-yard line after Georgetown had valiantly fought their way down the field. A final desperate attempt to score failed when Costello's pass was incomplete.

For the Indians, Henderson played his best game of the season, playing heads up football throughout the entire tussle. Spack, at guard, also showed up well for the Tribe.

Costello, Parcels, and Meglin, turned in the best performances for the Hilltoppers.

GENERALS DEFEAT FRESHMEN BY 18-6

Truehart, Pinch, and Beach Play Brilliantly; Samples-To-Brasher Pass Causes Down-fall of Papposes.

The William and Mary Freshmen went down to defeat last Saturday afternoon, at the hands of the Washington and Lee Frosh, by the score of 18-6.

After being outclassed in every department of the game in the first quarter, the Papposes reversed their form in the second quarter and played a high grade of football from that time on till the final whistle was blown. The Yearlings were, indeed, a very much improved team over the one that took the field against Norfolk in their initial game.

Captain Truehart was the local's outstanding performer. Behind excellent interference and blocking, Truehart was the main cog in the machine of a 51-yard sustained drive in the second period which culminated in the host's lone touchdown. "Reg" Pinch assumed the role of punting and passing, and this burly athlete prevented the visitors from approaching his goal many times. Moore, was the boy that was getting off those long boots for Washington and Lee.

The "Baby Generals" first touchdown was the result of a Samples-to-Brasher pass and run of forty-five yards by the latter to score the touchdown. The opposition obtained their second score when Pinch's kick was blocked and recovered by Samples behind the William and Mary goal line.

The "Baby Indians" obtained their lone score of the afternoon by a drive starting from the 51-yard line. DeQuina snared a short standing pass into the flat zone, hurled by Frosh, and raced twenty-six yards to the opponent's twenty-five-yard line.

To Encounter "Rats" on Cary Field Next Saturday Afternoon; Truehart is Outstanding.

The Virginia Military Institute will be the third opponent to meet the William and Mary Frosh this season. The game will be played next Saturday afternoon at Cary Field.

The team is in excellent physical condition, receiving no serious injuries in last week's tussle. The Yearlings are to encounter a very strong team, however, they have the fighting (Continued on page 6)

PING PONG TOURNAMENT WON BY DON DOUGLASS

Contest Winner Defeats Nathan Plaks in Final Round Held on Monday Night.

Don Douglass was made the first Ping Pong champion of the College of William and Mary last Monday night after beating Nat Plaks in an exciting battle in the final round.

Douglass throughout the week played a fast and furious game that swept all his opponents before him. He did not lose a game throughout the whole tournament. His hardest match was in the semi-final round against Carl Mitson whom he beat in three straight close games. Mitson had just previously played a hard nerve-wracking five set match in which he beat Alvin Kass. This might account somewhat for his losing.

Others who stood out in the tournament were Caring, Wolf, J. Jones, Feger, Kerner and Shepard.

SPORT SLANTS

Finally this humble person, who weekly tries to turn out a sports column concerning something that would possibly interest you, has found himself on the proverbial spot. What to say this week is something that always confronts me every time that I sit myself down to write a few words of wisdom, a few words of foolishness, and very often words that are so intangible that it is difficult to determine whether they belong in the first or second class that I have just mentioned. However, there is no sense in sitting around and moping, so let me stop for a minute, collect my thoughts, and see what I have on hand. . . . "Ah! I've something". . . . If you readers remember correctly, a few weeks ago I told you of an experience that was said to have been the toughest break in all football. Well, I wish to correct myself. The other day I happened to realize that I made a mistake. I had forgotten about the Connecticut State football team. It appears to me that they have had a seige of tough luck that is incomparable. . . . Connecticut State started their season with only four letter men, all of whom were in the backfield. Their coach also had two good men at the ends. Now the tough breaks begin. . . . one of the ends injured his shoulder so badly that he was unable to play, in the first game one of the regular half-backs broke his ankle, in the next two games, the other halfback sprained his foot and then finished it up when he broke his hand, the other end pulled the muscles of ribs in the second game; in the fourth game the center was taken out with a badly sprained foot; the right guard suffered a badly wrenched side; another man developed a hernia; and finally another lineman wrenched his knee. Phew! That sounds more like a hospital report than a mere account of what went on at Connecticut State. . . . Now, do you agree with me that that coach had better go to sleep with a horseshoe, and walk around with a saltshaker and keep on sprinkling the contents over his shoulder. . . . This week I'm not going to say anything about those probabilities for the 1933 All-American team. They deserve a rest. However, that doesn't stop me from telling about an article that I happened to read the other day. No doubt many of you know that football comes from that age-old game of Rugby which has been played in England and on the Continent for years. Well, Rugby is indirectly responsible for modern football, but William Webb Ellis, an English boy, who was built somewhat on the lines of Albie Booth, former Yale satellite is in reality the father of football. It all happened this way. . . . One day this lad was playing for his school in a game which threatened to be a tie at 0-0. The ruling of this game was that no man could run with the ball. It was to be kicked at all times. As I said, neither team had scored and the time for the end of the game was rapidly sneaking up. However, suddenly, a long punt came sailing down the field and our friend found himself under it. In accordance with the rules he should have dropped back and kicked the ball. Nevertheless, he decided that under the circumstances that wasn't the thing to do. Therefore, he set about to break the old precedent, calmly tucked the ball in his arms, and ran through the entirely bewildered teams to make the only score of the day. That's how football was born! . . . It wasn't until 45 years later that football was actually initiated in this country. William S. Gummere of Princeton, drew up an "Association" code which he intended should govern inter-collegiate football. On November 16, 1869, two teams, one from Princeton, and the other from Rutgers got together and played the first football game ever played in this country. . . . These teams consisted of 25 men on each side. Rutgers won 6-4! . . . Rapidly teams began to spring up at the different institutions, and in 1875, Harvard played Yale for the first time, little realizing that this was the birth of an annual classic, to which in years to come, thousands would be drawn, and that the eyes of the ever growing country would be turned upon them on that day. . . .

KAPPA ALPHA AND THETA DELTA CHI VICTORIOUS IN BASKETBALL TOURNAY

Hilltoppers Defeated Phi Alpha 24-13 In Opening Game; Hart Scores Winning Goal For Thetas.

The Interfraternity Basketball League got under way yesterday afternoon in Blow Gym with the Phi Alphas playing the Kappa Alphas and the Sigma Pi's meeting the Theta Delta Chi outfit.

In the opening game between the Phi Alpha Strongmen and the Kappa Alpha Hilltoppers, the latter came out on the long end of a 24-13 score. (Continued on page 5)

VARSIITY SWIMMING TEAM PRACTICE IN FULL SWAY

Coach Chandler Looks Forward to Successful Season for Varsity and Freshman Teams.

Practive for the swimming team is now in full swing, under the able supervision of Coach "Scrap" Chandler. Although the team is seriously handicapped with the loss of Captain Casey and other valuable varsity men, Coach Chandler thinks that the freshmen coming up will more than supply the vacancies created.

Those meets already scheduled are as follows:

- December 2, the Varsity vs Freshmen. December 9, the Varsity vs Fortress Monroe at Williamsburg. December 19, the Freshmen vs Fortress Monroe at Fortress Monroe. (Continued on Page 7)

HOCKEY SCHEDULE OPENS AS VARSITY DEFEATS ALUMNAE

Many Alumnae Return for Game; Among them Roberts, Cubberly, Studz, Booth Sinclair, Brame, and Lowry.

VARSIITY TRIUMPHS 6-1

The first varsity hockey game of the season which was played Saturday, October 28, against the alumnae resulted in a 6-1 victory for the Indianettes. Although it would appear to be an overwhelming score the alumnae put up a hard fight and gave the varsity a good opposition.

In the first part of the game the alumnae team made a drive for their goal and Sinclair succeeded in scoring the first point of the game. From that time on the ball remained in the alumnae half of the field the majority of the time. Dawson, sophomore goal keeper, who played on the alumnae line up did some excellent playing turning aside balls which seemed to be sure goals.

The first score for the varsity was made on a penalty bully which was taken by Frances Booth and Elise Hudak. Before the end of the first half Holladay had brought the score for the varsity up to a lead of one point over the alumnae. During the second half Holladay scored again and was followed up by three goals made by Anne Edwards speedy little Right Inner.

On the alumnae team were many former varsity hockeyites who showed that they had not forgotten any of the splendid hockey they used to play while still at William and Mary. Lois Roberts, captain of hockey in 1930 and outstanding left full back on the Squaw team was among those who returned for this game. Other well known members of former hockey teams who were in Williamsburg for the game, were Kitty Cubberly, Helen Studz, Lucille Lowry, 'Curly' Sinclair, Frances Booth, and Mildred Brame.

This game was somewhat of a practice game for the varsity team and an attempt was made to try different line-ups. (Continued on Page 7)

VADEN AGAIN WINS GUESSING CONTEST

Winner Calls all Ten Games Correctly; Caring, Trinkle, Kruse Offer Stiff Competition for Vaden.

Robert C. Vaden made campus history when, for the second consecutive week, he won the guessing contest. No little credit is due Vaden for his excellent prognosticating. He called all ten games correctly and reeled off score after score that was amazing in its closeness to the actual result.

Al Caring, Murray Trinkle, and Cläre Kruse also guessed the list correctly and gave Vaden excellent competition, but they all missed up in the N. Y. U.—Georgia game, giving Georgia a narrow margin over the New Yorkers.

For the first time this season there was not any one game on the list that could be classed as an upset, although Washington and Lee nearly upset Princeton's apple-cart, while Georgia trimmed N. Y. U. by a much larger score than was expected.

This week, to make up for the last list, we are presenting what promises to be the toughest list ever printed. (Continued on page 6)

"QUALITY STREET"

The first production of the William and Mary Players for the year is given next Thursday night when Barrie's "Quality Street" is staged on the boards of Phi Beta Kappa Hall. The cast has been in constant rehearsal for some time now, and every promise is given for a performance of high standard. It would, indeed be difficult to envisage any other kind of performance from the dramatic group. The reputation that the Players have achieved during the time of Miss Hunt's directorship is one founded on productions of exceptional calibre, that have displayed high merit in the whole gamut of dramatic art.

There is every reason to believe that the standard of the past will be more than well retained in the present play. With a cast that combines nicely the pleasure of familiar figures in the campus drama with the zest of new, working under skilled direction, there is every reason to expect a very enjoyable evening at Quality Street.

HOMECOMING DAY

Under the enthusiastic leadership of Mr. Charles Taylor, Jr., the secretary of the Alumni Association, Homecoming Day this year promises to be much more than rather futile formalities of the past. Thirty organizations have pledged their cooperation for the event, and with their efforts behind a vital and original program it will mark quite an advance in the ceremonies attendant upon this occasion.

This prospect is altogether pleasing. There can be no greater asset to any college than a group of alumni who feel that their connections with Alma Mater are close and intimate, who have a strong feeling of loyalty to the school. This loyalty does not have to be expressed by attendance at football games, or a devotion of interest to the athletic teams of the college. That is, of course, valuable; this loyalty it should be a far deeper and more abiding thing than that. It is not necessarily a matter to be shouted about, but it should tie the alumni with some "mystic chords of memory" for which he seeks enrichment through the renewal of friendships and acquaintanceships amid the scenes where they were founded.

Perhaps all the events of the program as at present are not in harmony with the cultivation with such a spirit among the Alumni, but the events scheduled do indicate a decided break from the innocuous Homecoming Days of the past, and in that hold promise of even greater good to come.

MAYOR O'BRIEN AND FREE SPEECH

In the midst of a campaign for re-election in which he has yet to bring any great amount of glory upon his head, Mayor O'Brien has given a very shaky exhibition of judgment in the way he has handled a planned meeting of German-

American societies under Nazi leadership, supposedly celebrating the 250th anniversary of the landing of the first German immigrant on the shores of America. The Mayor, probably with the thought of recent clashes between anti-Nazi Germans and sympathizers of the new regime that have occurred in Newark, banned the proposed meeting because of threats of similar strife.

There is a great deal to sympathize with in the Mayor's attitude, particularly since he has given protestants every opportunity to state their appeal for the revocation of the ban, but it is to be feared that the Mayor has blundered. He would seem to be acting beyond his right when he bans a meeting because of anticipated trouble. He is bound to preserve the peace, but since he has the whole of New York's police force at his disposal, he should have no trouble in quelling trouble once it does raise its head.

However one may regard the doctrines peculiar to the Nazis, there is no reason to deprive them of the right of free speech and assemblage. To take such action is to fall into the same sort of error for which the Hitlerites are so damned. Nazi doctrines must be abhorrent to any freedom loving American, as the Mayor probably is, but despite that abhorrence, it is well to remember that George Bernard Shaw expressed a profound truth when he said that toleration doesn't mean a thing unless it extends to those things that are regarded as utterly damnable.

THE SEX OF THE SEA SERPENT

A furor of no mean proportions has been aroused out in the region of Seattle, Washington, and Victoria, British Columbia, by the reputed appearance in the nearby seas of that good old reliable standby of the rumor mongers and tall story tellers, the sea serpent. The current version of the appearance of this monster of the deep has it that he or she has been seen by several reliable witnesses recently in the waters off Point Cadboro on the Canadian shore. One or two witnesses even came upon the monster in the intimate act of scratching its back upon the rocky cliff of the coast. To have blundered upon the boudoir of a sea serpent is no small achievement, whether it be in actuality or imagination.

Meanwhile, a debate rages in the nearby regions as to the sex of the monster. The difficulty in adequately naming the creature until the sex is determined is equally apparent. Up to the present, there seems to have been no suggestion as to how this delicate matter is to be settled. Some students of the problem have suggested that it will be necessary to see if the creature lays an egg before the question can be decided, but impatience will surely cry nay to this thought. Even if for no other reason than the demands of newspaper headlines, some other name than the current cognomen of Hiaschukoluk or "big water snake" will have to be obtained. It would appear that the occasion was appropriate for some enterprising editor to sponsor a contest to endow the creature with a name suitable for human and journalistic use. After all, the question of sex is of minor importance, at least to the human race. Who ever bothered to determine the sex of pink elephants, green kangaroos, or orange lizards? It is a factor that entered not at all into the enjoyment of the delightful antics of these creatures, so why should there be concerning the Pacific coast monster? We harbor a strong suspicion that they are sisters under the skin!

MATRIMONY EN MASSE

Not to be outdone by the recent mass weddings in Hitlerite Germany when some hundred or more couples were inducted into the holy state of matrimony in one fell swoop, Italy, the home of Fascism, is going to put the upstart imitating nation into its rightfully subordinate place by marrying two thousand couples in one huge ceremony. This is to take place in Rome, while simultaneous services of a similar nature are to be conducted in the Province of Latium.

This boom in the marriage mart is by way of celebration of the twelfth anniversary of the coming to power of the Facist party. No doubt the occasion is one worthy of all the ceremony and celebration that can be aroused, but there would appear to some, question of the wisdom of the mass marriage idea. Marriage is perhaps a holy state, instituted by the Almighty, but some of the results are not always worthy of the founder. If some of the unions contracted in this celebration turn out to be unharmonious, no good will accrue to the Facist state. There would be greater wisdom in using the wine for celebrant purposes. It may not be as spectacular, but the headaches are far less lingering.

GRAPE NUTS!

(A Cereal)

I suppose everybody read this poem somewhere or other. If not, you might as well read it here.

Listen—

If one is a tooth, and a whole set are teeth,
Then why shouldn't booth in the plural be beeth?
You may find a lone mouse or a whole nest of mice,
But more than one house is most surely not hicc.
But more than one house is most surely not lice.
Then one may be that and two would be those,
Yet hat in the plural would never be hose.
We speak of a brother and also of brethren,
But though we say mother we never say methren.
The masculine pronouns are he, his, and him,
But imagine a feminine she, shis, and him!
So the English, I fancy you will agree,
Is the funniest language you ever did see.

Well, what do you think about it? I thought it over, and can see where you need two of the spouse to get some spice, or if you're a little bit of a souse you'll find it 'snice. And after all, the only difference between a married man and a bachelor is that when a bachelor walks the floor at night with a babe in his arms, he's dancing.

I guess I'd better leave bachelors alone, though I really think they're so nice! Let's talk about professors. They're pretty nice too, huh? Did you know that one of the outstanding professors in the country tried to define himself? I wish I could get that Freshman who asked me to define a professor. I'd turn this over to him. Anyway, here's what the Prof. says he is: "A professor is a man who learns more and more about less and less, until finally he can tell you nothing about anything." Well, that's pretty good, too. What do you think?

I don't suppose you realize it when you read this, but this is a heck of a typewriter. I never could type much, anyway, but— There's only one thing I remember about the time I took a course in typing. They used to give us a speed test on something like this:

O, John! please don't do that.
Oh, John! Please don't do.
Oh, John! Please don't.
Oh, John! Please.
Oh, John!
Oh!

I used to enjoy those kinds of exercises, because they seemed to have a story behind them. I could tell you a swell story about a girl I used to know. She was only a bootlegger's daughter, but I love her still. Enyhoo, I felt sick. Everybody gets sick when he, she or it falls in love. Because love, you know, is a feeling that you feel when you feel the feeling that feels like a feeling you've never felt before. Well, we had been engaged for about twenty-two years, when, as all girls go, she went, and left me all alone. Now, I feel so blue. Last night, I tried to write some poetry. Here's the result:

The moon is very lovely
And the hour is very late.
It might as well be raining
Because I have no date.

And did you hear about the Scotchman who found a box of corn plasters, so he went and bought a pair of tight shoes?

Somebody tells me that the night-watchman who was employed around the college here for the past few years has walked enough around the campus to equal a two-thirds trip around the world. I kind of doubt that, because I've been watching the watch-man, and I'm not a bit tired. Besides, who would go to the trouble of figuring that out, anyway?

I have gone to the trouble to find out about the most sympathetic and understanding college dean in the country. He resides at Gettysburg College. It is reported that he left a dance, at which he had been a chaperon, rather early one evening. Walking to his car which was parked near the dance hall, he found a young couple occupying the machine. The dean politely tipped his hat, said nothing, and walked home. Well that's something!

Somebody tells me that one of the younger men from another institution in town brought in the following poem:

O, Einstein, you are divine,
Your very thought agrees with mine.
You've put on paper, line for line,
What I'd have done, had I the time.
Light moves in circles, space in time.
When I get out, I'll prove that I'm
Napoleon or a Hetrodyne.
Your reputation won't match mine,
If they let me out,
O Einstein.

Oh, no, wait a minute! Some lunatic from the University of Rochester deserves credit for that one. Suppose we all chip in and buy him a new straight jacket. What do you say?

You know, an insane asylum always reminds me of a girls' dormitory. No matter how simple the asylum may be, or how ordinary are the happenings in its doors, one will always hear a million different weird stories concerning its inmates. So with a girls' dorm. It has 75 rooms, and 75,000 rumors.

Which reminds me, our cheerleader came up to me the other day and said:

"We've got a dandy college yell now."

"What is it?" I asked him.

"We give the names from Russian battleships, a sis boom, and then two Chinese generals."

Why do we have to have cheerleaders, anyway? But they aren't really so bad. And say, how do you like the girls in the corps now? Not so bad, eh? The other day I was talking to one of them. She and I are rather intimate. As a matter of fact, I've been going with her for a number of years. (Since I broke my first engagement.) But the other night things assumed a rather cloudy appearance. She came to me and said:

"Father said we couldn't marry until I reached an age of discretion."
"Well," I said. "Then we must say good-bye forever."

I was rather peeved about it all. I guess you would be, too. After all, I've been going with her long enough to get a little hopeful.

"Believe me," I remarked, "If I had it to do over again, I'd get a beautiful woman with brains."

But she isn't so dumb. "Is that so?" she curtly replied. "And whose would you use?"

But she felt sorry after a while, and asked me to forgive her. Well, I'm just that kind of a soft and sentimental fool, so I forgave her. You know, that wasn't the only crack she made about me. When I come to think of them all, I don't think I should have forgiven her. She told me something about all the other boys she used to go out with, before she met a "pusillanimous nincompoop" (as she expressed it) like me. But there's no use in arguing. I'm glad I did forgive her. But I was curious. So when the sky had fully cleared I asked her:

"Tell me, honey. Did you tell me the full story of all the fraternity men you used to know?"

"Yes, but I left out a few chapters."

See, she isn't so dumb. Hurray for our girl cheerleaders!

FRENCH CLUB WILL MEET NOVEMBER 2

Charlton Leitch Appointed New Program Chairman, Mlle. Hermine Couedic, French Exchange Student Offers to Aid Club.

The French Club will hold its second meeting of the year, Friday, November 3, at 4:15 in Washington 300. Elizabeth Wiley, president, announced that Charlton Leitch has been appointed program chairman, and she in turn, will appoint various committees to work with her throughout the year. The club plans to make every third or fourth meeting a social one.

This year, the French Club under the direction of Mr. Carter, plans to read several plays in French and sing French songs. Later several dramatic presentations will be given by the members.

At a recent meeting of the French Club, Mlle. Hermine Couedic, French exchange student, gave an interesting talk on her impressions of America, and stated that her reason for coming to this country was the desire to acquaint herself with the American people and their language and customs. Mlle. Couedic has offered her services in aiding the Club this year, and it is certain that she will contribute greatly to its success and advancement.

No formal bids are being extended this year since grade requirements are not necessary, but anyone interested in French is invited to become a member by attending the meetings.

The third period, and up until there were about four minutes left to play in the final period, was a punting duel between Pinch and Moore, both getting off some beautiful punts. Washington and Lee made her final score in the fourth period. The

ACCOUNTING FRATERNITY PLANS CONTEST PAPERS

Beta Alpha Psi Expects to Bring Prominent Speakers to Campus During the Year.

Beta Alpha Psi, honorary accounting fraternity, met in Rogers 210 last week, and made plans for the coming year. Joe Stankus, president of the club, presided.

It was decided to hold meetings the first Thursday in every month, at which time a technical paper on accounting will be read by a member of the fraternity. At the end of the year, an accountant's handbook will be given as a prize to the person who submits the best paper. This paper will be sent to the national organization to compete for a prize of fifty dollars.

It was further decided to have one or two prominent speakers brought to campus. Every year Beta Alpha Psi brings one professional certified Public Accountant to the campus to conduct a discussion before the fraternity.

Mr. W. F. Gibbs, professor of accounting, and permanent vice-president of the fraternity, is sponsor of the fraternity. Gordon Trow and E. Bretal were appointed to the program committee.

The purpose of Beta Alpha Psi is the cultivation of accounting for those expecting to enter that profession. The applicants must be Juniors or Seniors, and have a high scholastic average.

drive started when Laurie intercepted a William and Mary pass on the Papoose's thirty-yard line, where he was tackled. The Samples-to-Brasher pass, again functioned at this point, advancing the ball to the ten yard line. Samples succeeded in carrying the ball over on an off-tackle play after four successive attempts.

George Beach and Varner were towers of strength in the line, consistently throwing their opponents for losses. Bendetto and Livesay proved their mettle in the William and Mary backfield, by brilliant offensive and defensive playing.

NOTICE TO PRE-MEDICAL STUDENTS

The Committee on Aptitude Tests of the Association of American Medical Colleges has announced that the test for this year will be given on December 6.

Results of this test, designed to measure the aptitude of prospective medical students for the work of a medical course, is used in selection of their first year students by nearly all of the medical schools in the United States. All students who think of entering a medical school in 1934 are therefore urged to take it. Applicants for the test on December 6 should give their names to Dr. D. W. Davis, in Washington 119.

The test usually includes sections designed to measure ability to follow directions, comprehension and retention of printed matter, visual memory, scientific vocabulary, and logical reasoning.

DANCE CLUB INCREASES SCHEDULE FOR CLASSES

Great Interest is Shown in Tap Dancing; Classes for Beginners and Advanced Students Organized.

Because of the widespread interest shown by the women students in the dancing groups it has been found necessary to change the schedule slightly.

The group taking tap dancing will have two sections. Those who have had previous instruction in tap, and have mastered the technique, will meet Wednesday evenings at 8:30. Those who have had no previous training will meet Wednesdays at 9:15, directly following the other group. This arrangement is made in order to permit the members of each group to get the fullest benefit from the instruction, in accordance with their abilities. Advanced students, in the first section, may remain for the second meeting each Wednesday if they desire the added instruction in technique.

Members are asked to pay their dues promptly because the expenses of an accompanist have to be paid.

BIDS ISSUED BY EUCLID CLUB TO MATH STUDENTS

All Majors and Minors in Mathematics Fulfilling Requirements of Club Are Eligible For Membership.

The monthly meeting of the Euclid Club was held October 20, in Washington 311 at 8:30 o'clock. Charles Flynn, president of the club, conducted the meeting.

In the business session new members were discussed and bids were issued to those having the requirements for membership, namely, those majors or minors in mathematics who have had nine hours of mathematics averaging 85, three hours of which must be 91.

The program for the ensuing sessions of the year were discussed, and Sarah Pope read papers entitled Euclid and Geometry.

After the discussion which followed, the meeting was adjourned. The president announced that refreshments would be served at the following meetings.

KAPPA ALPHA AND THETA DELTA CHI VICTORIOUS IN BASKETBALL TOURNEY

(Continued from Page 3.)

Both teams showed surprising strength in the first half which ended in an 8-8 tie. In the second half of the game, the Hilltoppers let loose with an attack which proved too much for the Strongmen. Led by Falthis, high scorer of the contest, the K. A.'s piled up 16 points to give them a victory margin of seven points. Kass and Plaks played well for the losers.

In a game which had to go two extra periods, the Theta Delta Chi's defeated the Sigma Pi's by the narrow margin of 10-8. The first half was a slow moving affair, and the period ended with the Sigma Pi's leading by a 4-0 score. The Theta's, probably inspired by it being their Founders Day, came back in the second half to tie the score at 8-8 about one minute to play, Hart scored a goal to clinch the contest.

HISTORY CLUB CONVENES IN FIRST FALL MEETING

New Members to Be Chosen Soon From Majors and Minors of High Scholastic Standing.

The History Club held its first meeting of the year at 11 A. M., Saturday, October 28, in Dr. Morton's office in Rogers Hall.

Bidding of new members was discussed. Bids will be issued as soon as the eligibility of possible new members is determined and they have been voted upon. To be eligible, a major or minor in the department must have a good scholastic average.

Due to the fact that Syd Gould, president, did not return to school, Carleen Loeffler, vice-president, is now acting president.

The club usually sponsors an annual trip to near-by places of historical interest.

The next meeting of the history Club will be held at 11 a. m., Thursday, November 2.

Dramatic League of Williamsburg Plans Repertoire

Little Theatre League Meets at Home of Dr. Southworth; Decide to Eliminate Student Members From League.

The Little Theater League of Williamsburg met for the first time on October 25, at the home of Dr. S. D. Southworth, to make plans for the coming year. One public performance will probably be given by the League this winter. The propriety of allowing persons outside the League to take part in the performances was discussed and disapproved. Students are not admitted to membership since they have dramatic opportunities in college. The League now has forty members, most of whom are on the faculty of William and Mary.

In the last two years the Little Theater League has revived several outstanding plays of former times. This has been done because of their policy not to reduplicate the dramatic field in which the college is working. In 1931 the League revived Streets of New York, a melo-drama of the late 1830's. It was presented in Williamsburg and Norfolk with great success.

The Way to Keep Him was revived in 1932, under the direction of Mrs. Stetson, and won immediate popularity. This play was presented for the first time on April 28, 1772, in the Williamsburg Theatre by Lewis Hallam's American Company. The Little Theater League presented it on the anniversary date of the original performance.

Modern plays, however, are not entirely disregarded by the League. Last year Miss Lulu Bett was presented under the direction of Mrs. Pyle.

The Williamsburg Little Theater League was organized in 1923. During the first few years of its existence no public performances were given. Plays were read and discussed at the meetings which were held in the homes of the various members. In 1928 they began giving public performances and usually presented three sets of plays each year. One original play. Three one-act plays, and one three-act play constituted a set. Formerly the league offered a prize for the best original play submitted.

Among the most notable of the original prize plays, are Rebellion, a historical play dealing with Bacon's Rebellion and Colonial Williamsburg, by Robert Moses, and Yes Siree Arizona, a western melo-drama, by W. A. Bowen. Both were presented in 1930.

The officers of the Little Theater League, are: Dr. Charles F. Marsh, president; Mrs. Etheridge, vice-president; Miss Margaret Golphin, treasurer; Miss Mary McCausland, secretary and program chairman; Miss Elizabeth Hayes, librarian.

WRANGLER'S CLUB WILL HOLD DEBATE

Fletcher Weathers Will Meet Jim O'Flaherty In Debate at Next Meeting of Wrangler's Club Debate Squad.

Fletcher Weathers will debate Jim O'Flaherty at the next meeting of the Wrangler's Club, William and Mary's varsity debate squad, tomorrow night. The topic will be the same as that which is to be used in the annual Freshman debate; Resolved "That the United States Should Adopt the British Radio System." At the meeting last Wednesday night, Elliott Cohen debated Allan Carpenter on the same topic. From these four Freshmen, two will be selected for the Freshman men's debate team. In these preliminary debates the affirmative side will speak eight minutes, will four minutes for the rebuttal, and the negative side will speak twelve minutes with no time for rebuttal. On November 27, this team will debate the Freshman girls' team in their annual debate. The men will have the affirmative side.

After the Freshman men's team has been selected, the meetings for the following eight weeks will be devoted to improving the Freshman team, selecting the varsity teams, and to giving the upperclassmen who are in the club on probation, the final tryout.

There will probably be about ten men to participate on the varsity this year. If the proposed plans work out satisfactorily, there will be a northern trip, a Virginia trip, a debate over the radio in Norfolk, and several campus debates. Letters have been sent to a number of colleges in order to make the schedule for the year. A few colleges have written asking for debates. These colleges are Massachusetts State, N. Y. U. Rutgers, University of Pennsylvania, Penn State, Davidson, and Hampden-Sydney. The first four colleges named will probably be included in the northern trip. The Penn State and Davidson debates will be held on this campus and Hampden-Sydney debate will very likely be held at West Point.

The debate with Penn State will probably prove very interesting to everyone, for they are William and Mary's oldest rivals in debating. For the past three years their team has come to this campus for contests.

This year the debates will be run differently from those of previous years. Instead of having the form of debating that has proved to be so monotonous to the audience, varied forms and styles of debating will be used in order to do away with this monotony. Everything possible will be done to make the debates interesting.

The first varsity debate of the year will be held on December 8, with Hampden-Sydney. As yet, the topic to be debated has not been selected. This is the first adventure into Forensic activities with Hampden-Sydney in many years. The debate is a part of the Virginia Conference which Tau Kappa Alpha, forensic fraternity is sponsoring.

The debating teams, both the Freshmen and the varsity will be selected by a committee composed of Merrill Brown, coach, Dr. Woodbridge and Mr. Cox, associated coaches; and Barrett Horton, presi-

Article 10, Section 15 of the Constitution states that new officers shall be installed in May. Last year an amendment was passed that the installation should be held in January. At the meeting on Monday, it was proposed that the time of installation should be changed back to May, but this amendment was defeated.

During the meeting, it was announced that girls living in Jefferson and Chandler might use Barrett porch for dates. Girls were told that they are not to go off the first knoll at the lake with dates, and that they may not walk on the road that runs behind Chandler around to Blow Gym.

FINAL BID ISSUED BY CHI DELTA PHI

Elizabeth Ware Chosen As New Member of Literary Group; Initiation to be Held on November 13.

Chi Delta Phi, national literary sorority, made its final selection of new members for this semester at a meeting held Tuesday, October 26th, in 308 Brown Hall, in naming Elizabeth Ware as a pledge to the organization. No further material submitted by applicants for admission will be considered until next February, when campus women interested in literary work will again have an opportunity to try out, and another group of pledges to Chi Delta Phi will be chosen.

The other pledges who have been selected this fall are Alice Cahill, Roberta Seaman, Charlton Leitch, Nancy Jones, Olivia Albertson, Ada McCrae, Carolyn Knapp, and Mershon Kessler. November 13 has been set as the date for the initiation of the new members.

The program of the meeting included a brief sketch of the life of D. H. Lawrence and a report on one of his novels by Eleanor Holferty.

Meetings of Chi Delta Phi will be held every two weeks. These will be devoted largely to reports and discussions on various modern plays and novels. Certain meetings will be set aside for the reading and criticism of the work of the members.

other. The third society to be founded was at Princeton. Here they also had two societies, "Lackamonia" and "Brothers in Unity." Dr. Voorhees made mention of the fact that as organizations on college campuses became more numerous, interest in literary societies declined.

The founding on the William and Mary Campus of the Flat Hat Club, reputed to be the oldest college organization in the country existing today, was discussed before the society. Then Dr. Voorhees traced the origin and growth of Phi Beta Kappa. A graduate of Harvard and Yale, one Elisha Parmley teaching in Surry County across the James was invited to become a member of Phi Beta Kappa at William and Mary. Well pleased with the organization, Parmley asked for a charter which he might take back to Harvard and Yale, and there found similar organizations. On Dec. 4, 1779 at one of the celebrations of the organization, Parmley was granted a charter. The following year, on his return north, he established a chapter at Yale, and in 1781, he established one at Harvard. It is a peculiar coincidence that in the same year the chapter of Phi Beta Kappa was established at Harvard, the original chapter here at William and Mary temporarily disbanded because, as one member stated "of the disturbed and troubled conditions of the times." They sealed up their charter and minutes and left them with the college steward in the hopes that some day the fraternity might revive and be perpetuated.

At the meetings of these societies or organizations, different questions were debated much as they are today. One of the debaters presented a prepared essay on the question and then his colleague would give an extemporaneous debate. Some of the questions debated were: "Was the Death of Caesar Justified?" "Was the Rape of the Sabine Women Just?" "Could Anyone Remain Neutral During the Civil War?" Dr. Voorhees stated that those men who brought Virginia into the Union were trained in Phi Beta Kappa.

In his closing remarks, Dr. Voorhees said that even with the increasing complexity of campus life today, men should find time to work in a literary society; for at least part of his college career; for, there, one can receive training which can be had at no other place with equal effectiveness.

This is one of a series of addresses which will be given before the Phoenix Literary Society during this school year. The program of this week will feature two talks by members of the society, a declamation, current events, and a reading. The next meeting will be devoted to a debate between two freshmen and two upperclassmen in preparation for the annual Phoenix-Philomathean Freshman Contest.

GEIGER CONVENES PHILOSOPHY CLUB

Migliori and Casey Read Papers; Informal Discussion by Entire Group Follows Presentation.

A meeting of the Philosophy-Psychology Seminary was held Tuesday evening, October 25, at seven-thirty o'clock at the home of Dr. and Mrs. J. Roy Geiger. A large number of members from the Sociology department, as well as from the Philosophy-Psychology department attended.

Two papers were read, John Migliori presenting "Mental Conflict and Misconduct," in which he stated that an important cause of juvenile delinquency in our courts today is emotional repression or "mental conflict." Carleton Casey presented a discussion of four of the major aesthetic types. After each paper, the club discussed that topic informally. Ann Spratley and Sue Stelck then assisted Mrs. Geiger in serving refreshments.

Dr. Geiger announced that the older members of the club would lead several interesting discussions throughout the year, and he urged new members to participate in presenting subjects. The club is composed of majors and minors in Philosophy and Psychology and in Sociology, and also those who are taking these courses as electives, its aim being to foster interest in these branches of science.

W&M BAND USES NEW FORMATIONS

The William and Mary band, twenty-eight strong, made the trip to Washington for the Georgetown game. The band, led by drum major Barrett Horton, paraded at the half of the game and formed a "G" and a "W-M" while on the march, an innovation which has not been tried by the band before this year.

Among selections played were, "Thunderer" and "Under the Double Eagle" by John Philip Sousa, both being pieces recently added to the band's repertoire.

COMMANDER MASON DELIVERS SPEECH

Naval Air Station Official Stresses Preparedness of Army and Navy in Speech for Convocation Friday Morning.

Commander C. P. Mason of the Naval Air Station at Norfolk, Va., addressed the students of the college at convocation in the Phi Beta Kappa Hall, on Navy Day, October 27, at 11 o'clock. He was introduced by President Chandler.

Commander Mason spoke concerning the meaning and purpose of the U. S. Navy. He stressed particularly the idea of preparedness. "The Navy cannot spring to arms over night, it cannot build ships over night, nor can it train men over night." The Navy must have the best tools and the best preparations and, like doctors, it must always be ready.

"If men were honest," he continued, "the pacifists may speak of world peace, but until dishonesty and jealousy have disappeared we must be prepared." The Navy is first in the line of defense. We are, Canada excepted, surrounded by water, and hence the Navy will have to bear the first discord. It must be ready to avert the danger until some other force can be brought to bear.

In war, the Navy always plays a conspicuous role. It could assume such a role in peace. A strong American Navy has a great effect on the morale and attitude of other countries. If all the Navies of the world could cooperate under the League of Nations world peace would be possible.

In peace time the Navy trains young men in various ways. It explores and maps uncharted parts of the world. It studies climatic conditions and conducts scientific investigations. It stimulates commerce and cements friendly relations.

In closing, Commander Mason commented upon the Navy traditions and influence.

When this address had been made Dr. Chandler commented upon clas-

Mr. Hagenlocher says: "For successful billiard play, watch your nerves! I've smoked Camels for years. They are milder. They never upset my nervous system."

TALKING IT OVER calls for more Camels. Steady smoking reveals the true quality of a cigarette. Camels keep right on tasting mild, rich and cool... no matter how many you smoke.

Steady Smokers turn to Camels

"I know of no sport," says Erich Hagenlocher, "that places a greater strain on the nerves than tournament billiards. The slightest inaccuracy can ruin an important run. One simple rule for success is, 'Watch your nerves!' I have smoked Camels for years. I like their taste better. Because they are milder, they never upset my nervous system, and believe me, I smoke plenty."

There is a difference between Camel's costlier tobaccos and the tobaccos used in other popular cigarettes. You'll notice the difference in taste and in mildness — and Camels never jangle your nerves. You can prove this yourself. Begin today!

VOORHEES TO WRITE ON PHI BETA KAPPA

Dr. Oscar M. Voorhees, Historian of Society, Elected to Compile Book; Aided by Miss Jane Armstrong.

A history of Phi Beta Kappa Society is now in the process of being collected and written by Dr. Oscar M. Voorhees, Historian of the Society. Dr. Voorhees and his wife are spending the winter in Williamsburg in order that it will be possible to review the history of the formative period in the town in which the Society was founded.

Dr. Voorhees was Secretary of the United Chapters for thirty years, having been placed in nomination at the National Council by Col. William Lamb, William and Mary 1855, who was then a Phi Beta Senator. Several years ago the officers decided a history should be written, and Dr. Voorhees was elected to the office of Historian at the meeting of the National Council in September, 1932, at Bryn University. Since his election, Dr. Voorhees has been working in New York City and has compiled much of the history of the first century of the society's existence. On the invitation of Dr. J. A. C. Chandler, who is a member of the Phi Beta Kappa Senate, the permanent executive committee of the United Chapters he is spending the winter in this city to make a study of the life of the society in its formative period.

The Phi Beta Kappa Society, the first Greek letter fraternity in the United States, was established by the students of the College of William and Mary in the Apollo room of the Raleigh Tavern December 5, 1776. In the more than 150 years of its existence, it has expanded to 119 chapters in as many of the leading universities and colleges in the United States and foreign countries.

Dr. Voorhees is from New Jersey, where he graduated from Rutgers University, and the New Brunswick Theological Seminary. He has held positions of the Reformed Church in Jamaica. His work is largely responsible for the erection of the Phi Beta Kappa Memorial Hall in 1925. His office at present is in the Francis Phillips Dodge room, named for a member of the society whose generosity encouraged the erection of the building and its dedication on the 15th anniversary of the founding of the society. Dr. Voorhees gave the historical address at the dedication. Since his arrival here, Dr. Voorhees has spoken in the Chapel and before the Phoenix Literary Society.

Miss Jane E. Armstrong of Canandaigua, N. Y., is Dr. Voorhees' secretary and a member of the Sigma Chi University Chapter of Phi Beta Kappa. They are working together on the history, but because of the enormity of the work, there has been no date set for its completion.

ITALIAN CULTURE CLUB ACCEPTS CONSTITUTION

Dr. Harvey, Guest Speaker, Discusses Italy's Culture of Past and Conditions Under Mussolini's Rule.

The Club of Italian Culture met Wednesday evening, October 25, in Washington 324. Joe Cardillo, president presided over the meeting.

A constitution for the club, which had been prepared in committee, was presented to the members. After being discussed and modified, it was adopted.

Dr. Harvey, faculty advisor of the group, was introduced as the guest speaker. He spoke of the wealth of cultural material to be drawn from Italy of the past, and discussed the need for broadmindedness in our attitude toward Italy of the present day. He was optimistic regarding the tendency towards the discouragement of individualism under Mussolini's regime, declaring it only a temporary state of affairs. He concluded his talk with a brief mention of his trip to Italy, expressing the hope that the club members might some day have the pleasure of seeing it too.

The next meeting of the club was announced for November 5, at 7:30, in Washington 324.

CONVENTION TO BE HELD AT WIMSBURG

District Number Three of the American Alumni Council to Hold Annual Convention of Secretaries on Jan. 26-27.

The annual convention of Alumni Secretaries of District number three of the American Alumni Council, will be held at William and Mary on January 26, and 27. This district, under the direction of Mrs. Vivienne Brockenridge, of Sweet Briar College represents all of the colleges in Virginia, North and South Carolina, Georgia, Florida and Alabama. Mr. Taylor, President of the Council will attend this convention.

Their last meeting was held in Durham, N. C., under the auspices of Duke University and the University of North Carolina, at which time Charles Taylor, Jr., Alumni Secretary of William and Mary, extended the invitation to hold their next gathering in Williamsburg. The National Convention was called in Chicago last June.

Matters of vital importance to the students and former alumni are discussed at these conferences. The important problems now under consideration are student expenses, and the subject of governmental appropriations for student loans.

"QUALITY STREET" TO BE PRESENTED THURSDAY EVENING

affair a great deal of space in his paper and others with which he is associated.

The Degree Committee has reviewed 165 degree applications from applicants for degrees in February, June and September, 1933. Records in the office of the Registrar show that 45 students, classified as seniors, have not yet filed their degree applications. The applications should be filed by all means before Wednesday, November 1. The Degree Committee plans to complete its work of reviewing degree applications during the week ending November 4.

W&M LITERARY MAGAZINE TAKES SECOND PLACE IN V. L. P. A. PRESS CONTEST

(Continued from page 1) will cooperate with V. L. P. A. as hosts for next year's conference.

The Press Convention this year was a marked success, both in a business and social manner. The Phi Delta Epsilon initiation was held on Thursday night, and on Friday afternoon, immediately after the registration of the delegates to the convention, there were held discussion groups for each of the distinctive types of publications with professional men leading the discussions.

On Friday night, Dr. Douglas S. Freeman, Editor of the Richmond News Leader, addressed the delegates at a banquet given in the Richmond College Cafeteria. Immediately following the banquet, the Association sponsored a dance in the Richmond Gymnasium, at which, Mike Kent's Collegians furnished the music.

Saturday morning, after another session of discussion groups, there was held a general meeting at which time the delegates were addressed by Dean Henry Gratton Doyle, Grand Secretary of Phi Delta Epsilon. He also awarded the prizes to the winners in the competition. After this meeting, the convention adjourned.

On Saturday afternoon, the delegates were provided with free admission to see the Richmond-Randolph-Macon game at the Richmond Stadium.

The convention was also addressed by John Denson, Managing Editor of the Richmond Times Dispatch, William S. Lucy, Jr., City Editor of the Charlottesville "Daily Progress," and Elmer Riehton of the Harrison MacDonald Company.

Representatives from William and Mary were, from the Colonial Echo: Barrett Roberts, Editor; from the Literary Magazine: John Wainner, Business Manager, and Donald Gordon, Associate Editor; from the Flay Hat: Joseph Cardillo, Jr., Editor, and John A. Mapp, Associate Editor.
